CAPTAIN JEREMIAH HATCH MURRAY

Who along with his two wives, Karen Maria Neilson and Mary Ashby came with their children to the Ashley Valley, to tame the wilderness in order to live their religion and raise their families. The sons were taught at an early age to till the fertile soil and raise good crops and live stock. They built good brick homes for their families. They taught the daughters to be good home makers and loving dutiful wives and mothers.

INTRODUCTION TO THE MURRAY FAMILY HISTORY

The Murray family has been a prominent family in the British Empire and a illustrious and widespread family in the United States, its members having played important roles in the foundation of the Young Republic both in war and in peace. Every Murray has just cause to be proud of their family history and traditions.

In the records of England, Scotland and Ireland is found the following regarding the origin of the name Murray; Murray is amongst the most ancient of any surname in Scotland. Some historians say the Murrays derived their name from a people called Maravii, who came from Germany, and are said to have performed many great exploits in Scotland, in favours of King Corebred I against the Romans. Others are of opinion that they assumed that surname from the country of Murray, where they had large possessions in the early times.

The latter opinion is substantiated in Lower's *Patronymica Britannica* where it is said that, "The founders of the clan of Sutherland settled in the 12th Century in the province of Murref, Moray or Moravia, this area comprises the modern counties of Murray and part of Inverness and Banff where the family for several generations assumed the name of Murref or De Moravia.

The name Murray (Murriay, Murry, O'Murray or O'Murrey) is derived from The Gaelic-Muireadach, meaning a seaman, a mariner, or a Lord. The ancient name was also pronounced Murrach and signifies "Capable."

JEREMIAH HATCH MURRAY

Jeremiah Hatch Murray, son of John Murray and Sarah Bates, was born July 11, 1844 in Lucerne Township, Monroe, County, Michigan.

John Murray came from Scotland in 1831 with the British Army, during the Canadian Border trouble. He soon left the British and joined the Americans. Sarah Bates came from Ireland, year not known. While the family was living in Monroe County, Michigan, Jeremiah Hatch, a Patriarch, came to their home as a Mormon missionary and converted John and Sarah to the Church. When their son was eleven days old, they were baptized, the baby blessed and named, Jeremiah Hatch Murray.

The family then started westward, reaching Salt Lake City after many stops and hardships, in 1852. Jeremiah was a lively, ambitious boy, helping his parents with their gardens and crops. On the sixth day of February, 1863, he married Karen Marie Nielson, a young convert from Denmark. On March 4, 1865 he married Miss Mary Ashby, a convert from England. This was a plural marriage. He then volunteered to go as a missionary to Muddy, Utah (southern Utah) to make a settlement. There in this new settlement he helped to establish a new branch of the Mormon Church.

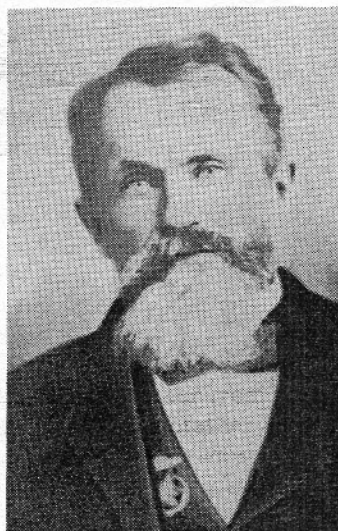

It was in this capacity that the young and adventurous heart of Jeremiah filled with a desire to better the conditions of his people. He performed many duties of the most trying and stirring nature. Surrounded by hostile tribes and in a desert land nearly 200 miles from the nearest source of provisions, he was compelled from time to time to leave his wives and go to Pine Valley for provisions. At times the family had nothing left but green corn. This was grated on the bottom of a tin plate which was made of nail holes, and from this corn they made porridge. Once before he returned the Indians destroyed most of the corn field and many a night the tired family went to bed without supper. While on this trip the men were compelled to corral their horses with their wagons on the Rio Virgin because of the Indians. One night the Indians tried to kill one of their steers with a bow and arrow. This enraged the steer and he gored one of the red men. The other Indians were unable to save him, so Jeremiah and his companions went out into the open with their guns and killed the steer. This saved their lives. It was only one of many instances where his courage made him lasting friends with the Indians.

When he was in danger at one time, he took his wife and baby with him. In the night the Indians drove their horses away. While the other men were hunting for them, he stayed in camp. He was watching and he saw two Indians coming so he hid his wife and baby under the bed in the bottom of the wagon and hid in the rocks. The Indians looked all over the wagon and then went on without bothering a thing.

In 1866 Jeremiah, now called Jerry for short, returned with his family to Spanish Fork. He served as picket guard in the Black Hawk trouble under Captain William McKee in 1881. He, with Bill Warren and John Beck, contracted and furnished the ties and telegraph poles for the Denver and Rio Grande Railroad when it first went from Price down Spanish Fork Canyon. In the fall of 1886 he left his home and friends and moved to Ashley Valley, Uintah County, Utah. On reaching there, he took up a large

amount of land and began farming. One farm was at Jensen, Utah, where he built a large brick house for his first wife and family. He then took up some land in the Maeser Ward and built another large, brick house for the second wife and family. He owned and operated one of the first threshing machines in the valley. He was a lover of good horses and owned many of them. He was always a full giver to help the poor and donations for church activities. He and his good wife (the first wife had died) Mary, made a home for many motherless children. He was a great fruit raiser and used to make molasses and sell it by the five-gallon wooden buckets. He died at his home in Maeser, Sunday, September 5, 1909.

He was the father of 18 living children, nine by each wife. His family were all ambitious and full of the pioneer spirit. One of his mottoes was, "You can always tell a man by his chips."

Karen Maria Nilsson

KAREN MARIA NIELSEN MURRAY

Karen Maria Nielsen, born Jan. 3, 1846 in Rusgaard Hjorring Amptt, Denmark, daughter of Niels Christian Nielsen and Karen Sophia Ericksen. Karen Maria was the fourth child of a family of nine children all born in Denmark.

Upn hearing the teaching of the gospel of Jesus Christ of Latter-day Saints the family embraced it and left their native homeland to make their new home in America with the main body of saints under the direction of Elder Knud Peterson who had just completed a mission in Norway. They started their journey from Copenhagen, Denmark on November 20, 1855 in cold overcast weather with 447 saints aboard the Steamship "Ivan" when they arrived in England they were joined by 42 British and 30 Italians making 508 saints and boarded the John J. Boyd Steam ship, they ran into high winds and rough weather they suffered many hardships after fifteen months of much sickness and hunger two fires which destroyed much of their possessions and 30 deaths and burials at sea, they arrived February 15, 1856 in St. Louis Missouri.

Shortly after arriving in America Karen Maria's father

died of Cholera as did many others and was buried in St. Louis. The Saints left St. Louis with the Mortain Lund Co. and traveled up the Missouri River to Florance, Nebraska. From there little Karen Maria and the other children walked along with their mother the entire distance to Salt Lake City. Karen at this time was 11 years old with the Christian Christensen Hand Cart company consisting of three wagons and 11 mules.

Great-grandmother pushed her hand cart and all her belongings and brought seven little fatherless children and came gallantly on. Two of their oldest children had come to Utah two years earlier with another company of saints and had settled around Fillmore, Utah so they had an urgency to meet with them. As this brief history is being written we have no record of Karen Maria ever seeing her sister and brother after they arrived in Utah. They arrived in Salt Lake on September 13, 1857 and made their home in Spanish Fork, Utah. Karen Maria was baptized in January 1854, and married Jeremiah Hatch Murray February 6, 1863 at the Nielsen home in Spanish Fork by John Murray who at that time was a high priest and was serving the church as secretary to the High Priest Quorum.

Karen and Jeremiah made their home in Lealand, Utah, several years later moved to the Ashley Valley on the East side of the Brush Creek where it emptied into the Greenriver. Here they homesteaded 600 acres and put it into farm land and raised livestock, and a lot of fruit. In a few years they built a nice brick home and raised a family of nine children.

Karen Maria loved her home and her family and always said the "Will and love to work is one of God's greatest gifts". We never had a chance to really know these great ancestors, my father talked to me a lot about his mother, he said she was a small built woman. She was very intelligent, with a great love for music. She was always kind and gentle, a beautiful seamstress and homemaker and he said no one could cook like her so she must have been a good mother. Her main virtue was sharing her faith and her home to the needy. Their door was always open. Her death came while she was doing the family wash. She was scrubbing their clothes on the scrub board she died of heart failure on June 12, 1897.

THIS IS HER OBITUARY:

Died at Jensen, Uintah County, Utah, June 12, 1897 of heart failure, Maria, beloved wife of J.H. Murray. Mrs. Murray was born in Denmark Jan 3, 1846. She joined the Church of Jesus Christ of Latter-day Saints in her native land and emigrated to Utah from Florence Nebraska in the first Hand Cart Company, and ever lived a faithful Latter-day Saint.

Mr. Murray and his nine children all living, have the sympathy of the entire community in their sad bereavement. The funeral services were held in the Mill Ward hall where over 200 or more assembled to listen attentively to the consoling words and impressing remarks from president Collett and Bishop Billings. The body was laid to rest in the Mill Ward cemetery.

Mr. Murray and family desire to return their thanks sincere to all who assisted in any way during the sickness

and death of their beloved one and especially the sisters of the Mill Ward Relief Society who so kindly draped the hall for the occasion and also prepared dinner for those who came with the corpse from Jensen, a journey of nearly 20 miles. (Salt Lake City Papers Please copy).

Racheal Allred Murray

RACHEAL ALLRED MURRAY

History of Racheal Allred Murray, wife of John Murray. Taken from the group sheets in possession of Lee Allred of Neola, Utah on February 5, 1978.

When the Ute Tribe of Indians came through this valley selling papooses they had taken from the conquered tribes they had been fighting, Grandfather Allred bought a little girl from them. Also he had a wife and eight living children of their own as well as two motherless grandchildren.

Their hearts were big enough to take on the extra responsibilities of the Indian baby, else the Indians planned to kill their captives as they could not feed them over the winter. This little girl was raised as one of their own and she was sealed to them in the house of the Lord. The white family learned to love this child and as she grew up, she was great help in the home and loved them too. Racheal was the name they gave her and Christmas was her birthday.

She later married a white man named John Murray and they were married in the endowment house. They raised a large family to whom they taught the gospel and they were called as missionaries among the Indians.

Racheal was an Indian child adopted and raised by Rueben Warren Allred, a blacksmith, and Lucy Ann Butler Allred. Rueben Warren Allred was born November 18, 1815 in Bedford Co. Tennessee. He died Oct. 6, 1896 in Spring City Sanpete County, Utah. His wife Lucy Ann Butler, was born Aug. 6, 1914 in Simpson Co., Kentucky. She died Dec. 16, 1884 in the Desert, Millard, Utah.

Rachel Allred adopted, show where born 1847 in Springville, Utah, Utah. She married John Murray Jr. Rachel Allred Murray died May 5, 1894. Rachel was baptized Aug. 29, 1867. It also shows a date 1856 underneath. Her endowment work was done May 3, 1869.

CHANCE TO MEET

It's great how people chance to meet
at a bank, a store or on the street,
You talk a while and then you find
That you are thinking, I like that guy,
I didn't get his name, can't figure out why,
You think some times how dumb can you be,
You shrug your shoulders "old stupid me."

So get the address, if the name isn't clear
Say "I beg your pardon I didn't quite hear,"
You learn the name and then right away
You have another friend to fill out your day
Maybe by some chance or fate
You will be passing by their gate,
or maybe give their phone a ring
A new made friend is a precious thing

In Vernon, Jerry was engaged in shearing and herding sheep for Adam S. Sharp.

Jerry and family later moved to Jensen, Utah, where he was engaged in farming. Edith, their daughter, passed away from pneumonia. Christine Murray, being so sad,

wanted to move. This time, they went to Camp Floyd, Utah, where he was in the mercantile and meat market. Here he furnished supplies to the Mercer railroad, which was then being built. He also had a store and market in Sunshine, Tooele County, Utah, where Jerry had a thriving meat and grocery business.

With the opening of the Uintah Reservation in 1905, Jerry moved his family to Vernal, Utah, where they spent the winter. Then, in the spring of 1906, they made their move, this time to his homestead, three miles east of Roosevelt, where he was engaged in farming and stock raising. Jerry was an active member of the LDS Church, being a ward teacher and a good tithe payer.

He also took an active part in civic work. He promoted the first school at Wilson, which is now known as Ballard Ward. He donated the ground, helped build the first school house, and was a trustee. Who paid the teachers their salaries? The trustees.

He was a road supervisor on the first road from Roosevelt to Fort Duchesne, and was foreman on the class H. Canal from start to finish. He worked on many other projects which helped to build up the Uintah Basin, bringing in the first threshing machine to the vicinity.

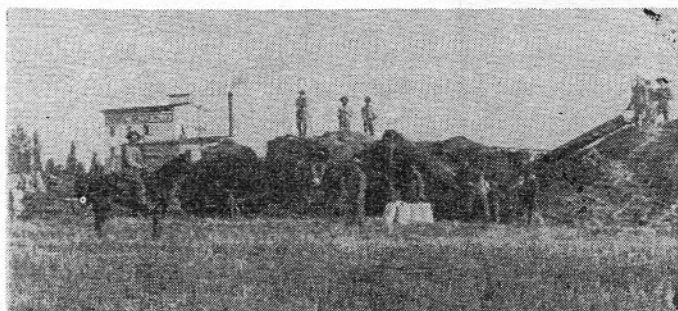

On January 28, 1938, Jerry and Christina's marriage was solemnized in the Salt Lake Temple. He was the hard shelled type, underneath was concealed a tender heart and a charitable one. He passed away November 1, 1949. Christina passed away April 4, 1952. She was born November 19, 1865.

ELDA ELIZABETH MURRAY CALVERT

Elda Elizabeth Murray Calvert, born March 25, 1884, to Jeremiah and Christine Elizabeth Nilsson Murray, at Vernon, Tooele Co., Utah.

She was the first blessing to gladden the Murray home. Elda helped raise the rest of the family of nine, and for eight years was very happy with the companionship of her sister Edith who contracted whooping cough at the tender age of six years. Elda missed her sister very much and remembered how sad and frightened she was when the dirt was put in over the little box where her little sister lay, she spent many lonely days after that.

Later her parents moved to Camp Floyd where they operated a feed lot for the freighters. Elda helped keep it clean and hated sweeping out the chips and straw that was

Jerry Murray's Thrashing Machine and crew at Harvest time.

left on the floor. In 1905 the family moved to the Uintah Basin, and slept in a wagon box for a bedroom, and learned to ride a horse.

She got a job working for the Merrimans, who operated a store at Whiterocks, the Indian headquarters at that time. She met Cecil Calvert (one of the surveyors.) On Oct. 31, 1906 they rode horse back to Vernal, Utah to be married, they had four children, Cecil Murray, Wilma Margary, Haden Victor, and Myron Julius.

She clerked in stores all her married life. Elda was a hard worker, fun lover and generous to a fault. She made beautiful handwork until her eyesight failed her in later years. Elda died June 12, 1967 at Taft California, where she had lived since 1928. She was a devoted sister and mother.

Julius Guy and Edna Curtis Murray

JULIUS GUY MURRAY

Julius Guy Murray, born in a log cabin with a dirt roof and floor on the bank of the Green River, in Jensen, Uintah County, Utah, on July 3, 1890, to Jeremiah and Christine Elizabeth Nelson.

I remember cause I was there. What a commotion when they saw I was a boy as two girls proceeded me. I was Christened and Blessed in the Church of Jesus Christ of Latter-day Saints. We moved to Fairfield Utah, then called Camp Floyd. My father was in the mercantile business and also delivered meat to the Sunshine Mines.

I began my schooling at age six and my brother Vernon Lester was born about this time we moved to Sandy. My father engaged in the butcher business. I finished the seventh grade and my sister Vivian Adella was born here. We had a five room house and seven acres of land which cost seven hundred dollars. We raised a garden, hay for the two cows and four horses, pigs for meat, and chickens, pigeons and rabbits. I went job hunting, and got one with a Mr. Goff, a hard working man.

We put in long hours, plowing, harrowing, planting, choring, irrigating day and night, feeding and grooming livestock. My pay was ten dollars a month and keep. He taught me a lot of responsibilities, and I observed the

Sabbath with this Mormon family. They lived good, clean lives.

I was raised in the Mormon Church, went to Church with my mother, and met my first girl friend and took her home from Mutual one night and my father wouldn't let me have the horse and buggy, that ended my romance.

Spring 1905, Uintah Reservation was opened for white people to enter. My father and older sister Elda, filed for a hundred and sixty acres each, and drew for the lucky number.

With two cows, two teams, two new wagons and new harnesses and a few chickens we started for the Reservation. We had sold our home for one thousand dollars and we had bought one team that was wild and had to be broken. We traveled to Daniels and stayed there for about a month. We took seven days from Daniels to Vernal and arrived there in time to help with the harvest, working on my grandfathers threshing machine, with my uncle Hatch, uncle Bill and uncle Johnny Moyes.

My father was separator man, uncle Bill and Johnny fed the grain and I hauled the water. This was a lot of fun and we worked until Christmas. I went to the Maeser school next term. In the spring we moved to our place on the Reservation arriving on Easter Sunday and pitched our tent (the first on the reservation).

My father and I brought timber from the mountains to build a house, by fall we had a one room house with a dirt roof and floor. We used small cotton wood trees for the lagging on the roof and put burlap sacks on top of them to cover the cracks so the dirt wouldn't fall through, believe me that little cabin was warm.

I rode to Roosevelt horseback that winter to school. Roosevelt, a small new town, was three miles from our farm, and I finished the eighth grade. That spring with team and slip scaper we helped make a canal from the Uintah river to get water for our farms, we called it the Harding Canal, and it took two years to build it.

We hauled freight ninety miles from Price in the winters. Price was the nearest railroad point and it took eighteen to twenty days to make the trip. This was our only resource for making any money to live on and care for our families. We started clearing our land for farming in ten acre plots, and soon had our land under cultivation. To make our ditches we plowed two furrows and then made a triangle out of two 2x12 planks one side shorter than the other. We pulled this up and down the two furrows making a deep ditch.

I hauled a load of wood for Mrs. Shurtliff, who owned the hotel and received three dollars for it. I took it out in meals and took my girl to supper during intermission at the dance. I saw a new girl and told my pal that I was going to marry her. I thought she was the most beautiful girl that I had ever seen, and I still do.

Eventually I asked her to marry me and she accepted the challenge. I dashed to C.C. Larsons Store and bought a plain gold band ring. A short time later we went to Vernal and, stayed over night with my Aunt Mary Merkley, and next day, December 24, 1910, we were married by Don B. Colton. My cousin Murray Merkley

and his wife Retta, who was Edna's cousin witnessed our wedding.

On October 25, 1911, our darling baby girl was born, such a lovely little girl, and she still is. We named her Marell. When she was a year old we went to the Manti Temple and were sealed to one another for time and eternity. We went along with Edna's parents and camped along the way coming and going, it was a joyous time for all of us.

June 21, 1914 we had another sweet baby girl who we named Bernice. God didn't let us keep her very long, she died February 10, 1915, from whooping cough, we were very sad and heart broken.

Then August 28, 1916 we were blessed with a son. Oh he was the only boy in the world, and we named him Curtis J. and last but not least, our little blue eyed baby Evelyn (Mickey) was born March 4, 1919. The neighbor would ask where she got her blue eyes and she answered out of the sky as I came by.

We lived in Bingham and Copperton for several years and by now the children had all married and we were by ourselves. We went to Riverside Calif. and went into the chicken business, and we went broke, lost every nickle and dollar we had. So Guy got a job at Serhman Inst. in Riverside. It is a school for Indian children, and an Indian gave us an eleven year old daughter whose mother had a terminal illness. Her name is Hope, and she is a beautiful girl. She is now twenty three years old, and has been with us for twelve years and we love her dearly.

We are thinking of selling our home, and if we do sell it we are not sure of where we will go to live, but our thoughts go back to Utah where our two daughters and families are.

EVELYN MURRAY PRIANO

Evelyn Murray Priano, born to Julius Guy and Edna Curtis Murray, at Roosevelt Utah, March 4, 1919.

When I was two years old, we moved from Roosevelt and lived in Bingham and Copperton. I graduated from Bingham High in 1937. Our vacation of the year was a trip out to Roosevelt to see my Grandparents Jeremiah and Christine Murray. The trip took all day and the cars traveled slow. The roads were poor and crooked. Mamma always fixed us a lunch to eat on the way, but we were so impatient, it was a long day.

Evelyn, Katherine, Dominic Priano Dee J. gn, dau. Shelly.

I was always anxious to see my grandparents, they were so kind and dear. I loved Grandpa's mustache. His lips would curl and his eyes would twinkle as he told me stories. Grandma had long, silvery hair that she wore on top of her head in a bun. A good cook, her baking powder biscuits with home made butter and honey were delicious.

I married Dominic Priano Nov. 26, 1937 at Salt Lake City, Utah. We met at a dance in Bingham Canyon, Utah. We have two children, a daughter Katherine, born Dec. 6, 1941. Katherine married B. Nemanic in Salt Lake March 18, 1961, by my Father Julius Guy Murray.

Katherine and Edward gave us three granddaughters, Shelley, born July 13, 1962. Lelah, born July 19, 1967. Elaine born March 19, 1971.

Our son Dee J., born Aug. 11, 1945. He married Sandra Driggs, in Sandy, Utah, November 5, 1965 and they gave us two grandsons, Joe Domenic, born June 15, 1966, and Jason Dee born Dec. 19, 1968.

Domenic and I had our marriage sealed September 26, 1978 at the Salt Lake Temple.

PAULINE RAE MURRAY

Pauline Rae Murray, born to Curtis and Phyllis Reid Murray, December 3, 1937 in Salt Lake City, Utah.

We lived in Sandy when I was a little girl and there my younger sister was born. Her name is Bernice Sylvia Murray. I was baptized by my Grandpa Julius Guy Murray in Sandy Utah. We moved to California shortly after my father came home from the war when I was nine years old. I attended Glen Avon Elementary School and Central Jr. High and PLY High School.

In my senior year in high school I started dating Chuck Marshall and the summer after I graduated we became engaged. We knew it would be a long engagement because he was not a member of the church. That fall we both attended Brigham Young University and in November of that year Chuck was baptized. That summer we both went home and worked and waited for our year of membership to be up so we could be married in the Temple.

On December 20, 1957 we were married in the Los Angeles Temple. Chuck continued his education and I went to work on my P.H.T. (putting Hubby Through) at the telephone company.

Chuck graduated from Brigham Young University in 1960 with a wife and dependents; Cynthia Sue Marshall

and Sherie Lynn Marshall. He accepted employment with the San Bernardino County Probation Dept. Connie ReNee Marshall, Kimberly Kay Marshall, Richard Charles Marshall, and Wendy Lee Marshall were all born in San Bernardino California.

Chuck died April 3, 1973 from complications of open heart surgery. The family consisting of six children and myself moved to Utah. I married Gale L. Kresser Sept. 17, 1973 and we now reside in Sandy Utah. It is nice to live near my family, parents in Holliday and my young sister Christine in Salt Lake City.

BERNICE SYLVIA MURRAY EDDENFIELD

Bernice Sylvia Murray Eddenfield, born May 22, 1940, to Curtis J. and Phyllis Reid Murray, at Murray, Salt Lake County, Utah, married March 28, 1959 in the Los Angeles Temple and sealed for time and all Eternity by President Bowering.

We lived in Riverside, Calif. in a little Apartment house. I worked for the Pacific Telephone Co. as an information operator, and Leroy was stationed at March Air Force Base as a weapons fusing system Specialist. After his discharge we moved to Sacramento Calif.

At first we lived in a little house in the neighborhood where LeRoy grew up. LeRoy worked the swing shift driving a fork lift at Campbell Soup Co. After three months we bought a 8 x 45 foot trailer home. We parked it on LeRoy's parents property, where we had our first child, Shelly.

And there we sat for a year and a half, suffering growing pains.

We then moved to a trailer park and stayed for three months before we found our family was increasing again. For some strange reason, the wall of the trailer seemed to move in and things got a bit small looking, and I wanted a house. We found a nice new three bedroom place, sold the trailer and moved in. Sandra, Brett and Melissa were born here. We moved again to our present home, where number five Scott was born.

We are remodeling, as we outgrew what we had, but do not want to move. LeRoy is a seventy and has been the Seminary teacher for the past six years. For a living he is a Foreman electrician and I am a home economic engineer with Eddinfield and Eddenfield Inc. I am also the ward organist and the stake Sunday School Senior music director.

Shelly is the Laurel President, a junior in high school, and kept very busy with the two jobs. Sandra is a freshman and a songster and anything else she can get involved with. Next year she is head songster for the junior varsity. Brett is in the eighth grade and in concert band playing the clarinet. He has discovered girls and his sisters say that the girls have noticed him too. Melissa, eleven, plays piano and tap dances and tries to be as big as her sisters, Scott nine can't be bothered with trivial things. Spends his time with reading and drawing, he is the only one of the family that doesn't play the piano — yet. Our family loves camping, fishing, motorcycles, singing, dancing, just doing things together.

VERNON LESTER MURRAY

Vernon Lester Murray, son of Jeremiah and Christine Elizabeth Nilson Murray, born Oct. 10, 1893 at Vernon Tooele County, Utah.

At an early age we moved to Sandy City where I got most of my education, the remainder I got from the school of hard knocks. Being younger than brother Guy, I was always left at home to chore and help Mother, with the rest of the family, and was a sort of life guard, since we had moved to the Uintah Basin (Reservation) in 1906. The Indians roamed and often frightened our family including Me.

I was thirteen years old and though we were boys we did a man's work. We pioneered. Guy and myself went to the local dances in Roosevelt. We had good times and sometimes got into a fight. I was a good dancer and loved to dance. We attended Sunday School too. I always had a good riding horse, learned to farm and brand cattle.

When about eighteen I went to work for Preston Nutter a cattle king living at Nine Mile Canyon. A real cowboy rounding up the cattle and broke many broncos for Mister Nutter, a good life and a hard one. In 1918 I got another cow punching job and had influenza bad. I laid in bed sixteen days and a man came and cared for me. I didn't know him and when I was well I never saw him again and no one else saw him.

Another time while working for the power company I was prompted to not cut that line, the current was supposedly off, it was not. I worked for the Union Pacific driving six-horses on two big wagons loaded with Gilsonite along White River between Vernal and Meeker Colo. The Ferry was jammed with ice I drove across, they had told me the ice wouldn't hold my load but it did and I started a road across the river.

I met and married LaVon Caldwell in Vernal, Utah, May 25, 1915. We had three children, Carl Vernon, Helen Mar, Kenneth Max.

Besides farming, I spent the remainder of my life as Mechanic, took a correspondent course to learn it and had my own Garage in Roosevelt Utah, and later in Salt Lake City. LaVon passed away Dec. 12, 1972. I live alone and have a few rentals at age 87 years. I have had two strokes, but I am getting along quite well.

MILDRED VIOLA MURRAY WILKINS

Mildred Viola Murray Wilkins, born March 24, 1900 to Jeremiah and Christine Elizabeth Nilsson Murray, in Sandy, Salt Lake County, Utah.

I was delivered with the aid of a Midwife and the sixth child in a family of nine. My first five years were spent in Sandy, on a five acre farm in a five room house surrounded by lawn, flowers and neighbors. Here is where I survived the Whooping Cough, that which had taken the life of Edith some years earlier. When a coughing spasm occurred I would pass out and the Doctor told my mother to put a spoon handle or anything handy between my teeth so I wouldn't choke to death. Nothing was handy so she forced her finger into my mouth and I nearly bit it off, I also fell from the baby buggy while I was in one of those spasms.

At the opening of the Reservation, my parents moved to Roosevelt Utah and filed on some land. We really pioneered for a while. The wind blew, the sand flew, and though a little girl I hated it. I rode three and a half miles horse back to high school. The winters were very cold, often thirty degrees below zero.

I took a nursing training course at the local hospital under Dr. J.E. Morton. During the flu epidemic I was called to Vernal Utah where I nursed some eight persons back to life. Many sorrowing experiences.

I met my husband, Ormon LaMond Wilkins. He came to see his mother and baby brother. We were married Nov. 12, 1919 in Vernal Utah, later solemnized in the Logan Temple of the Church of Jesus Christ of Latter-day Saints. We are the parents of six children Keith Murray, Jerry Max, Cody Lamond, Nola Myrl and Kendyl Ormon.

Glenna Fern Wilkins Cooper, our first blessing, was taken from us the day before Thanksgiving, 1979, at age 58 years, from cancer. A beautiful spirit, and many talents.

I have served as President, secretary and visiting teacher and teacher supervisor, in Relief Society. Secretary for five years, and sports director for MIA. Wrote three scripts for MIA road shows and took first place. Primary teacher and wrote script for Primary Conference in 1941. Captain for Daughters of Utah Pioneers for eight years, also as vice captain. Our children celebrated my eightieth birthday March 24, 1980 with open house, lovely.

RUBBING SHOULDERS WITH SAGE

It was when the place (Roosevelt) was a desert and the blow-sand in the wind did rage, those were the days of toil and sweat and people rubbed shoulders with sage.

I know I will never fly by plane, but I can harness and drive a team, I'm glad I know how to separate the blue jón from the cream. With the old dashêr churn I could churn the butter and mold it neat an square, I remember when our Ma's butter took first prize at the County Fair.

I'm glad I experienced the kerosene lamp, the chugger and washboard and No. 3 tub, the coal and wood stove in the kitchen, in the front room the organ and striped rug.

I'm proud that I know what a slip knot is and that I can milk a cow, can mix and bake some home-made bread and make cucumbers into chow. I remember the rustic two-holer, with leather hinges to hold the door, and the sky for the roof and in winter we swept snow from the seat and the floor. There was childish writing upon the walls and for tissue an old catalog page. Our kids of today would not know what they've missed cause they never rubbed shoulders with sage.

My memories are fond of the Fourth of July, we most always got a new dress. The Sleeves were not short and neck wasn't low, but we loved them never the less. They were trimmed with ruffles, all edged with lace, and with stove irons carefully pressed. Ma sat and sewed at the treadle machine till she had us looking our best. At home we went barefoot and was sun tanned but was happy at that tender age. Times have changed since then, thanks to progress, but I'm glad I rubbed shoulders with sage.

Oh! what a priceless heritage was our old mom and dad, they knew how to manage and got along with the few things they had. It must of taxed their faith and courage when Indians were on the rampage. I think my folks were the salt of the earth and we all rubbed shoulders with sage.

Gone now is the Indian with his long braids of hair, his soft-beaded moccasins and his high-crowned Sombreb (hat), his squaw with her warm and colorful shawl, while her tresses so black around her shoulders did fall. Her baby a papoose in that day and age, I'm glad I was there and rubbed shoulders with sage.

GLENNA FERN WILKINS COOPER

Glenna Fern Wilkins Cooper, born Nov. 10, 1921 to Ormond La Mond and Mildred Viola Murray Wilkins at Uintah Basin Hospital, Roosevelt Duchesne Co. Utah.

At age five she sang with other children that surrounded her grandmother Christine Murray the shining star of the Primary conference. The theme was Earth with her ten thousand flowers, a beautiful arrangement. Her early schooling was at Roosevelt riding the school bus from home three miles south of town.

At age ten she was ill with a rheumatic heart and it was advised that she be taken to a lower and warmer climate. First her tonsils were removed by Dr. Rich at Vernal with Jane Murry assisting. Her parents moved to Southern Utah, Washington County, Utah. She improved rapidly.

A cheerful child, she made many friends, was active in drama at school and church, loved flowers and outdoor sports. She learned to ride horses well.

Graduated from Dixie High School and married Evan E. Cooper on October 11, 1938 in St. George, Utah. The marriage was later solemnized in the St. George temple.

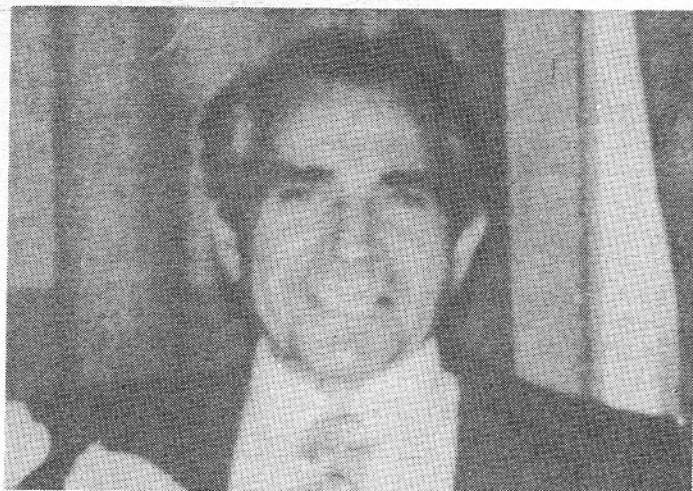

Evan and Glenna Wilkins Cooper.

A telephone operator, and nursing home, active in church as Relief Society work director, and lesson leader, with her pioneer spirit she inherited she to make cheese and was called by several other wards to teach cheese making and also soap. She was primary president, directed MIA plays and road shows. Captain and vice captain in the Daughters of Utah Pioneers, sewed for five daughters.

She had open heart surgery November 8, 1974, and bounced back for four more years. Stricken with cancer, traveled to Greece for recommended help, but passed away November 20, 1979 at home. A speaker at the service stated, "She was known by many and loved by all." The stake chapel was filled to standing room only capacity.

Five daughters remain: Margaret Fern, Evenna Gale, Callie Naomi, Carma Christine, Nola Vee.

She was an adorable grandmother to fifteen.

KEITH MURRAY WILKINS

Keith Murray Wilkins arrived June 1, 1923 at the home of Ormon LaMond and Mildred Viola Murray Wilkins, in Murray, Salt Lake County, Utah.

My earliest schooling was at Taft Calif. in the kindergarten, then we moved to Murray Utah, still in the kindergarten. During an epidemic of Meningitis and Polio, mom sewed a nutmeg and a bit of asafetidis in a small bag and hung it around my neck so the bag would fall in the hollow under my chin. Old wives tales? Maybe, but people were desperate and anyway, we didn't get it. Some of my playmates were taken home sick and never came back again.

We spent in Roosevelt always on a farm and like all farm boys I learned to herd and milk cows. It was the year of the depression and we were thankful we had cows to milk and a home. My sister Glenna and me walked a half mile to catch the school bus. The winter was cold and the snow was deep, one morning she hurried on ahead of me to tell the driver I was back on the road, so he came to meet me and picked me up.

Because of Glenna's illness we moved to Utah's Dixie Washington, Utah where the climate is warmer. I learned to swim in the Washington field canal and the warm spring. I finished elementary school at Washington, then Dixie High in St. George.

I graduated the same time as my brother Jerry. I also graduated from four years Seminary, and went to Tech school in Provo to learn carpentry and became a cabinet maker.

I met and married Rhea Stock in the St. George Temple, March 23, 1943. I enlisted in the Army and shipped to Korea later hospitalized where I discovered I could paint. I filled many church jobs, still do.

Rhea and I became divorced. Two years later I married Laurel Watson Scott. I am a supervisor for the Zions National Park Service where we live. Besides painting I like writing poetry. We have seven children from first marriage. Marilyn, Chad, Patsy and Peggy twins, Nola, Hope, Jack and Jill, twins.

JERRY MAX WILKINS

Jerry Max Wilkins, born December 29, 1924, to Orman LaMond and Mildred Viola Murray Wilkins, in Roosevelt Duchesne Co. Utah.

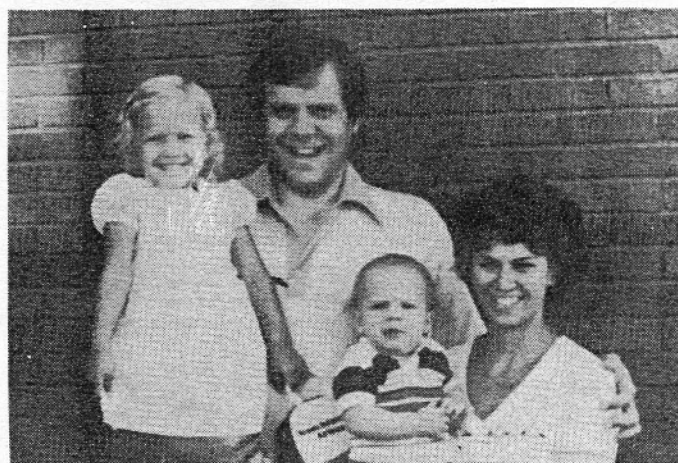

When I was born my folks immediately cut a hole in the ice in the water trough, at grampa Murray's place, and dropped me in. I came up for air, and they kept me.

I grew up on the farm doing the usual chores plowing and hauling hay etc. Started first grade school in the Ballard School house across from the Chapel. The farm was not too nice, but it's been close to my heart as a wonderful place, hunting snakes and coyotes, herded cows. When I was six years old we moved to Washington Utah, Keith and Glenna were too punie for the Uintah Basin climate, but Dixie was nice and warm and they both did well there.

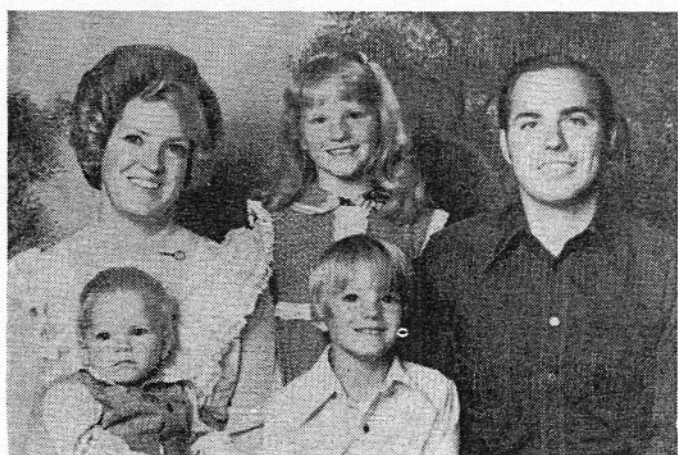

We moved to St. George when I was about eight years old. The depression was on, W.P.A. was in. My father worked at this for one and one half years building outdoor toilets. Then we moved to the Fastel Farm, two hundred and fifty acres, farming a hundred acres and pasturing the rest. We all worked hard on this ranch,

Jerry Max and Kathleen Wilkins.

Shannon, Craig, David, Jerry, Lee Nielson

Lindsay Kaye, Diana, Keith, Brian, Kevin Larson

Keith and I rode three miles horse back to Washington and caught the bus that took us to St. George, to school. There was a Federal program that gave each of us three to four dollars if we lived more than three from school, and we qualified.

When I was fifteen we bought a city lot in St. George, and we built a home. About this time I noticed the difference between boys and girls and made friends with a pretty little girl from Ivans Utah. After a while we became real friends. I promised her in our graduation year book that I would come back from the war and marry her.

In October 1943 I went into the U.S. Army as a telephone line man, in a Railroad Battalion. It was the Railroad Telephonic system that ran the War Communication. And that made the first telephone connection to the Continental Oceanic Cable from Europe to the U.S.A. A proud day for me, and the Railroad Platoon.

After what seemed like a life time I came home. Still single, I dated several of the girls, but when Kathie came along I finally nailed her on the 14th of April, 1949. In the next nine years we lived in three different states and Kathy gave me five darling children. They are all married and have given us ten grandkids. They all look like their grandfather. (Beautiful children!)

Me and my two sons own a Truck Topper Mfg. Co. with factories in four states.

CODY LAMOND WILKINS

Cody Lamond Wilkins, born December 23, 1930 to Ormon LaMond and Mildred Viola Murray Wilkins, at Roosevelt Utah with Dr. D.P. Whitmore attending.

Two years after my birth we moved to Washington, Utah, and I grew up on the farm and rode the range on the Arizona strip with my father. I loved to play with frogs and toads, make houses in the sand for them, and corral for them. I liked to sit in the warm spring ditch that ran by our house, my Dashound was always with me. Later I learned to swim in the Washington canal with my brothers Keith and Jerry.

Time marches on, and I graduated from Dixie High,

Cody LaMond Wilkins Family.

met and married Clara Jones, daughter of Ella Duncan and Whitney Jones November 27, 1950. The following month I sailed for Korea along with the national guard. I spent nearly two years in that war, served as Corporal with a dozen men under my command. Many times in combat and many times narrowly escaped being blown up, and always scared.

On returning home we lived in Salt Lake City, Utah, where I attended Barber College. We have five children, Cody Kelly, Floyd Jones, Wendelyn, Phyllis, and Ruth.

All are married but Ruth who is attending College.

We have two grandchildren and two adopted, we live in Henderson Nevada, where I have been the ward Finance Clerk for seven years, been chorister for Sunday School and still am. Recently ordained a High Priest and High Priest group leader. All are active in LDS Church, Clara is baker for school lunch service, and I am Supervisor for the National park service at Mead Lake.

Mildred Viola, Vivian Adella Murray.

NOLA MYRL WILKINS BEECROFT

Nola Myrl Watkins Beecroft, born to Ormon LaMond and Mildred Viola Murray Wilkins, Feb. 20, 1936, at St. George Utah.

I married Miles David Beecroft Dec. 12, 1958, in the home of Uncle Ralph and Aunt Helen Murray on Vine Street, Murray Utah, a reception was there in our honor.

I received my first schooling in St. George, and learned to ride a horse at six and rode in the city's homecoming parade at that age. I rode up front with the dignitaries. I was the pitcher on the girls baseball team I

played with Shamrocks and won the game. They asked me to play on their team and I declined. They looked too tough for me.

I love to sing and have given readings. "White Lilacs" was my favorite. I was organist for the Junior Sunday School and took several prizes singing and playing my blonde guitar. I sang with a friend Wilma Stocking and we both picked Ukes and sang comedy numbers to ward socials and to prominent clubs and banquets in the Hotel Utah, the New House and others.

I teach, am active in Relief Society, and am the organist for the Sunday School. David and I love to landscape and improve our beautiful home at Lehi Utah. I have worked for an Optometrist, Strevell Patterson for five years, and Garret Freight lines for higher wages as receptionist, ten years.

When our third baby came, being a good mother meant more to us, and we are getting along as well. We now have three boys and they have a lovely sister. They are: Douglas LaMont, Tod Miles, John David, and Kimberly.

KENDYL ORMON WILKINS

Kendyl Ormon Wilkins, born Aug. 19, 1941 to Ormon LaMond and Mildred Viola Murray Wilkins, at the McGregor hospital in St. George, Utah.

I survived Whooping cough at months old. At four years old went to the swimming pool with the family members and stayed under the shower in the shallow pool and they would have to drag me out to go home at night. Later I could go over by myself and my mother would give me money to pay my way, but I lost it so many times the Life Guard told me to forget it and he never charged me anymore.

I started to school in the basement of the St. George Library. My first friend there was an Indian boy named Melton. My parents moved to Washington five miles east of St. George. I didn't like it as well and a big kid bullied me. I told my mother and she talked to him and it helped. I had been scared to walk past his place.

We moved again to Murray Utah and at eleven years of age I attended the Arlington School and later graduated from there. I learned to play the accordian. This was a joy to my mother. Seven years later we moved to Mayfield, Utah on a big cattle ranch. We loved it there.

I attended Snow College at Ephraim Utah, met and married Carla Jean Hansen, and at present we have four children. I am first counselor in the Bishopric, bought and paid for our first home, a two story four bedroom house, sold it, and built most of a new and larger home.

I enjoy working in the forest and fighting forest fires. I'm a member of the Ambulance Association and take the ambulance to any emergency.

I teach school in Salina, Utah.

DOUGLAS JEREMIAH MURRAY

Douglas Jeremiah Murray, born to Jeremiah and Christine Elizabeth Nilson Murray, December 8, 1904 in

Douglas Jeremiah and Erdria Lloyd Murray.

Sandy, Salt Lake City, Utah.

Married March 21, 1925, Erdria Lloyd, born September 21, 1908 in Panquitch Garfield County, Utah. A lovely daughter blessed this home on March 21, 1929. They named her Christina Elaine.

When Douglas was a baby, his family packed their belongings into a covered wagon and headed to the Uintah Basin to homestead land. Because of the hostile Indians they were stopped by the Army at Daniels Canyon for several weeks before they were allowed to go on.

Douglas started school in the old Wilson school house, later called Ballard School. The boys would stay out of a school in the late fall and again in the early spring, and they missed a great deal of school. In spite of that, Douglas was a studious, well educated man.

Douglas and wife Erdria started their married life in Taft Calif. in the oil fields, but home sickness overcame them and they returned to Roosevelt and farmed and raised Cattle.

In 1939 they moved to the Salt Lake area, worked at Kennecott Copper, and at Mill Creek as a forest ranger. He joined the Home Guard in World War II, stationed at Fort Douglas, and was guard at Kennecott for two years, and made the rank of Corporal.

Douglas moved his family to Helper, Utah and worked for the Rail Road as car inspector. In 1953 he moved to Salt Lake and worked for the county roads and bridges until his death on July 25, 1960.

Douglas, a kind loving person, couldn't see any creature hurt or mistreated, never found fault in people, and only saw the good points. He always said if you can't say something good don't say anything at all.

RALPH NELSON MURRAY, SR.

Ralph Nelson Murray, Sr., born September 24, 1907 to Jeremiah and Christina Elizabeth Nelson Murray, in Roosevelt, Utah, on the Uintah Reservation.

The land was opened up for homesteading for white settlers, and that was why my parents were there. I was the first white child born in Roosevelt, being their eighth child. Some say I was born in a covered wagon, others say it was a one room log cabin, just finished, the timber still green. I caught pneumonia and was not expected to live, so I was blessed at home.

Dad, a school district superintendent, donated an acre or two of land at the lower end of his property for a school house, a one room school house with one teacher for the first through the eighth grade. It was called the Ballard School.

Dad sold the place east of town, in 1920, and we moved into Roosevelt. In Nov. 1928, I left the farm and went to Calif. to work in the oil fields. Instead I started selling automobiles at Overlands and Willy Knight's. I returned to Utah and sold Chevrolets for Erwin Motor Company in Murray, Utah. They sold out to Cannon-Ashton Chevrolet Co. in 1935.

I met my wife in 1936 and we were married two months later. The marriage was solemnized in the Salt Lake LDS Temple in 1950. We have three children, Ralph

Clyde always managed to have a job if there was one.

We loved living close to Grandpa and Grandma Murray, Jerry and Christine.

They loved and enjoyed our children and we loved them and spent many happy hours with them. They were real pioneers.

Clyde attended school at Ballard and then Roosevelt up to the Eighth Grade. From there he schooled his self studying at home.

Clyde is a Rancher, Cattle Man, A Successful Business Man, and is the owner of Murray Motor Co.

We have 25 grandchildren and 17 great-grandchildren.

Gail Richard (Nick) Murray

GAIL RICHARD "NICK" MURRAY

Gail Richard "Nick" Murray, born May 29, 1932, to Clyde Richard and Erna Estelle Wall Murray, at Vernal Uintah Utah. Delivered by Dr. Pauline, at Grandma Pueblo's.

Mom had spent a month at her Mother's waiting for her first baby's birth. Being oldest in a family of six living children, he carried most of the responsibilities and heavy loads. He was taught to work at Dad's Service Station after school, and when basketball season came his friends all played basketball. Though his heart yearned to play, he knew his Dad expected him at the station, and he fulfilled his duty.

He was taught survival work of families in those years; chopping wood and coal, milking cows, feeding pigs, chickens, hauling hay and cleaning the manure out of the corralls. He learned to ride horses while very young,

Kathryn Murray and Robert Wayne Roberts, April, Ryan, Jeremy.

and much against Mom's better judgement we watched him on his untamed horse, snubbed up to Dad's, bucking down the road.

His first and true love was hunting, fishing and the mountains. He always told us he was born a hundred years too late. He was a rancher and automobile dealer, served many years on the board of the Commercial Club, coached little league basketball. He was a member of the LDS Church, and Executive Secretary for Bishop Gilbert.

Married at the age of eighteen Revella Kimball, Nov. 3, 1950. This was a stormy marriage with many highs and lows, but from this union came six beautiful children:

Gayla Christine, February 11, 1952; Marilyn, February 26, 1953; Lana, October 17, 1954; Kathryn "Katie", Nov. 19, 1955; Clyde Richard "Rickie", August 8, 1957, and Douglas Ray, September 8, 1958.

Nick was proud of his family, loved them more than life. In July 1975 he told me his biggest regret was he had wasted so much of his life, and the sad part of it was, you don't get a second chance. His greatest wish was that each of his children would take the opportunity to go through the Temple so they could be together as a family, throughout time and eternity.

He married Rebecca Jane Hackford, May 4, 1970, in Denver Colo. This was solemnized in the Salt Lake LDS Temple. He died Nov. 1, 1975 of Leukemia.

Wayne Edward and Gayla Murray Griswold.

GAYLA MURRAY GRISWOLD

At the time of my birth there was a funeral in Woods Cross Utah, in memory of my cousin, Donald McClellan, an electrician. During an electrical storm outage he was accidentally killed. My father and family members were away to the funeral. Mother gave birth to me at home in Roosevelt, with the aid of Doctor Saunders, a neighbor lady and a young girl named Pearl.

The third child of a family of seven, my childhood was pretty ordinary, growing up with household and farm chores, attended schools in Roosevelt and graduated from Union High School in 1954. I was courted by a young man

Michael Tad, Kellene, Donna K. and Venoy

The complete family

from Utah, in Dec. of the same year, and we were married. We later solemnized our marriage in the Logan LDS Temple December 15, 1962. My husband is Venoy Davies, a son of Hazel Ann Kofford and David Davies.

We lived the first year in Roosevelt and were blessed with a son, Michael Tad, born Sept. 14, 1955. When he was several weeks old, we moved to Salt Lake City and resided there for several years and again were blessed with a baby girl Kellene, born March 10, 1958. In the fall of 1959, we moved to Roosevelt but we decided we could better ourselves in the city so we moved to Bountiful. In February 1963, we moved into our home.

We have been blessed through the years. Our son served an LDS Mission to Sweden and will soon graduate from the University of Utah with a Bachelor of Science Degree, he will be Material Science Engineer. He is married, has a little boy and a baby due in June.

Our daughter has many fine qualities and talents, she is married, has a little boy and a baby due in August.

Among my interests and hobbies my families come first — being a mother and grandmother, then arts and crafts, crochet, quilting, writing poems, etc. I enjoy cooking and new recipes, have considered a cookbook as a project. I sold Real Estate in Bountiful for years and due to health problems and conflicting schedules with my husband's work I put that aside. I am Ward Librarian at present and have served in the Relief Society, Primary, and Sunday School. I plan to join the Daughters of Utah Pioneers in the near future.

GENEALOGY

by Alice S. Redden

I dreamed my Father called me home across the great divide,
I was very much bewildered I thought surely I had died.

St. Peter met me at the gate, He said, "Come follow me.
There's something I must show you, something you must see."

Then I saw rows of people standing in a line.
When I looked them over, they were relatives of mine.

Some among that massive crowd I remembered well.
Some had lived long years before I came to earth to dwell.

They were Great Grandparents whom I was glad to see
But when I walked toward them, they turned away from me.

Then I saw my cousins, my uncles and my aunts.
They said to me accusingly, "We didn't have a chance

To do the work that must be done to start us on our way
To gain for us Eternal Life, so here we have to stay."

My father and my mother, too were standing apart
They looked so disappointed. It made the tear drops start.

I turned and saw my Savior, on his face there was a frown.
"I died upon the cross for them and you have let them down.

Behold your noble ancestors, waiting for the day
When you would open up the gates to help them on their way."

My heart was very heavy as I looked these people o'er.
The blinding tears ran down my face. I turned to Him once more.

"Please blessed Savior, send me back, I'll make another try.
I'll do the work for all my kin. I'm not prepared to die.

I will not pass a single one, I'm so ashamed, dear Lord.
I'll try to do each ordinance according to my word."

Then I awoke the dream was gone I had not passed away.
But I made resolutions to start that very day.

Baptisms, endowments, and sealings, I found were not a few.
The more I searched and searched the more I found to do.

But I will keep on hunting and searching all the while
Next time I meet my ancestors, I'll meet them with a smile.

Oh how he loved to dance! I remember mother saying he would rather miss a good meal than miss a dance.

In 1919, on July 16, he married Sarah Ann Dudley. Work was scarce, and my father, a strong person, worked on the mountain, in the timber, and on the roads. By then, they had four children — Ora, born Feb. 23, 1920; Blake,

born Oct. 8, 1921; Virginia, born Dec. 11, 1923; Eloise, born Feb. 16, 1926. They later moved from Jensen to Ballard — just east of Roosevelt. Richard was born there Feb. 29, 1928 on the old Horrocks Ranch, which was owned by my mother's sister Bird and Dave Horrocks.

Then my grandfather Marion Dudley passed away, leaving his home in Jensen to my mother. They moved back to Jensen, fixed up the old place and started a good cow herd.

In Sept. 1939, he passed away at home after a long fight with bone cancer. With the love and care of his faithful wife, he was able to endure this painful illness. During this time, he had many conversations with those who had gone before him — especially his mother Sarah Ellen, and his brother Riley. He lived such a full life in such a short time.

Donald L. Curfew, born to John Edmond and Eloise Peterson Curfew, June 2, 1949, at Vernal Uintah, Utah.

I grew up and went to school in Jensen, Utah, graduated from Uintah High School, was active in F.F.A. and was a four year seminary graduate. Attended Utah State University.

I married Susan Carol Cook June 7, 1968. We lived in Vernal and I worked for fish and game as student trainee. That fall we returned to Utah State University and Jan. 1969 I enlisted in the armor tanks of the Army.

Our first son Douglas was born March 4, 1969 at Fort Ord Calif. I was shipped to Fort Knox Kentucky for training, not an easy job, and then to Korea for thirteen months, with the Seventh Infantry as H.H.C. training N.C.O. and was promoted to Sargent, and received the Army Commemoration Medal. Thirty days leave in the U.S.A. with my wife and son. Then off to Europe as the training NCO for 'A' Co. Third Armored Division at Kirchgons, Germany, known as the Rock. My wife and son joined me here, we went to church in Giessen, a small branch but enjoyable. We traveled a lot: Belgium,

Donald and Susan Curfew, Douglas, Robert David and Laura Lee.

England, France, and Switzerland, and all over Germany.

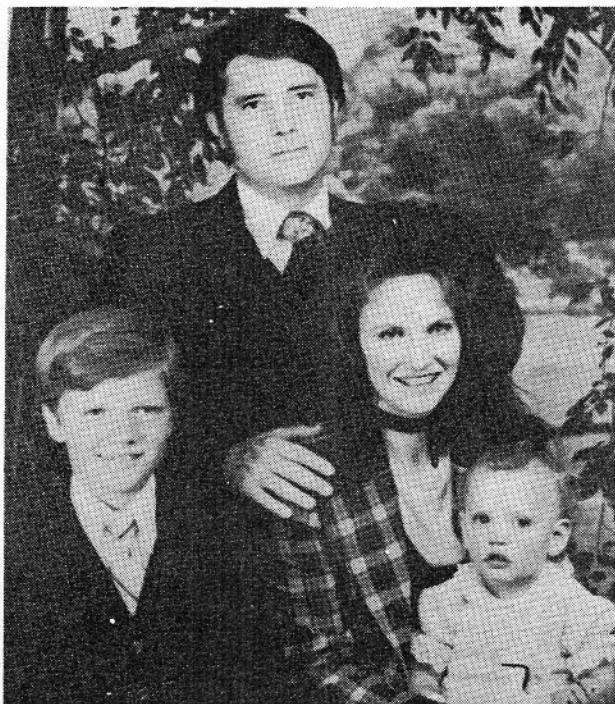

December 1971 I became a civilian. We settled in Denver Colo. I worked as a draftsman by day and as security guard at night for Tri County Patrol. My Susan, an outstanding secretary, also worked. We got tired of the City and moved to Vernal. I worked as a draftsman, but pay was so low I went back to the Army as a construction draftsman.

October 1, 1972, Laura was born. We were sent to Fort Carson Colo. We owned our home in Colorado Springs and lived there for two and one half years. We were sent to Long View Wash., as recruiting officer. We liked it there. The climate, a little wet, but fishing, wild black berries, beaches, and mountains were great.

We were involved in Church. I was scout master and deacon teacher. Sue worked in Primary. We were all busy. Susan canned everything from green beans to black berry jam.

On June 15, 1976 Robert David was born. A year later a new assignment to Germany as construction foreman for two years a senior draftsman. We have enjoyed our stay in Karlsruhe Germany, the privilege of going through the Swiss LDS Temple and touring Europe.

I am financial clerk and Susan Cultural Refinement Leader in the Stake, also Spiritual Leader in the Branch. We are busy in the work of the Lord and happy. As a family we go bicycling 'Marathon'. We have won several medals as a family. We play mandolin, guitars and do leather work, love sports of all kinds. We are looking forward to making our home in Jensen, Utah, on the banks of Green River.

ANDREW PAUL MURRAY

I was born July 29, 1908 in Jensen, Utah to Andrew Rich and Adelia Yeager Murray. The second of six children. Charles was older than I, Richard younger, and three sisters: Estella, Helen and Grace. We all grew up in Jensen on my parent's ranch and homestead on Blue Mountain. On the homestead on Blue Mountain I spent a lot of time helping with the cattle.

As a young lad I helped as a horse wrangler and we drove a herd of cattle from Blue Mountain to Heber City. It was a very enjoyable and eventful trip for a lad of sixteen. It took about three weeks to make the drive. One night a bear came into camp. Uncle Johnny, the cook, heard him but thought it was me getting something to eat. Next morning we found the camp all upset.

When we arrived in Heber, I took my first train ride from Heber to Salt Lake City. There I had the privilege to see the great Mormon Tabernacle and listen to the pipe organ.

In the spring of 1928, my parents sold the ranch in Jensen and purchased a farm in Vernal in the Ashley Ward. That summer I met Ada Green and a year later on October 24, 1929, she became my bride.

Ten children seven girls and three boys, came to

brighten our home. Eight are still living (1980). We lost Ernest at six months and Lynn at twenty-six years. Those still living are Geneva, Nona, Floyd, Naon, Rhea, Janet, Carol, and Lorna. We have twenty-nine grandchildren and nine great-grandchildren.

The first twenty three years of our marriage, we lived in Jensen. In the spring of 1957, we bought a home on

North Vernal Avenue, where we still reside. I worked in construction work, and then a few years in the forest service before I retired. Ada and I celebrated our 50th Wedding Anniversary on October 24, 1979.

Estella Adelia Murray Dustin, daughter of Andrew Rich and Adelia Yeager Murray. Born Sept. 9, 1910 in Jensen, Uintah County, Utah. Attended elementary school in Jensen and Uintah High School in Vernal, Utah. Met Lee Roy Dustin from Chicago, Ill. at a Saturday night dance in Jensen. Lee worked his way west through oil field employment with Texas Oil Company as driller on well No. 2 in the Rangely Field. They were married Oct. 9, 1928, and lived five years at Iles Grove, Colo. Here a son,

Lee Earl, was born at home. A doctor drove twenty miles from Craig, Colo. The depression which continued to slow business and oil field activities moved them to Meeker, Colo., in the fall of 1933. They became self employed, collected bought and sold scrap metals and other salvage, sold to dealers in Grand Junction, Colo. Delivered with a Model A Ford pick up. A strawberry patch and a vegetable garden was a profitable crop. Berries sold at ten cents a box. Fruit, vegetables and flowers from the garden were exhibited at the Rio County Fair, won numerous blue ribbons. We were active in civic and social activities of the community. In the spring of 1934 Lee became ill with Typhoid Fever and was taken to Vernal for medical treatment. While there son Lee Earl became seriously ill and did not recover. He passed away Sept. 4, 1934 at his grandfather Murray's.

After Lee's recovery they returned to Meeker, Colo. until Oct. 1939, and moved back to Vernal. We purchased thirty six acres of land east of the city on Highway Forty for twelve hundred dollars, with three hundred down. We built and operated our own business, "Vernal Steel and Salvage" for twenty one years.

Received an award from the U. S. department of war for salvage collected for the war effort during World War II.

Winter of 1950, a dislike for snow and cold weather, our winter vacations started to various parts of Arizona for a milder climate. 1960, we bought a lot in Apache Junction, Ariz. and joined the thousand of mobile home owners who migrate to that state each winter and are commonly known as Snow Birds.

HELEN MYRIA MURRAY ANDERSON

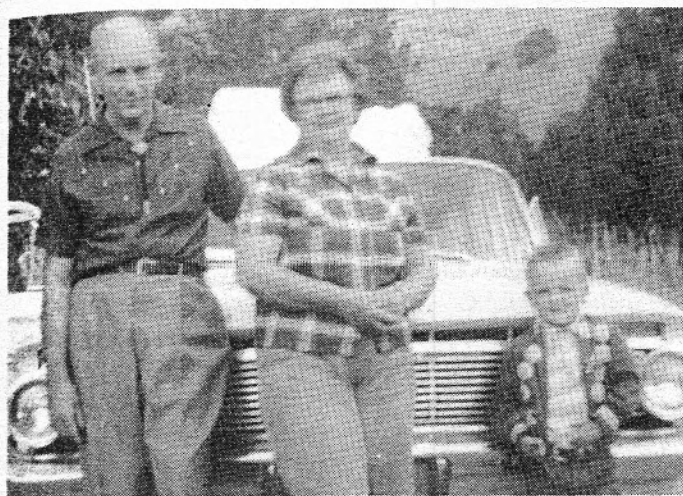

I was the fourth child born to Andrew Rich and Adelia Yeager Murray, Aug. 31, 1912, at Jensen, Uintah, Utah, where daddy farmed and raised most all we needed to eat. He ran cattle on Blue Mountain in the summer, it was fun to spend warm summer months there as a family. We gathered wild gooseberries and mother made the best cobbles for us. A swimming hole up the canyon from where our cabin sat in a beautiful meadow. We had horses to ride and neighbors not too far away, Jensens, Snows, Haslems, Evans, Karrens and McKenneys. We had a dance hall called the Red Onion, we enjoyed dancing. In the fall we had a roundup to ship the cattle to the market or take them home for winter.

I attended school through ninth grade at Jensen. Daddy sold the farm and most of the cattle including the acreage on Blue Mountain. He bought the Ira Burton place in Ashley Ward. Attended Uintah High School and graduated in the spring of 1934.

I met my sweetheart Clyde Reynolds Anderson and on Oct. 20, 1934 we were married at his home in Maeser.

Clyde's mother, Della Reynolds Anderson fixed a nice wedding dinner for friends and family members. We left for Colorado, where Clyde worked for Lee Dustin, raising Silver Fox and working in metal salvage. We moved to Vernal and Clyde worked for Newton Brothers.

In 1941 we went to Vallejo, Calif., and both worked at

Clyde, Helen and Rowe Anderson.

Rex, Rowe and Clyde Anderson.

Mare Island Navy Yard during the war. After the war we came to Vernal and opened our present business, Anderson Upholstrey, our home adjoined the business.

We enjoy hunting, fishing and all out door sports. We have been active in the church, Clyde has served as a Counselor in Vernal Fourth Ward, M.I.A. counselor to Glade Sowards in the Stake M.I.A., and when Uintah Stake was divided, he was called to serve in the Stake Presidency, he served as High Counselman, and as bishop of Vernal Fourth Ward, Scout Master, District Commissioner, and Cub Master and Counselor in the bishopric at present. I have served as Bee Hive teacher, Active Counselor in M.I.A., and Counselor in Stake M.I.A., served in the Fourth Ward Primary, five years as inservice leader. Counselor in the Stake Primary and then as Stake Primary president for five and one half years. A wonderful experience I really enjoyed it and loved the people I served with, both Stake and Ward level. In fact I love people and like meeting new people. After nine and one half years, I was released and called to be Social Relations Leader in our Vernal Ward Relief Society. Served as a member of the Finance Committee, assistant Sunday

School Librarian, and Visiting Teacher.

I am grateful for the opportunities and blessings I have enjoyed in various positions which have greatly strengthened my testimony. Grateful for a wonderful husband and two fine sons, Rex Jay and Rowe Clyde Anderson, and their sweet wives and Heath (Beepy), our darling grandson. Grateful for my mother who worked so hard and went without herself to keep us looking clean and nice. Three brothers, Charles, Paul, and Richard. Two sisters, Estella and Grace. Our marriage was solomnized in the Salt Lake Temple. We are thrilled over the arrival of our granddaughter Angie Rose. We now reside at 75 South 1000 East, Vernal, Utah.

HELEN MURRAY ANDERSON *died on September 23, 1980*

Helen Murray Anderson, a person of love and compassion for her fellow men, dedicated to those things she knew were right, she went about her daily duties with a smile on her face, not asking for a lot of material things in this life but to know that her family members were well and happy and doing the things they should made her happy. She worked diligently at any position she held in the Church, she worked with love and understanding in trying to get family members to do their geneology work, pointing to them the importance of getting this work done and our lives in order during our sojourn here on earth. There was also a fun side to Helen. She loved to go the mountains hunting and picnicing it took so little to make her happy and she gave so much. She was an inspiration to all who knew her. A loving mother, wife, sister and friend we will miss her, but know her work here on earth was finished and has gone to help prepare a way for her family.

WILLIAM RILEY MURRAY FAMILY

William Riley and Emma Estella Murray.

WILLIAM RILEY MURRAY

William Riley Murray, born the year of 1870, October, 4, to Jeremiah Hatch and Karren Maria Neilson Murray, in Spanish Fork, Utah County, Utah. He was the fourth child in this family of nine and the third son; six boys and three girls. There was nine half brothers and sisters, his father being a polygamist.

Moved to Brush Creek with his parents in 1887. They were all hard workers; Riley worked right alongside his father. He never slept in after four o'clock in the morning through the summertime. The Murray's home was four miles north of Jensen, Utah, near the mouth of Brush Creek where it empties into the Green River.

He met Emma Estella Hunting and on New Year's Day, 1895, they were married. Riley was 25 and Emma was 18. They had a large wedding party that lasted the night and through the next day. Riley and Emma lived for a time in Jensen, later purchased some of the land that was his father's, on the Brush Creek.

A wagon and a team of horses was all he had to start their married life. They worked very hard side by side and saved to buy their home. They farmed, tanned deer hides and made gloves to sell, and cut grain for people to help make a living.

Idling time was one thing he never did! He was one of those positive men whose word was always equivalent of his bond in financial transactions. The Indians, who were often on the war path, would pass, going on their deer hunt, with Indian painted ponies pulling wagons with tent poles dragging behind. Many times they would stop and demand food, threatening if they didn't get what they wanted.

Later Riley moved to the brick home on the Brush

Creek. There were seven children born to this union. William LeRoy, Marie Elizabeth, Flossie Estella, Andrew Hugh, Gladys Elta, Horace Austin, and Violet Ella. Horace was born 17 August, 1912 and died 18 February, 1913, from pneumonia.

Later Riley purchased more land adjoining the place which made six hundred acres. He also had land on Blue Mountain that was used for range for the cattle and sheep. He was a successful farmer raising all kinds of grain; threshed and sold alfalfa seed; had a large orchard; and kept a few colonies of bees.

Emma did her share, helping to shock grain, raising a large garden, and raising large herds of turkeys.

Riley used to play the violin for the dances, he played the harmonica and could chord on the piano. A jovial, cheerful man, always whistling and happy. He was quite a fisherman, catching one of the largest fish reported to be caught in the Green River, weighing fifty two pounds, he came bringing it home on the horse.

He drove the school wagon, which was a canvas covered wagon for many years, then later a black school wagon with flaps on the sides, leather seats on each side, and a heating stove to keep it warm. At Jensen he had forty acres and a house where he left the wagon during the day.

Riley owned a sheep shearing machine. He sometimes would slaughter as many as fourteen pigs at a time, they made sausage, hung the hams and shoulders and side meat in the smoke house to be smoked with Tagalder, a birch-like tree.

In winter, he would saw large blocks of ice from the river and store it in sawdust and straw in the log ice house. He was a kind man, good husband and father, loved his grandchildren and oft times had one in the saddle with him or on his knee.

In his last years of life he had two dogs, Bill and Bob, who were with him everywhere he went, on foot or horseback. They were such friends to him, and was with him when he went to do his night chores, guarding him, as he died of a heart attack, December first, 1937, at age sixty-seven. Twenty years later, Emma was laid to rest by his side, March 10, 1958.

My childhood was spent at the ranch of my grandmother, Josie Morris, a small ranch with sheep and a few cows, which she operated in partnership with my dad. My dad and mother moved twelve miles into Jensen when I was old enough for school, and I completed the eighth grade in the Jensen school. While there, I was active in the Mormon Church, began playing for Sunday School and Primary at the age of eight, also Mutual, although I was not old enough to belong to Mutual.

Isabelle Emma MacKnight Christensen, born January 16, 1923, Jensen, Utah. Married Orsen Christensen, in Provo, Utah, May 5, 1944.

We moved to Naches, Washington, where we had a

cafe for five years. Our folks came and helped out. We had many good times there. We sold out and moved to Salt Lake City, where Daniel was born August 2, 1952. When Dan was 13 months old, he was scalded.

Orsen (Chris) went back to driving truck. September 25, 1955 Patric was born. The boys grew to school age and they all had a horse, but when the freeway was built there was nowhere to ride anymore. We were both raised on a farm and ranch; we had hunted together and our hobbies were all out of doors.

One day Orsen came home and said "Let's get our boys out of this city." We moved our furnishings, cats, dogs, and kids to Craig, Colorado, for a year. From there to Encampment, Wyoming. The boys learned how to ranch, irrigate, harness a team, and go through blizzards.

After the boys graduated, we moved from the ranch to town. Orsen was water superintendant for eight years and also Town Marshal. I started driving school bus and became head driver-dispatcher.

David and Dan are married, Dave has three little girls, Dan has a boy and a girl. They work in the coal mines and own their homes. Pat is home with us.

We have had ups and downs along the way, but raising three boys makes for a very happy life and also proof that the good Lord watched over us all.

GEORGE WILIAM MACKNIGHT (BOON)

George William MacKnight (Boon), born November 11, 1921, at Cub Creek, Jensen, Utah, to Crawford George MacKnight and Flossie Estella Murray. Married Sadie Bell Bourdette May 12, 1941 at Jensen. Died May 23, 1977 of a heart attack.

Boon learned to fly with Jack Turner in 1944, making his cross country flight to Grand Junction, Colorado. Volunteered for the military service, was refused when it was determined he was a diabetic.

He was a rancher, cattleman, canyon guide and employee of Dinosaur National Monument. During the 14 years, he engineered, surveyed and supervised the building of roads, campgrounds and other facilities as the Quarry expanded.

Recognizing the problem in the area of water wells sanding up, he engineered a trip device to drop down the shaft of the wells to extract the sand.

Run the river with Bus Hatch, shooting the rapids in the Green River and Yampa River gorges. At the narrowest point in the gorge when Boon hit the first drop, with waves eight and ten feet high, the propeller struck a boulder that sheared a pin, putting the boat out of control. Taking the oars he skillfully maneuvered the boat and conquered the rapids. Henceforth these rapids were christened the "Big Boon Rapids."

He saw beauty in the sunrise and felt strongly about nature. Served as president of the Murray Canal. Member of the Cattleman's Association. Forced to retire when he became blind, he was more serious about ranching, putting in feed lots and fattening beef to sell. With his cane he was able to get around to open water holes, feed livestock and pump water to them.

A unique person, he could handle any mechanical or electrical problem. A favorite with young people, he had a banter that always added gaiety whatever the occasion.

Andrew Hugh and Leora Dow Murray

ANDREW HUGH MURRAY

Andrew Hugh Murray, born March 15, 1903 fourth child of William Riley Murray and Emma Estella Hunting, at Riverdale, now Jensen, Uintah Co., Utah. Baptized in the Green River.

First schooling at age seven, on Brush Creek, Lousia Thorne the teacher. Later schooled at Jensen, Vella Billings Smith the teacher. A covered wagon, team of horses, stove and benches made the school wagon.

My life as a rancher and livestockman began early. Dad kept me busy, the responsibility of the sheep was mine at age 15. We summered our sheep from Green River gorge around the river bends, in 1920 Hod Ruple

summered us at Island Park. Dad purchased Uncle Andrew Murray's relinquishment on Blue Mountain where I later built two cabins. It took 10 days to trail our lambs from Blue Mountain to the railroad at Dragon for shipping. Lambs sold for 11 cents on the hoof at that time.

Married Tressie Leora Dow at Vernal, February 9, 1927. We worked hard together and raised a family of five, Austin Hugh, Eva, Vern Eugene, William Riley and Twila Ann. Our first winter we lived in the log cabin my Dad loaned for a school house, when I was a boy. Later we lived in the house on land Dad purchased from Polly McKee Ainge.

1939 I bought from Mother the home where I was born. Much time was spent shearing sheep at 8 cents and 10 cents a head, breaking horses, forging plow shears, planting and harvesting crops. With our Red River thrasher we traveled to different farms and ranches harvesting grain crops. Our wheat was stored in large tin graineries, some was taken to Vernal mill to be milled into flour.

1943, World War II, our family was given a Farm Service Award signed by U.S. Secretary of Agriculture, for an all out war effort. We produced more than enough hay and grain to be self sustaining. Many tons of hay was in the stack to feed livestock through winter months when snow lay deep.

Oft times after the days work I enjoyed playing the Fiddle, Mandolin and the Concertina. We purchased land on Diamond Mountain, 2700 acres, run cattle trailing them to and from the Mountain to home. Long days and nights were spent in the saddle come rain or shine.

Served as president of the Murray Ditch, was a member of the Cattleman's Association. In 1951 we sold the ranch and spent that winter in Arizona. We lived in Vernal, I worked for Long Construction operating a bulldozer. We bought a ranch at Hayden, Utah where we lived 18 years, cleared land, raised hay and cattle. I was an officer on the Independent Ditch Co. March 1977, we celebrated our 50th wedding anniversary. Our home now is at Lapoint, Utah. Leora passed away at our home November 24, 1980.

Eva Murray and Nelson D. Merkley

Laird David Merkley

My parents have a history of working hard and taught us to do the same. I love them very much and have a lot of respect for them. "We grew up fishing in a country stream, and made our clothes on a Singer machine." We had our joys, sorrows and disappointments.

Married Nelson David Merkley April 26, 1950. Sealed in the LDS Temple August 17, 1955. Served as 4-H leader, Primary teacher, Sunday School secretary, Relief Society, Cub Scout leader, Charter member of Merry Mrs. Club and Friendship Chairman for Dinaland Telephone Pioneers.

Blessed with two sons, Laird, who has spent the past ten years serving our country, and Ryan who learned to engineer metal buildings at a very young age from his father.

August 19, 1960 went to work for Mountain Bell as a telephone operator, received several awards, the last one being "The Gold Award" for 12 years perfect attendance.

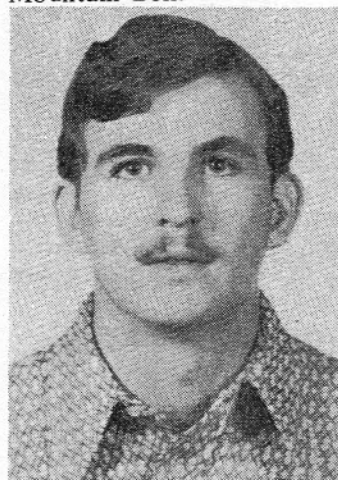

My husband struggled with problems of ill health for several years and became critical Dec. 10, 1976. On December 18, the doctors told us that we should get legal matters taken care of very soon, they didn't think he would live, if he did he would make medical history. I

prayed, "Oh God, show me why!" The breath went out of me, right then my whole life changed and I realized material things in this life were not of importance. Through faith, prayer and encouragement from many friends and Nelson's will to live, he was given a second chance at life and was released from the hospital Feb. 17. How great it was to have him home.

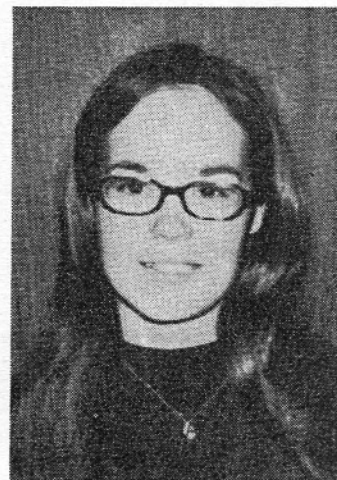

We sold our home on fifth East which we loved dearly because my father had given us the land, and Nelson built the house himself and moved to 151 West 300 South. Then financial disappointments forced us to give up our business.

In 1981 my job with Mountain Bell will terminate due to automation. At this time we plan to travel to Germany to visit Laird and his wife Linda and our precious granddaughter, Gaylyn.

My constant prayer is that God will preserve the unity of our family. We live in Provo, Utah, where I work for Mountain Bell.

I can not forget my Mother who is a good person, very loving, generous and patient. My "little brother Ryan," we never could see eye to eye until now, he is bigger than I am, but I had much love for him.

I love music and played around with the bassoon, guitar, clairnet and piano. The days that I spent with my Grandparents, Andy and Leora Murray, working and visiting with them, I loved to hear those stories about the good ole days on horse back and many more. ELMER HUGH SNOW

Elmer Hugh Snow, born June 17, 1896, to Hugh Mack and Elizabeth Caroline Snow, in Jensen, Uintah Co. Utah. Married Maud Sorensen May 31, 1919.

ELIZABETH CAROLINE MURRAY

Elizabeth Caroline Murray, was born 6 Jan. 1873 to Jeremiah and Karen Maria Nielsen Murray at Spanish Fork, Utah. The family consisted of nine children. They lived on a forty acre farm. Elizabeth went to school there. She also learned the art of cooking and housekeeping from her Danish mother. She loved flowers and helped in the garden work while her brothers worked the farm.

In 1890 Maria and her family moved to Jensen, Ut. where her husband had established a farm down the banks of Brush Creek and the west bank of Green River from Brush Creek on south to the Indian Ford on the north consisting of 960 acres. Elizabeth now 20 years of age knew all the hardships of pioneer life but learned to be cheerful through it all.

In Dec. 26, 1893 she married Hugh Mack Snow, at her Mothers home. Hugh had built a log house on a piece of land he owned and they moved there.

Elizabeth was tall and slim with a smiling face. She was a good house keeper and loved flowers. She always had big flower gardens around her home, big berry patch and vegetable garden, fruit trees. She raised chickens and

turkeys. She used her time well and everything she did was well done.

On June 17, 1896 their first son was born. They gave him the name of Elmer Hugh. On June 5, 1898, their son Elsworth was born. Due to a severe case of measles his eye sight was affected, and he never was as strong as Elmer.

A baby girl was born Nov. 3, 1899, named Clara. She lived only a day. On Dec. 22, 1905, a baby girl was born. They named her Gladys, she died the same day. This was a sad Christmas day for the family.

Elizabeth worked in the Relief Society and helped with the sick and their sorrows. The people took care of their own dead, and she spent many hours helping them.

In Dec. 1927 Elsworth underwent surgery for appendicitis. He was critically ill. Elizabeth and Hugh both stayed at his side. On the sixteenth he died. Hugh took pneumonia and died on Dec. 17, his 60th birthday. Aunt Lib, as every one called her, was deeply shocked. She rallied the best she could, but never did recover from it. She was ill for the next few years and passed away on Aug. 26, 1931. Elmer, who never had any children, was the lone survivor.

REBECCA SNOW FAMILY

Hilda Woodrow (Father) Albert, Milo, Newell, Ross, Kenneth, Corwin Snow.

Albert and Rebecca Snow

REBECCA MURRAY

Rebecca Murray was born Dec. 25, 1875, at Spanish Fork, Utah, to Jeremiah and Karen Maria Nelson Murray. She was the sixth child in the family of nine. Here she spent her childhood and early school days.

She was well trained in the art of cooking and sewing, working with the garden and keeping the home neat and orderly. When she was fifteen years old the family moved to the Uintah basin to a farm her father had acquired on the Brush creek. A house was first built of logs to house the family, but soon a lovely brick house was built. The family was very talented in music. There were the violins and guitar, singing, many evenings were spent with friends and music.

Rebecca married Albert Snow 18 Oct. 1892 at her parent's home on the Brush Creek. Rebecca was a beautiful bride, small in stature with large blue eyes and blond hair. Albert, who was ten years her senior, had acquired land and a small herd of cattle. By working together they made a good home for their family. Their first child, a little girl, born Nov. 5, 1894, lived only a month.

Albert ran the Ferry boat across Green River from 1903 to 1911. Rebecca prepared food for the travelers and

beds if needed. During this time they had five more children born to them. Milo, Newell, Hilda, Kenneth, and Corwin.

In 1911 they completed the first bridge across Green River and did away with the Ferry boat. There was a big celebration. Mr. Oliver, the contractor, was to select the first person to cross the bridge. He chose Annie Snow, Albert's mother, the oldest living person living in Jensen (83 years old). Rebecca was chosen to accompany her so with old Blacky hitched to the buggy the two women crossed the bridge, with cheering and band fare.

The family then moved to the ranch to live located on highway 149, known as the Dinosaur Road. Here two more boys were born, Ross and Woodrow. On Oct. 2, 1918, Rebecca gave birth to another son, that lived only two hours. Oct. 3, Rebecca died of heart failure. She left a husband, six boys and a daughter to remember her. She was loved by all and the community was saddened at her

Albert and Rebecca Snow, Milo, Newell and Hilda

passing. She was a faithful Latter-day Saint and worked hard, especially in the Primary.

At the time of Rebecca's death she was president of the Primary in Jensen Ward.

4. Francke Eugene Snow, born April 26, 1930.
5. Clifford Milo Snow, born June 26, 1933. Died Oct. 14, 1957.
6. Baby Snow, born Jan. 9, 1936. Died Jan. 9, 1936.
7. Freddie Snow, born June 18, 1940. Died June 18, 1940.

Albert Milo was baptized July 3, 1904.

I am Albert and Rebecca Murray Snow's oldest son, born December 8, 1895. At age 6, I went to school in the little adobe school house. It wasn't far from my home. Later my father helped build a brick schoolhouse. The bricks were made and burned in Jensen, close to where the schoolhouse was being built. I attended this school through the 8th grade. Then I went to the Uintah Academy in Vernal for a year, and to the Wilcox Academy for another year.

During the summer I helped my father on the ranch. There was very little entertainment in Jensen. I helped a neighbor put up hay for a little spending money and then my friends and I would go to Vernal to see a show.

I went to the dances in Jensen. I would go and get a girl by the name of Olive Neal, daughter of William Neal, and take her to the dance. We went together for 2 years and then got married at her brother Charlie's home in Vernal, Utah on May 12, 1918. So, now we have celebrated our 62nd wedding anniversary.

My mother passed away in October, so we stayed with my father and the family until spring. Then we moved to the Todd Ranch in Jensen, owned by my father and Uncle Hugh. Our first baby was born there and I had one bumper crop of alfalfa seed.

We left the ranch and I took work wherever I could. Ben Kelly owned the Jensen Mercantile Store and I worked there as a clerk. During the years, Mr. Kelly took over the mail route between Jensen and Vernal. So, I not only was a clerk, but I drove the mail truck too.

My father and Uncle Hugh built a store and service station in Jensen, and Crawford MacKnight and I ran them for several years.

Then I rented land from my father and Uncle Hugh on the Sunshine Ranch, and with our three little boys we moved there. Some years we did O.K., but there were water shortages or canal cave-ins and we couldn't make a living. So I got a foreman job in the C.C.C. Camp that came to Vernal in 1933. We bought a home in Vernal. When the camp moved to Moab we went to Salt Lake and worked at Remington Arms and later at Hill Air Force Base, and the Navy Base. We bought a home in Clearfield where we retired. Then we bought a home in Vernal and lived there for 7 years.

We moved to Oregon to be near our son, Francke, and family. We bought five acres one mile from them and had a 3-bedroom frame home built on our land. This is a beautiful state and we are happy here.

P.S. I have a wife, two sons, six grand-children and six great-grandchildren.

His father and uncle Hugh owned a large ranch and cattle operation on Blue Mountain, east of Jensen. At age fifteen Newell was riding range with his brother Milo, cousin Elmer and Uncle Hugh in the summer, then went to school in the winter. Oct. 3, 1918 his mother died. He left school to help his father, who had four boys younger than himself. The youngest was four years old.

May 29, 1919 he married Alice Collett of Maeser, in the Salt Lake Temple. Alice, the daughter of Sylvanus,

and Sarah Elizabeth Simkins Collett, was born Oct. 11, 1898. A studious girl graduated from the eighth grade in 1914, and from the Uintah Academy in 1917 as one of the highest in her class.

Alice and Newell Snow family

Newell and Alice lived with his father to help with the boys. These years were busy years with the Spring and Fall round up and the long cattle drive to Craig Colo., for shipment to Denver Colo. The summer and winter riding had to be done as every man's cattle roamed the mountain together. During this time we had four children. Orin L., Edgar, who lived only a few hours, Meril G., and Jennie Rose.

In 1929 we moved into the house where we now live in Jensen, Utah. We homesteaded on Blue Mountain for six years. During the drought and we had a Mormon Cricket invasion. Feed was scarce, the cattle were too poor to walk from the mountain, and they were shot. There were no roads for cars, just rough wagon ruts. Our children were near high school age. Orin graduated from Uintah High School in 1938, Meril 1941, and Jennie 1943. Our home life was happy. Young people made their own entertainment, House Parties, Weinie Roasts, Melon busts.

In 1938 work and money were scarce. Orin went to Wyoming and found a job with the Union Pacific. Meril went to U.S.U. College in Logan, then returned home and helped with the ranch and cattle. He was called to the Army April 1943 in World War II. Orin joined the Navy in 1944, Jennie married Lorin DeWaine Merriam Feb. 9, 1944. During the war Newell and I rode the range together, no help was available, life went on. Busy and happy I began teaching Sunday School when Meril and Jennie were old enough to go to classes. I taught until 1968, and have been Primary President, Relief Society President, Counselor to three M.I.A. Presidents. I served twenty eight years on county welfare board, chairman of the board for twenty years.

Newell spent many hours helping in the community with work and money. He contributed much time and money to the new Chapel. We celebrated our 50th

Wedding Anniversary May 29, 1969 and our 60th in May 1979. At eighty-one Newell still loves to ride his horse and help with the cattle. I am busy with garden and house work.

HILDA GLADYS SNOW

My Mother Rebecca Murray Snow died Oct. 3, 1918 while giving birth to a baby boy who also died. She left our father, two older brothers, and five brothers younger than myself. It was hard for all of us, but our father taught us the way we should live, to be honest, fair and to do unto others as we would be done by. He wanted us to have a good education. When any one asked how many children he had he always answered six boys and each has a sister. I was the sister. I tried to do as much of the work as I could.

My brother Milo married Olive Arletta Neal, they lived with us for a while. I was baptized in the Green River Oct. 3, 1909.

I worked in the primary as secretary several years. After my mother's death I served in her place as counselor to Mary Ellen Wilkens. I was organist in Sunday School, also taught a class, secretary in M.I.A., leader of the 4-H girls, belonged to the Daughters of Utah Pioneers Escalante Camp, served as Captain and as Marker Chairman. On August 3, 1921, I married Clarence Sorenson.

On May 19, 1922 a beautiful baby daughter was born. Our marriage did not work out. We were divorced in 1925. Rebecca and I went home to my father. Grandmother Snow lived with us. She was one of the dearest persons I've ever known. Aunt Nell Gardner or Aunt Hester Barton, Dad's sisters, would stay with us. I worked in the Post Office for several years, Assistant to Postmaster Henry Chapman. His general Store adjoined the Post Office. Grandmother Snow celebrated her one hundredth birthday, March 19, 1928, she was active and alert, she read the bible by the window. She never wore glasses. July 19, 1928 after suffering from a broken hip she died, we all missed her so much.

July 30, 1930 I married Thomas Pierre Morgan. We moved to the K ranch in Colorado, lived in a log house with beautiful cotton wood trees around it. A cattle and horse ranch, there was a lot of work to be done. We carried out water from the ditch, cleaned kerosene lamps and filled them daily. Cooked on a wood burning stove. Rebecca stayed in Jensen with her Aunt Maude Snow to go to school and came home for the summer.

December 19, 1933 our son Thomas Albert was born a healthy beautiful baby, his grandmother Morgan's only grandson, the rest were girls.

In 1936 Pierre lost his Mother. It was a sad time for all of us. On April 23, 1937 our Baby girl Ellen was born, a darling, loving baby.

When five years old Tommy started to school at the twin wash school, eight grades in one room. Ellen started to school at Pops Place.

We had all the ups and downs of ranch life, we went through the depression of the thirties, the hard winter when many people went broke. In spite of it all, we had a good life. Pleasant memories like when Tommy's father bought him a new saddle. What a thrill. We built a new home in the early forties and had our first electric lights, powered by a Delco light plant with storage batteries, it was great, after kerosene lamps all our lives. We had a radio made for thirty two watts power. We got the news and Helen Trent, Ma Perkins, Cecil and Sally, and Amos and Andy. We had many family dinners and gatherings at our house.

Our daughter Rebecca married Bill Johnston at the K Ranch, a gala affair, friends came from Far and near, Melba Lattner made a most beautiful wedding cake. We wept when they left for Grand Isle, La. to live.

Pierre's health was failing. In 1948 we sold the ranch and moved to Jensen, then to Vernal and finally settled down in the Wm. Ackhurst home where I now live. We

traveled, first to Mexico and enjoyed it so much we made several trips down there. We toured many of the States and Canada. It's a beautiful country and such friendly people. Tommy was in Wasatch Academy in Mt. Pleasant Utah, and Ellen was in St. Mary's Academy in Salt Lake City. After graduation Tommy went to Colorado School of mining, and married Jacquelyn Drew, moved to Salt Lake and Tom graduated in the top three of his class from the University of Utah. Ellen attended the LDS Business College in Salt Lake. She married Merrill L. Johns in the fifth Ward Chapel with many friends and relatives around.

Thomas Albert Morgan, Rebecca S. Johnson, Ellen Grace Morgan

She was a beautiful bride coming down the aisle on her fathers arm. They were sealed in the Salt Lake Temple Dec. 19, 1963. They have six children.

Pierre died Apr. 16, 1959 and I went to work for Mr. Duke in his Bakery and in the Uintah County Library. Also worked in the Utah Field House of Natural History fifteen years. I was County President of the Daughters of Utah Pioneers at the time that the Little Rock Tithing Office was moved across town to a new location.

I am a member of the American Legion Auxiliary Whitbeck Post No. 11, have served as Uintah President and District President, was noble Grand in Unity Rebecca Lodge No. 23, also District Deputy President. Active in the Church I attend and belong to the Special interest and Home evening group.

Sept. 20, 1978 I went to the Salt Lake Temple with Rhoda Stevens, it was a wonderful experience.

I spend the cold winters in the warmer climates of Colorado, and Arizona and visit some of my brothers and my children.

While Tommy was stationed in England their son Mathew was born Jan. 12, 1974 in Norwick England, Mathew's Christening gave my daughter Rebecca, granddaughter Peri Lyn and I a reason to fly on a BOAC 707 to England for the christening. We spent a week in London and saw the changing of the Guard at Buckingham Palace, Windsor Castle, Harmston Court Palace, the Tower of London, the Tower Bridge, Big Ben, and many more wonderful sight. The following year I

again made a trip and visited many of the European countries. I think I have had an interesting life. Many changes have taken place, from kerosene lamps to electric lights, horse and buggy to motor cars, to the space age.

I have been around for two world wars, the Korean and Vietnam, my prayers are now for everlasting peace for all people of the world.

Ross Barton Snow, the seventh child of Albert Snow and Rebecca Murray was born Sept. 9, 1912, at the family home in Jensen Utah. Ross was only six years old when his mother died after giving birth to the ninth child.

Ross attended grade school in Jensen and his high school years at Uintah High School in Vernal. He then quit his formal education in order to help his father full-time on the ranch and with the cattle.

On Dec. 20, 1935 Ross married Vera Merle Harrison at the home of Vera's parents John & Beatrice Harrison. They moved to Jensen to the little log house where Milo and Olive Snow had been living on the Sunshine Ranch.

Ross and Vera lived in the little log house for fifteen years where five children, Marilyn, Sylvia, Boyd and the twins Dale and Doyle had truly filled the little home. The coming of electricity in 1940, cisterns with water pumped into the house in 1942 were memorable events.

Ross was school bus driver to the Jensen Elementary for eleven years and scout master for ten years also, and Jensen PTA president.

In June 1949 when the twin boys were eighteen months old, the family moved into a lovely new cinder brick, three bedroom home; built right in front of the little log home. Paul and Dick Murray, with Ross helping when possible, had built the house. It was to this home in April 1953 the last child was welcomed and named Neal Gawain.

Two sons filled two year LDS Missions; Doyle in Germany, and Neal Gawain in Argentina, South America.

Ross and three of his sons are in partnership running three ranches and the cattle business. Beside each boy holds other jobs.

In 1976, Ross received a plaque for "Outstanding Conservation Farmer," presented by Uintah Basin Soil

Conservation District. Ross has been very active in A.S.C. and in the Uintah Co. Cattle Assoc., holding offices in each.

Vera Merle Harrison Snow, wife of Ross B. Snow was the second child of John and Beatrice Neal Harrisons eleven children. She was born Nov. 30 1911 (Thanksgiving Day) at the family home in Bennett, Utah. North of Ft. Duchesne about six miles on the Indian Reservation where her father had drawn a 160 acre allotment when the Reservation was thrown open for homesteading in 1907. There he had built this large two room, hewn log house with shingled roof and good board floors.

JONATHAN MOYES MURRAY FAMILY

JONATHAN MOYES MURRAY

By Thelda Murray McKee (daughter)

Jonathan Moyes Murray, ninth child of Jeremiah Hatch Murray and Karen Maria Neilson was born November 8, 1882 in Spanish Fork, Utah, Utah County. Came to Jensen, Utah, Uintah County, when he was eight years old.

He was the youngest child in the family and all the children learned to work hard at an early age. Since they were among the first settlers in Jensen, the land had to be cleared and planted and he learned from his father the art of farming which was a special talent they were blessed with.

They were also all blessed with a talent for music. The violin was my Dad's special love. I guess that is why it sounded so special to me when he played it. He was a real Irish fiddler. The "Mocking Bird" and "Over the Waves Waltz" were my favorites, I think. He taught all of his children to love singing and music. We may have got this talent from Dad's mother's father who played the violin every evening with a great flair, according to his history.

Father was 15 years old when his mother died. This was a great shock to the family although she had this heart condition for a long time and her death came while she was doing the family wash. Daddy quit school in the 8th grade. He was a good reader and had beautiful handwriting. He was also good in math and spelling.

He married first, Emma Hollingshead. A daughter was born to this union. While she was still a very small child, they were divorced. In 1909 he married Verlie Arnold Stewart, a beautiful 17-year old girl and 12 children were born to them, 7 girls and 5 boys. Dad was proud of his even dozen but always a little disappointed that the girls outnumbered the boys. In fact he took a lot of razzing because they had five girls before they got a boy. Then there were two more girls and four boys. There are 34 grandchildren and 72 great-grand, and 20 great-great-grandchildren.

Daddy was a good father with a kind and pleasant nature, thoughtful and kind to neighbors and friends in need of a helping hand. In those days neighbors would exchange work with each other and money was always a short commodity. It seemed like Dad had a knack for many things. He could build a house or furniture and out buildings.

If his equipment broke down, he could find a piece of

iron, go to his workshop, build a fire and get the iron red hot, put it on the anvil and hammer it into whatever he wanted or needed. He could also cook and had a job with the state surveyors when they were mapping the land east of the Green River to the Colo. line. He also cooked for the gold miners when they worked at the dredge mine up the Green River.

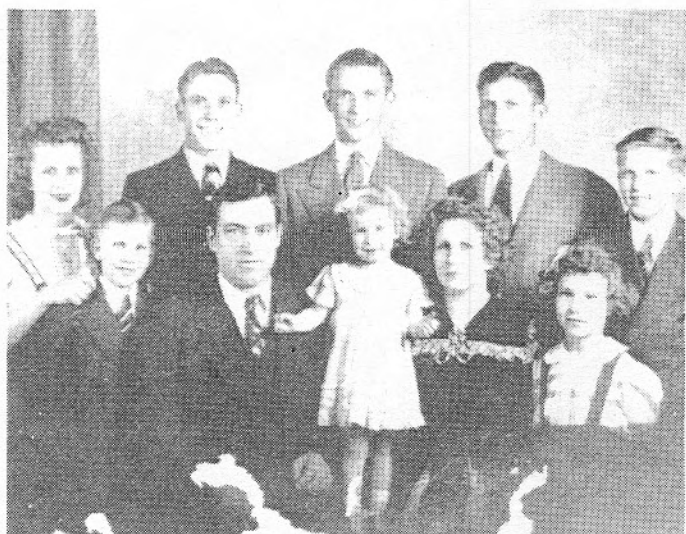

On wash day, which usually lasted from sunup to sundown, he would cook dinner for mother. He made the best buttermilk biscuits and apple cobbler I ever tasted. Then he would comb our hair when our mother couldn't and he would have us turn to face him and comb towards the front, making the braid to loop down over our face and cover our eyes and nose. He would then make it into a loop and tie a ribbon bow on the braid. This made us very unhappy.

The welcome mat was always out at our house, so there would be one or two extra at least half the time. Uncle Steve lived with us and Uncle Hyrum also, for a time after he had his stroke. Daddy took care of him and taught him to walk and talk again.

One of the beautiful things I remember about my father was during the flu epidemic of 1918, nearly every family in the valley was sick with it. Father set up a tent and put extra towels, soap, a wash basin and clean clothes. Mama made him some gauze masks and he went out taking care of the sick. There were several who died from it, Aunt Sara Peterson lost her oldest son and he left a family of small children. There were many who died through the winter. None of us ever took it.

Father was a beautiful dancer. He and mother took many prizes dancing waltzes and other popular dances, including square dances. He had such a happy, pleasant disposition, fun-loving, everyone was loved by him, he was a good friend to all, and they loved him.

They sold their home in Jensen in the mid thirties and bought a small farm in Naples ward, three miles south on 5th east where they lived the rest of their life. On Jan. 21, 1953 he had a fatal heart attack and died at 70 years of age. Mother died of a stroke following surgery five years later. They are laid to rest in Maeser Cemetery, a spot he picked where they could be close together in death as they were in life. He was spiritual and had a beautiful testimony of the Lord, Jesus Christ and the Gospel.

EMMA NIPPON MURRAY

Emma Nippon Murray was born August 24, 1904 to Jonathan Moyes Murray and Emily Achsah Hollingshead. They separated when she was a small child. Her mother then married Harry Eugene Fairfax and they continued to live in the Vernal and Jensen area.

Emma Nippon married Benjamin Gordon Smuin on May 15, 1920. They had six children and were divorced in 1935. She then moved to Salt Lake City, Utah, and later married Levi David Smuin, brother of Benjamin Gordon Smuin. Two children were born of this marriage.

She was active in the Church of Jesus Christ of Latter-day Saints where she worked in the Relief Society, Sunday School, and worked in the church offices as a genealogical researcher.

Emma Nippon put together Books of Remembrances for many people. In fact, she researched for people all over the United States as well as foreign countries. She was a beautiful penman and took great pride in being neat and exact. She made books for all her children and grandchildren.

Nippon did Temple work for members of her family and encouraged all her children to live good, clean lives. She continued to work and do genealogy almost up to the time of her death on April 12, 1979. She had a bad heart and had a couple of pace makers put in. She died in her sleep.

KENNETH GORDON SMUIN

Husband — Benjamin Gordon Smuin, born March 30, 1900 in Vernal, Utah.

Wife — Emma Nippon Murray, born August 24, 1904 in Jensen, Utah.

Kenneth Gordon Smuin the oldest of the six children of Gordon and Nippon Smuin. We have always been a very close family and we have always loved and enjoyed each other's company very much. All of us have been hard

workers and took great pride in doing what ever we did, to the best of our ability.

I have worked in about every line of work. My main interest has been Oil Field Welding and Machine Shop work. I am a partner in Basin Machine and Welding Company that was established in 1954. I've always loved farming, but could only do it as a hobby. I like to dance, hunt, fish and travel.

I have four wonderful children. I also have a beautiful and loving wife Thelma Augusta Beynon who has supported and helped me more than anyone could ever know. We have been happy through the years and learned early in life that marriage is a 50-50 deal that has to have love and understanding on both sides. We enjoy doing things together no matter what it is.

LEON KENNETH

Husband — Kenneth Gordon Smuin, born September 8, 1921 in Vernal, Utah.

Wife — Thelma Augusta Beynon, born September 26, 1923 in Salt Lake City, Utah.

Leon Kenneth, my oldest son was born September 13, 1940 in Salt Lake City, Utah. We moved to Vernal on March 15, 1947 when he was a small boy.

I bought a farm on Ashley Creek with 220 acres which was a part of the Willard Williams Ranch. He grew up with a load on his shoulder's, being my main hand on the farm. He was held responsible for all the work and left with, planting, plowing, lambing, haying and keeping fences and things in working condition. He was very dependable. He was a state champion wrestler in high school. He was also a track star that won him a scholarship to BYU college.

He graduated from college and came back to Vernal to teach and coach at the Junior high school. He has always been a leader and could do anything with kids.

He married Nelda Vivian Brimhall August 26, 1960 in Jensen, Utah. They were later married in the Salt Lake Temple. They have five children of whom they are very proud, three boys and two girls.

26, 1923 in Salt Lake City, Utah.

Lynn Charles Smuin, my second son, was born in Salt Lake City, Utah, September 2, 1941. He was fat and chubby as a baby and cute as a bug. His work and play came easy for him and one could always depend on him even when he was real small. He worked hard and played hard.

Our farm on Ashley Creek has always been his pride and joy. He still lives there doing the farming, raising the sheep and keeping the place in shape. Lynn was also a state champion wrestler in high school, a good athlete in football, track and anything that was a challenge, he was tough as a bull.

He was active in church and served a mission to the Northeastern States. He married Pauline Martinsen, May 3, 1963 in Elko, Nevada. They are the parents of seven children, one of whom died as an infant. They have one daughter Janette who is married and one grandson.

Our daughter Joan Thelma Smuin was born September 10, 1944, while I was in the Army in World War II. She was raised with a family of boys and had to defend herself and work almost as hard as they did. She was good in school and active in church.

Floyd Howard and Joan Smuin Collett. Yvette, Shane, Yvonne, Yolonda, Cameron, Camille, Yarnell, Kelly.

Joan was like her mother. She could do anything she wanted or set her mind to do. Her training as a farm girl built her into a woman capable of anything and everything. She has proved this in raising eight children and building three houses.

Her pride and joy is her family, but she also sells real estate, build's houses, draws up house plans, landscapes and designs. She also keeps herself busy in the Church of Jesus Christ of Latter-day Saints, on both the stake and ward level.

She married Floyd Howard Collett in the Salt Lake Temple on Friday, April the 13, 1932. Since that time they have moved from Vernal, Utah to Illinois, Farmington, New Mexico, Nevada and Texas, and now she lives in Roosevelt, Utah.

STEPHEN OWEN SMUIN

Husband — Kennth Gordon Smuin, born September 8, 1921 in Vernal, Utah.

Wife — Thelma Augusta Beynon, born September 26, 1923 in Salt Lake City, Utah.

Stephen Owen Smuin was born October 21, 1948, in Vernal, Utah. Stephen our last baby, was born while I was hunting deer in 1948. Well I guess you know that it has been a well discussed fact. He was always alone when growing up because the older kids were in school. We didn't have any close neighbors, but he always seemed to

have plenty of imaginary friends.

Steven is very athletic and tried everything. He is also a very good mechanic and loves to work on fixing up cars. Loves to hunt, fish, hunt arrowheads and just loves to be out in the hills. His work has taken him all over the Western United States.

THELMA MURRAY BASCOM

I was born May 9, 1910, the oldest child of Johnathan Moyes and Verlie Stewart Murray. I was blessed with the name — Thelma, and in the coming years my good parents gave me six more sisters and five brothers. Papa was a farmer, so I grew up around horses, milk cows, chickens, pigs, and other farm animals. I learned to ride horses and milk cows at an early age.

I was 10 years old before we got a little brother. Mamma was a hard working mother and was sick a lot, so I learned to care for the little sisters and brothers. I could do all the house work and cook quite well at an early age.

Thelma, Velda May, Fay Deane, Bonnie Lou, and Stanley.

In the summertime, Thelda and I worked in the hay field with our papa; piling the hay shocking the grain, driving the team, or whatever there was to do.

We had a lot of music and singing in our home. We had our family prayer night and morning with our parents. They lived by faith and trust and taught us these principals.

When I was 18 years old, I married Roy Bascom and we had seven children. They all have a testimony of the gospel. My daughters and I spend many happy hours working in the temple. Two of my sons have served in the Navy and two in other branches of the service. I have sixteen grandchildren.

My parents taught us to kneel night and morning to pray and this I still do. I thank my Father in Heaven for giving me good parents; for their teachings; and, for my testimony of the gospel.

Four brothers, (back) Raymond, Billie Wade, Stanley, and Farrell Bascom.

THELDA DORTHA MURRAY

Thelda Dortha Murray, born Oct. 27, 1911 in Jensen, Uintah, Utah. Father Johnathan Moyes Murray, and mother Verlie Arnold Stewart. Baptized August 7, 1921 and endowed March 28, 1957.

Married Marion Wall Abplanalp on Jan. 13, 1928 in Vernal, Uintah, Utah. He was born April 2, 1906 in Vernal, Uintah, Utah. Father John Abplanalp, mother Eva Wall. Baptized June 9, 1917.

Other husband: Robert Henderson Gregg.

Children: Clarence Abplanalp, born Oct. 13, 1928 in Jensen, Uintah, Utah. Baptized Dec. 5, 1936. Married July 28, 1961 to Betty Jen Medlen. Died Nov. 26, 1948.

I am Thelda Dortha Murray. Second child born to Johnathan Moyes and Verlie Stewart Murray, on October 27, 1911 in Jensen, Utah; with the aid of a horse and buggy doctor and my great-grandmother, who was a very good

midwife. I was a Tuesday's child and came to this world on a dark rainy night.

My parents were good, honest, hard-working people, and firm believers in the ten commandments. We were taught to abide by them at an early age. I had a strong trust in God and trusted in my faith and His guidance in all my needs.

I started school in Jensen at age 7 and graduated from the 9th grade at age 13 and went out on my first job away from home. I tried to make enough money to attend high school but, gave up after one year and married Marion Abplanalp in January of 1928. We had one child, a son. After fifteen years of marriage, we divorced. I went to work to send my son to school. When he was 18, he went into the Navy for 18 months. When he got home in 1949, he married.

In 1950, I married again and this marriage was a happy one. We were married for 6 years when Bob had a massive heart attack and died; leaving me alone again. I moved back to Vernal and lived with mother, who was a widow also.

In September of 1958 I married Henery Merkley. Five years later he passed away. Mother had surgery and passed away January 3, 1958. Then in July 1961 the bottom really dropped out for me when my son was instantly killed in a trucking accident; leaving a wife and three little children — all under 8 years old.

In May 1964, about nine months after Henery died, I had a serious heart attack and spent the summer getting over that. During this time, Harold McKee was seeing me. He was good company and really saved me from going off the deep end. In September 1964 we married and are still enjoying a good life in 1980.

I have all my temple work done, and have done work for many more good souls. I have worked in all the church auxiliaries at the stake and ward levels. At the present time I am the Social Relations Teacher in the Relief Society. I have been a visiting teacher in the Relief Society for 32 years. I hope my testimony will be strong enough to withstand all the buffeting that will come upon us. My blessing are many and I am so thankful for all our blessed Savior has given us as a family and a people.

THELDA DORTHA MURRAY McKEE

By Alberta Murray Oaks

Thelda was an unforgettable, beautiful lady. She was known for her friendly, happy countenance and laughter, loved so dearly by her brothers and sisters.

She was especially loving and caring for her three grandchildren, her only son being killed in an accident when the children were small. They seemed to fill the great void and loss she suffered in losing her beloved son.

Nieces and nephews adored their Aunt Tillie as they called her, and their children loved her so much. She loved each of them. She had time to dry a tear, wipe away the dirt, and comfort them when needed. They all loved to visit Aunt Tillie.

Her kitchen held the aroma of something fresh from the oven. There was always a special treat for them. She was an excellent cook.

Thelda loved God's out of doors, the wonder of the season, the return of the birds in the spring. She loved flowers of all kinds — the neat rows of vegetables were bordered with sweet peas, petunias, and delphiniums. The shelves in the fruit room were filled row after row with fruits and vegetables.

She won many ribbons at the fair with quilts, afghans, hand work and water colors.

She suffered much heartache in the loss of loved ones close to her, but her faith just seemed to increase. Her beautiful testimony became stronger as she became more involved in the Lord's work holding various positions in the ward and stake. She had a deep appreciation for good music and sung in the ward and stake choir.

Our Father in Heaven has told us we are all given special gifts, Thelda's was playing the violin. She was taught by Professor Norman Olsen. She played second violin in the high school orchestra and on two occasions played with the Professor and Mrs. Olsen at conference in the Tabernacle.

Our Mother and Father played the violin also. In the evenings the sweet music of Oh My Father and other hymns could be heard in the cool night air.

She held office in the County Daughters of Utah Pioneers and was captain of Camp May Ruple for four years.

She was a receptionist at the Field House of Natural History for twelve years, employed by Ernest and Billie Unterman.

Being involved was a way of life for Thelda. She loved much, gave more. She gave generously, and withheld wisely, loved by many, admired and respected by all.

She was firm in her devotion to the gospel, the eternal truth restored by Joseph Smith. She prayed diligently to endure to the end. In a beautiful spirit of love and faith, she and others completed this book, ready for the Publisher on Friday, September 19, 1980.

Thelda passed away quietly in her sleep at home September 21, 1980 of a heart attack.

Thelda gave us many beautiful memories to treasure always.

ALBERTA MURRAY OAKS

I am the fourth daughter born to Verlie Arnold Stewart and Johnathan Moyes Murray on July 14, 1915 in Jensen, Utah. They gave me the name Alberta. My parents were kind loving and devoted beyond expression with all of us children, sharing the same love and affection for each grandchild.

Among my memories as a child, I think often of the gifts my Mother gave to me. Materially I don't have much from her, but precious gifts money cannot buy. I shall always be grateful for the wonderful woman who was my mother.

I married Ercil John Oaks on June 1, 1935. A kind loving husband and father to our four children. It seems only yesterday, a few short years at the most, when we were enjoying the growing up years of our children. Church and school activities, baptisms, birthday parties, camping in the mountains. We all have a deep love and appreciation for the out of doors.

I am grateful for my precious husband, children and grandchildren. For the love and happiness they have brought into my life.

I appreciate the various positions I have held in the Church, especially in the Relief Society Presidency. I enjoyed the years I worked at the Uintah County Hospital and San Antonio Hospital in Upland, California.

I shall always treasure the beautiful memories of being sealed to my husband for time and eternity in the Los Angeles Temple at the time Dennis was serving the Lord in the Mission field. This also brought us many spiritual blessings.

Our children have beautiful children of their own, blessing us with eight grandsons and two granddaughters. They are very special to us. Our oldest grandson, Kirby King, married beautiful, talented Jacqui Marshall, giving us our first granddaughter-in-law.

I have many cherished memories that I don't have space for in this short biography being compiled for my journal.

CONNIE OAKS

Connie Oaks first daughter, born to Alberta Murray and Ercil John Oaks on April 10, 1936 in Vernal, Utah.

How can one be so richly rewarded in this life of being blessed with beautiful parents, grandparents, and great descendants as I and my family have? It is almost too much to have asked for. I have so many fond memories of my grandparents and their abundant love for me, of their homestead, plentiful with the riches of the land. Guiding the horse while Grandfather guided the plow, row after row, planting potatoes. Hiding in the cornfields, picking

James A. King and Connie Jean

asparagus and buttercups along the ditch banks. Memories never forgotten and now related to my children, how it used to be when I was growing up.

My grandparents then passed on their sweetness and goodness to my most precious mother, (who is an Angel in her own right) who in turn completed the cycle by choosing my kind and loving father to share her life with. Their union brought forth four children, my two sisters, brother and myself.

We are a very affectionate, sensitive, hugging and kissing family as is my Mother's. I thought every family was that way, until I ventured out into the world and found what we had in our family was very rare and precious. And each of us has our own treasured memories.

I can still recall Mother making home made ice cream, setting it out in the snow to set. Making soap in a tub over a fire outside (which was very laborous I am sure) but I was very intrigued with the finished product. The creation and sewing up on short notice, a dress for a special date. And the one special memory goes way back to those special original pretend stories my Mother would tell us at bedtime or on a quiet afternoon. The race every morning between Daddy and one or all of us, seeing who could get their shoes on and tied first. And to make it even more exciting he would hide one shoe.

Every weekend heading for those beautiful mountains whatever the season, for hunting, fishing and relaxation. The fantasies and thrills of Santa Claus, the Easter Bunny,

Timothy E.

Gregory T. King

and the Tooth Fairy, all so real at one time and now carried over to our children. Figments of imagination of a loving and active childhood. All provided by my parents whom I love so dearly, and I feel they are so perfect.

I married my husband in 1956, and during our marriage we were blessed with three lovely boys. Jimmy and Tim have graduated from high school as honor students as well as being active in football and basketball. Both are now in college, and our youngest Greg is in the sixth grade. They are fine young men and I know I have contributed significantly because of the love and teaching instilled from my parents. Our fondest wish is that our children can say to their children the beautiful thoughts I have relayed of my life up to now that their memories are as touching as mine.

Each time I read the history of my great-great-grandparents, I thrill to their courage and determination to reach this country. They gave up comfortable homes, struggling to survive in a strange and sometimes hostile land.

There were only a few Mormons on the ship they sailed on. They were hated and abused because of this and their faith and belief in the restored Church of Jesus Christ of Latter-day Saints.

The ship was blown off course in a bad storm, they ran out of food, the Captain was mean and beat his crew with chains.

DENNIS ELTON OAKS

I was born in Vernal, Utah on August 21, 1944 to Alberta Murray and Ercil John Oaks. Convinced by a mischievous uncle that I was an "Indian" baby, my three sisters (Connie, Joye, and Marva) were not as pleased about my arrival as they could have been.

I was given the name of Dennis Eldon Oaks. Mom wanted to name me Ercil, after my father, but Dad would have none of it. I have always felt a special affection for my Uncle Eldon Oaks, whom I never knew but whose name became my own. Eldon was killed in France in December of 1944 during World War II, about four months after my birth.

I attended Central School, Ashley Valley Jr., High, and Uintah High School. I enjoyed participating in sports and clubs in high school and was the student body vice president my senior year.

After graduating from high school in 1962, I attended Weber State College where I was a member of the freshman basketball team.

My father and I were both baptized and confirmed members of the LDS Church by my Uncle Wilber Murray on February 28, 1953.

In September of 1963, I went on a mission to the "Central States." I spent nearly all of my mission in various areas of Oklahoma including Cushing, Stillwater, Clinton, Oklahoma City, Duncan, Anadarko and Talequah. My

companions and I baptized 43 people during my mission. during my mission.

Little did I know how much my mission would shape the years that followed. I shared snacks with a young lady missionary seated next to me on the train taking us to the Mission Home in Independence, Missouri. And while we were physically far apart throughout our missions, upon completion of my mission I began to date "Sister Clement" (Gloria Jean Clement) and married her in the Salt Lake Temple on November 19, 1965.

That day was only the beginning of a five year period of major events in my life. On July 12, 1967 I became a father and we named her Stephanie. I graduated from the University of Utah in 1968 and then, in repeat fashion, became a father for the second time and got my master's degree from the University of Utah, both in 1970. We named our new son, David.

I taught school for one year (1969-70) at Churchill Jr. High in Salt Lake City. A highlight of that year was coaching the school basketball team to the Salt Lake Valley Basketball Championship with an undefeated record. I remember those boys well.

I was accepted by Oregon State University for postgraduate study and Gloria and I took our two small children and a few possessions and hit the "Oregon Trail". Some of our fondest memories are of the seven years we spent in the beautiful Pacific Northwest. We made many lifetime friendships in Corvallis, Oregon and Vancouver, Washington, where I was employed.

In October 1977 we returned to Salt Lake City where I work for the U.S. Bureau of Land Management in it's Utah State Office as an environmental specialist.

On April 2, 1978, Jeffrey Blake was born, rounding out the Oaks family to five members.

Marisa Lynn Christensen, born March 28, 1978 in Bountiful, Davis, Utah. Sealed to parents Oct. 10, 1978 SL.

I am the fourth child of Einor Carl Christensen and Verlie Murray, born June 18, 1944 in Vernal, Utah, and the youngest of four children. I have three older sisters, Carma, Lois, and Karleen.

When I was about 5 years old my parents were divorced. I went with my father, along with my sisters, Carma and Lois. My youngest sister, Karleen went with my mother. Mother moved away and eventually married Maurice Gifford. They were divorced in 1976. Mother died suddenly of a heart attack on April 7, 1977.

My father was a sheep herder. Therefore, he was

gone a lot and we lived with Aunts and Uncles to go to school. I always spent my summer vacations with Dad at sheep camp. My sister, Lois, usually did, also. This was always such an enjoyable time for me. I learned so much from my Dad during these times. We had a lot of fun catching and riding horses and just being together.

While I was living with my Aunt Millie (Dad's sister) in California, I was baptized a member of the Church of Jesus Christ of Latter-day Saints in a lake outside town.

When I was 16, I went to Denver, Colorado to live with Mother and Stepfather for a short time.

Then I returned to Utah, where I met and married my first wife, Sara Hope Ruybal, on December 15, 1961. Sara and I had one child, a daughter, Patti Jean, born May 4, 1964. Sara and I were later divorced.

I joined the U.S. Army in 1966, where I spent two years, one of which was serving in the Vietnam War. In 1968 I was released from active duty with an honorable discharge.

While I was home on leave from the Army, I met my present wife, Delores Broadhead, in Salt Lake City, Utah. We corresponded during the remainder of time I was in the Army, and upon my discharge, we were married on September 20, 1968.

Delores and I have been blessed with two beautiful children: A son, Chad, born August 22, 1974; and, a

daughter, Marisa, born March 28, 1978.

On May 4, 1976, I was able to take my wife and Chad to the Salt Lake Temple to be sealed together as an eternal family. This was such a wonderful, spiritual experience — one which I shall never forget. Then, on October 10, 1978, we were able to return to the Salt Lake Temple to have Marisa sealed to us. At that moment I knew that the Lord had blessed me with all that really matters in life — a wife and family and a chance to be together for all eternity.

WILBER J. MURRAY

Wilbur J. Murray, born Aug. 10, 1920 in Jensen, Uintah, Utah. Baptized Aug. 6, 1933, endowed April 28, 1955, and sealed April 28, 1955. Married June 7, 1943. Father, Johnathan Moyes Murray, and mother, Verlie Arnold Stewart.

Wife, Mary Elizabeth Powers, born June 28, 1922. Baptized May 6, 1950, endowed April 28, 1955, and sealed April 28, 1955. Father, John William Powers, and mother Nomel Mae DeBoie.

As I think of many things for good that has come forth in my life, I am ever grateful, especially as Nephi expressed it: "I was born of goodly parents" in Jensen, Utah, Uintah County, August 10, 1920, which I honor and revere with all the love that is possible.

I have wonderful brothers and sisters which are very dear to me and I love them for what they mean to me. I have a wonderful and beautiful companion that I met while in the service of my country which has blessed our home and my life very much, Mary Elizabeth Powers. On June 7, 1943 we were married in Tacoma, Washington. One of the great blessings that came into our lives was when Mary was converted to the gospel of the Church of Jesus Christ of Latter-day Saints and was baptized in 1952. She helped me back into activity in the church and on April 28, 1955, we were sealed for Time and all Eternity in the Salt Lake Temple.

I had been a member of the Church since August 6, 1933 when I was baptized in the Green River at Jensen by Brother Angus Merrill and confirmed August 7, 1933 by Brother Alton Peterson. I had the Aaronic Priesthood conferred upon me and was ordained to the office of a

teacher at that time. Before my activity back in the Church, I didn't know how much spirituality and the need for my Heavenly Father I had missed.

Sunday was like any other day for me because I had lost sight of what that day August 6, 1933 had meant to me in the returning to eternal blessings with God, the Father and His Son, Jesus Christ. We lived in Vernal Second Ward at this time and Philip Watkins was the bishop. I went and had a talk with him and told him I needed to repent of things in my life and do the things the Savior, Jesus Christ, would have me do.

I was ordained a priest on March 26, 1950 by Ralph A. Bryson. March 30, 1952, the Melchizedek Priesthood was conferred upon me and I was ordained to the office of Elder. On December 2, 1956 I was ordained a High Priest by Spencer W. Kimball, an Apostle who is now the president of the Church.

My line of Authority: Wilbur J. Murray was ordained a High Priest Dec. 2, 1956 by Spencer W. Kimball — Spencer W. Kimball was ordained an apostle Oct. 7, 1943 by Heber J. Grant — Heber J. Grant was ordained an apostle, Oct. 16, 1882 by George Q. Cannon — George Q. Cannon was ordained an apostle by Brigham Young — Brigham Young was ordained an apostle Feb. 14, 1835 under the hands of the Three Witnesses, Oliver Cowdrey, David Whitmer and Martin Harris. The three witnesses were called by revelation to choose the Twelve Apostles and on Feb. 14, 1835 were blessed by the laying on of hands of the Presidency, Joseph Smith, Jr., Sidney Rigdon and Frederick G. Williams to ordain the Twelve Apostles — (Hist. of the Church vol. 2) Joseph Smith Jr. and Oliver Cowdrey received the Melchizedek Priesthood under the hands of Peter, James and John — Peter, James and John were ordained apostles by the Lord, Jesus Christ. (John 15).

I served as Sunday School president, president of the Young Men's Organization, Sunday School teacher and as Bishop of Vernal Fourth Ward.

We moved to Springfield, Mo., April, 1960, as moved upon by the Holy Spirit, to help build up His Kingdom here. I served as Branch President here for four years, as District President, eleven years, two years as first counselor to Bishop Michael Welch, Springfield Ward. My patriarchal blessing promised I would set in council with my brethren. What a great blessing and privilege this has been with such great men. My cup runneth over — My prayer is to remain faithful to the end.

ELIZABETH (BETH) MURRAY ADAMS

I was the seventh child born to Johnathan Moyes and Verlie Stewart Murray; on February 10, 1923 in Jensen, Utah. My dad told me that I had picked the coldest night of the year, as it was 40 degrees below zero; and, he had to go out into the cold and bring a mid wife to our home.

Jensen was a small town and it was so much fun growing up there. I attended the Jensen grade school and it was such a happy time. I still have close friendships with my old school friends.

We didn't have much in the way of worldly things; but, we were a close and loving family. My father and mother had lots of love for their children. My grandmother Stewart was sick a lot and I had to stay with her. I would get so lonely for my family that I would walk three miles twice a week to see them for just a little while and then had to walk back to grandmother Stewart's before dark.

When I was in the seventh grade, we sold our home and moved to Vernal. I thought this was great because there were more stores and a movie house. Up until this time we didn't see many movies as it was fifteen miles from my home in Jensen to the movie house and so wasn't very easy to get there.

When I graduated from high school, I went to Salt Lake City. I worked and saved enough money to go to Los Angeles to visit a school girlfriend. I spent two weeks with her and saw a lot of the big city. On my way home, I stopped in Las Vegas. There I worked as a waitress; met, and married Ray E. Adams. We lived there a few years. Then, in 1947, we moved to Blackfoot, Idaho where his family lived.

Idaho is a beautiful state. We love to fish and camp out. Ray is good fishing for Salmon. We were in business for many years. We own a beautiful home. My husband is retired now. My son and his dear wife and lovely daughters live close by and are a great joy to us. Ray's father is 90 years old and lives with us. We went to the

Idaho Falls Temple July 28, 1976. Ray is an Elder and is active in the home teaching program. I still work at the American Potato Plant as a state inspector. I teach the visiting message and am a Relief Society Visiting Teacher.

MAX E. ADAMS

Max E. Adams, born Nov. 3, 1942 in St. George, Wash., Utah. Baptized Nov. 3, 1957. Married May 19, 1962 in Blackfoot, Bingham, Idaho. Father, Ray Edward Adams, and mother, Elizabeth Murray.

Wife, Helen Hatch, born May 8, 1941 in Moreland, Bingham, Idaho. Baptized June 4, 1949. Father, Russell Hatch, and mother, Merle Hatch.

Children:

Denise Adams, born Mar. 2, 1963 in Westminster, Orange, California. Baptized March 6, 1971.

Natalie Adams, born June 6, 1966 in Slidell, Parish, La. Baptized July 6, 1974.

Jennifer Rae Adams, born Feb. 18, 1974 in Blackfoot, Bingham, Idaho.

I was born in St. George, Utah, to Ray Edward Adams and Elizabeth Murray Adams. We moved to Las Vegas, Nevada for about four years where I went to school. Through high school I got interested in stock car racing and won a lot of trophies with my "Green Machine."

After I graduated from high school, I went to Salt Lake City to Utah Trade Tech where I studied electronics. While living there I married my high school sweetheart.

After graduating from Trade Tech, the school placed me on a job in Anaheim, California at the North American Aviation. We stayed there for three years. Our first child was born there March 1963. The company was sending some employees to the south where they were opening a new plant. We were sent to Stedell, Louisiana. I worked on the Minute Man Defense System and test tried the rocket they sent to the moon. We stayed there for over a year. It was very exciting. We lived through Hurricane Betsy. Our second daughter was born in June 1966.

Then I was transferred to Arco, Idaho; just outside of Blackfoot; at the Atomic Energy site. Helen and I and our three lovely daughters live at Riverside where we bought a small farm and started to raise pigs. We have lived here for about 10 years, where I have kept busy working at the plant and raising pigs. We almost were swept away by the big flood that came down Snake River when the dam broke. We had to get big trucks to move our pigs; but, outside of our home being badly damaged, we got through it without too much loss. Mother and dad took us in until we could get settled again. We have it all repaired and hope to live many more happy years here.

Erma and Elmer Casada

ERMA MURRAY

I am a daughter of Johnathan Moyes and Verlie Arnold Stewart Murray, born on September 5, 1926 in Jensen, Utah, Uintah County.

I went to school there until I was starting the fifth grade. We moved to Vernal where I finished my schooling.

I loved to sing as a young girl. I sang in the school operettas and every amateur show under Karl Emgar. I remember well my first permanent from Mrs. Calder and my store bought dress to sing in my first high school operetta.

My childhood was a happy one, being the baby girl, and having six older sisters and one older brother, I'm sure I pretty well got my way.

We were taught love and respect for our parents and for each other. That love grows with each passing year.

I married Everett Hughs Goodrich on December 11, 1946 in Las Vegas, Nevada. Our marriage was sealed in the Salt Lake Temple on June 11, 1964.

We have two sons and two daughters. Kelly Dean, Gary M., Debra and Jodie. They are all married and have beautiful families of their own. I have nine grandchildren.

I have served in the presidency of all the church auxiliaries. I was a visiting teacher for twenty years, and am still enjoying this calling.

Divorced.

Married Elmer Lamont Casada on July 14, 1968.

Boyd and Keitha Murray, Diana, Michiel. (Richard Scott, insert)

BOYD MURRAY

I am Boyd Murray, the tenth child of Jonathan Moyes and Verlie Stewart Murray, born February 19, 1932. My early life was spent in Jensen and then in Naples. My youth was filled with lots of love and hard work. My dad was always with us boys, to guide us and give us good, sound advise and council. It seems like I was always able to find work and was so glad to share what little I made with my dear Mother and Dad.

When I was about 18 years old, a couple of my friends and I decided to go to San Diego to live and work. We learned a lot, being on our own, and have many good memories of our times together.

In December of 1952, I decided it was time to get married. As my sweetheart had moved to Casper, Wyoming it was necessary for me to call long distance to pop the question. She said yes and so I married Keitha Nelson, daughter of Isaac and Flora Cladwell Nelson, on the 26th of December 1952, at the home of her Aunt Eva Hatch in Vernal.

We lived in Vernal for a few months, then moved to Nebraska. We didn't care for the country or climate so we moved back to Casper where Keitha's mother was living. Our three children were all born in Casper. Michial Boyd, born January 14, 1955; Dianna Lynne, born July 25, 1957, and Richard Scott, born October 27, 1959.

When Rick was five weeks old, we moved to Blackfoot, Idaho to be near my sister, Beth and to go into business with her husband — Ray Adams. I eventually bought him out and had that service station for 15 years until ill health forced me to sell.

We bought our home in the country 13 years ago so I could raise some horses and cows. Keitha has been active in the Junior Sunday School and assistant coordinator for the last four years. She really enjoys this position as she loves the little children very much. We enjoy Dianna and Steve living so close to us. It enables us to see our only granddaughter and we enjoy her so. Michial is back home with us again after spending 8 years in school for the

Retarded children in Idaho Falls, Idaho. He did so very well, winning gold medals in his swimming and track and field events on the state level. He also won 2 silver medals at the World Special Olympics held in Michigan in 1975. Rick is serving a mission for the Lord in the London England East Mission. He loves his work and is very happy. From all reports he is doing a very good job. We are so very proud, but will be glad when he comes home in December 1980.

JOHN MURRAY AND MARY ASHBY MURRAY BIOGRAPHIES

JOHN MURRAY
by Douglas Murray

John Murray was born in Melrose Parish, Roxburgh County, Scotland on June 20, 1814. For those readers familiar with existing genealogical data, it will be immediately apparent that the birthplace I have stated is at variance with those sources. I base my premise on several key points. Firstly, John faithfully swore on no less than three occasions (twice to complete records of the Church Historian's Biographies of Seventies and once at the time of his ordinance work in the Endowment House) that he was born in Galashiels, Roxburghshire, Scotland. It will at first appear that I have made an error — that these are incontrovertible facts. But a close examination of a Lowlands map reveals that Galashiels is in Selkirk County and not in Roxburghshire.

Having lived in England for several years myself, I am keenly aware of the average Briton's allegiance to his county of ancestral and home ties. Assuming that John was not basically different than his countrymen in this regard, it is more probable that he would purposely misinform someone about his little known birthplace (Melrose is hardly known out of its adjacent district) and in its stead declare a larger town that anyone from Scotland or with a Scottish map could relate to. In his declaration of birth, however, he could never disclaim Roxburghshire as his home county, but instead began a village and county statement combination that would satisfy all interested parties.

Secondly, the family had been living in or around Melrose since David Murray came down from Stow in 1753. David's children were born across the River Tweed in Drygrange, and one of them, David Junior, raised his family there as well. And in turn, one of these sons named Andrew must have also resided in the parish of his fathers.

We know little of John's father except what he told us of him. In Scottish genealogy it is not unusual to find sketchy data within parish registers due to the nature of their authorship. For example, if Andrew had become disaffected with the Parish Vicar it would have become difficult for him to get his marriage solemnized or to have his children christened in that parish. Or if the young couple could not afford to pay the several shillings "to the poor," they would simply forego the ceremonies of marriage and christening and live outside of the Vicar and his records. As a result, there is much missing from parish registers — I believe that Andrew Murray and his family became victims of this unfortunate situation.

Thirdly, although the parish records note nothing relating to the life of John's father, it does record that his mother died in Melrose. If you consider the fact that she died of "declining health" when John was only one and a half years old, it would be safe to assume that she had been in the area since John's birth. If she had been there then John also was either in or very near Melrose during his early years.

And lastly, John's declarations of his birthplace being in Galaxhiels are quite in order considering that they were made several thousand miles from the place in question. I would speculate that it became his habit while in the British Army to reply to inquiries of his birthplace with an answer his fellow Scots could recall seeing, passing through, or hearing about. Since Melrose is such a tiny village and Galashiels (which lies four miles westward and is much larger) would be known by more of his comrades, he came to use the latter as his standard reply.

In keeping with this same thread of logic, consider what his children submitted to the author of *Pioneers and Prominent Men of Utah* prior to its publication. In the brief paragraph highlighting John's life, he is credited as having been born in Edinburgh (which lies thirty miles to the northwest). Just as Melrose meant nothing to his fellow soldiers or to those who whom he later associated, he declared his birth in the largest nearby town; so also did Galashiels mean nothing to his American-born children who proceeded to declare his birth in the largest nearby city.

The second major discrepancy which must be cleared up has to do with his parentage. For the early genealogist it became quite an easy task to match up a child with a parent simply because the names were the same, and therefore there exists several Family Group records and the current edition of *Pioneers and Prominent Men of Utah* with errors in them. John's parents were Andrew Murray and Elizabeth Elliot as attested to by the fact that he declared so on the same three separate occasions listed in footnotes 1, 2, and 3. I personally hold this as incontestable evidence, and refute any contradictory pedigrees.

There exists documentation, however, which would indicate that John was raised by his grandmother, Christian Murray. Three facts bear out this conclusion. Firstly, John's mother died in January of 1816 and the eighteen month old child had to be cared for by another adult. Secondly, John joined the army in 1827 when only thirteen and a half years old. Thirdly, John's pay record

did not list a parent as next of kin. When these disjointed facts are pieced together it becomes apparent that upon the death of Elisabeth, Andrew gave the infant to his mother, Christian, because he had work commitments that precluded his raising the child. As John grew without the special kind of love that only a parent can bestow, it was easy for him to leave home at that early age and join the army. Once in His Majesties service, however, he made compensation to his loving grandmother by making her his beneficiary.

Proceeding with the assumption that young John was raised with his grandmother, his adolescent behavior becomes quite predictable. He fell heir to a socio-economic future that was bleak at best. Even if his grandmother was not impoverished, coin and currency were rare commodities in rural Scotland. There, most people who got their living from the land either were or came to be simple wage-earners, and the nearer one approaches 1830 the greater the proportion of the rural population that falls into this category. The wage that they earned was meager and usually in kind. To illustrate my point here is a note taken from the observations of an 18th century commentator:

"Victual (food) then is all the product of this countrey and when it giveth a good price then it goeth well with the masters and heritours (inheritors), but when it is otherwise they are ordinarily much strained for money. The women of the countrey are mostly employed in spinning and working of stockings and making of plaid — webs, which the Aberdeen merchants carry over sea. And it is this which bringeth money to the commons, other ways of getting it they have not."

When the chronicler said that the common people had no money except from their wives' earnings he was not necessarily using a figure of speech, and although the system had become modified somewhat when John was a young man a century later, it had not totally disappeared. A Lothian hind (a skilled farm worker or servant from John's area of Scotland) in the 1820's was still paid mostly in grain: every year he received "a conventional quantity of oatmeal, barley, and pease (plural of pea), possibly ten, three, and two bolls (bowls full) of each" together with grazing for a cow, harvest victuals, and possession of a garden of one sixteenth of an acre. Unless the hind had a large family, he sold some of the meat to village tradesmen or farm servants who were not paid in kind. The hind would now, however, also get a small money wage amounting to a half or a third of the value of his total income. To a highly skilled ploughman this might by 1815 be as much as £15 or £20 a year in cash. The unskilled farm worker of the same period, the "day labourer" who lived either in a bothy (back room) or in his own hut apart from the farm buildings, was almost completely dependent on a money wage. Should he graze a cow and keep meal in bulk like the hind, he had to pay the farmer the market price for grazing and grain out of his cash earnings.

At thirteen years of age, John could have still been living with his grandmother or could have been an unskilled farm worker on a neighboring farm. In either circumstance he, although poor, had the same dreams as

any young man of that era: after running away from home and finding his way to the New World, adventures and fortunes would await him as the ripe fruit awaits the picker's hand. It is not small wonder then that he saw in the Royal Army a means to fulfill his vision of travel and learn a trade too.

Although John's activities for the next three and one half years are not specifically known, I would speculate that he apprenticed as a wright during this period. When this was completed in August of 1831, he sailed with his regiment from Aberdeen to Quebec as a part of King William IV's show of force to threatening advances by expansionists in the United States. Historians fail to show any significant border disputes during this period, so I will assume that John was a part of a security force of some kind. We can also conclude that John's involvement with the Americans either before or after his desertion was not one of armed conflict because while he was in the Toronto, Ontario area adjacent to Niagara Falls he was free enough to cross the border and mingle with the "enemy". Whether it was the attraction of America, or its young ladies, or both, that compelled him we do not know. He did serve the crown for eight months at the York Garrison in Toronto, however, but the freedom offered across the river was too much to resist. Desertions must have been relatively common, because in his Regiment alone there were seven others during May 1832. He probably found employment in the Buffalo area and sometime during the following seventeen months met the lovely Irish immigrant named Sarah Bates whom he courted and married on October 28, 1833 in Buffalo, Erie County, New York by Henry Slade, Esq. He took his new bride immediately to settle with him in southeastern Michigan. It was here in Monroe, Monroe County, that they lived for the next eleven years (Monroe lies midway between Detroit and Toledo). It is in Monroe County that we find recorded the family's first seven children coming into the world: Christian, John, Edward, Richard, Elizabeth, Robert, and Jeremiah Hatch. Christian died when she was eight and one half months old, followed a year and one half later by the death of their third child, Edward, when but two days old. That was on Christmas Day, 1837.

It was the birth of the last child, Jeremiah Hatch, which coincided with the conversion of the parents to the Mormon faith, and because the couple were so impressed with the missionary which brought the Gospel to them, they named their new born son in his honor. John and Sarah must have been very inspired with the words of Elder Jeremiah Hatch, for they willingly prepared to leave their home and journey to be with the Saints in Missouri. The Church was still young and there were many trials which awaited them as they set out to follow this new faith. Among the hardest decisions to make were those concerning the sacrifices that would be expected of them, and the possibility of the giving of their lives in the struggle (the Prophet Joseph Smith and his brother Hyrum had been martyred in Carthage, Illinois just two weeks prior to the Murray's baptism). But undaunted, John, Sarah, and the family took the necessary steps to outfit

themselves for migration, and departed to join the Missouri Saints shortly following their 1844 conversion. In their journeyings they must have at one time dwelt in St. Louis for their last child, Joseph Albert, was born there in 1846 and died there two months later.

We don't know how much time elapsed during this Missouri chapter, but I suspect that while there John responded to a general epistle sent by Brigham Young and the Twelve from Winter Quarters December 23, 1847, calling all converts of the Church to gather to the eastern bank of the Missouri River preparatory to the further migration to the Rocky Mountains. They were called to settle temporarily on the land then vacated by the Pottawattamie Indians, and owned by the United States Government. Kanessville (as the main settlement was to be called) was to be their resting place for a season. This Pottawattamie settlement lay across the Missouri River from Winter Quarters (Kanessville is present-day Council Bluffs, Iowa and Winter Quarters is present-day Omaha, Nebraska). There were about 1,500 Saints located on the Pottawattamie lands at this time. "Their settlements extended some fifty or sixty miles along the east bank of the Missouri river, reaching back to the east side of the said river some thirty or forty miles." John and his family were domiciled in dwelling 845 (as indicated by a census taken in the spring of 1850 for the First Presidency). Robert Murray was not included in that census because he died earlier that year at the age of eight.

The events of the next two years are a matter of much political intrigue that could easily carry me on for several pages. Let me suffice it to say that the political parties of Iowa (namely the Whigs and the Democrats) were keenly interested in the several hundred votes which existed in that county.

The most ambitious and outgoing of the two major parties was the Whig Party, for its representatives openly solicited Mormon leaders and succeeded in capturing their confidence by assuring them that the Whigs were "pledged to them and the country to a firm and unyielding protection to Jew, Gentile, and Christian of every name and denomination, with all other immunities rightfully belonging to every citizens of the land." This set of promises proved to be the balm necessary to restore the Saints' confidence in political processes and politicians, and the Saints very generally voted for the Whig ticket, state and national. This of course embittered the Democratic Party of Iowa against the Saints, who, in the course of the next few months, swore revenge.

It was while the Democratic State Senate was passing resolutions against the Saints that the First Presidency in Salt Lake made it quite clear to the Pottawattamie settlers that theirs was never intended to be a permanent settlement and that they should prepare to leave the next spring (spring of 1852). Apparently the Saints had become quite comfortable in the area and really did not look forward to the long trek westward. But west they did go, and among them was John and Sarah Murray plus their four surviving children. *Pioneers and Prominent Men of Utah* states that they came by oxteam complete with their struggles, hardships, relief, and rejoicings.

The early Church leaders wasted no time in putting John's talents and energies to work and ordained him a Seventy in September, 1852 just a month or so after arrival in the valley.

The 29th Quorum of Seventy was a part of the Kaysville Ward which is located fifteen miles north of Salt Lake City. Whether or not he resided there permanently is difficult of ascertain. Two months later (November, 1852) John and his wife Sarah received their own endowments in the Endowment House in Salt Lake City, however they were not sealed as husband and wife for another twelve years.

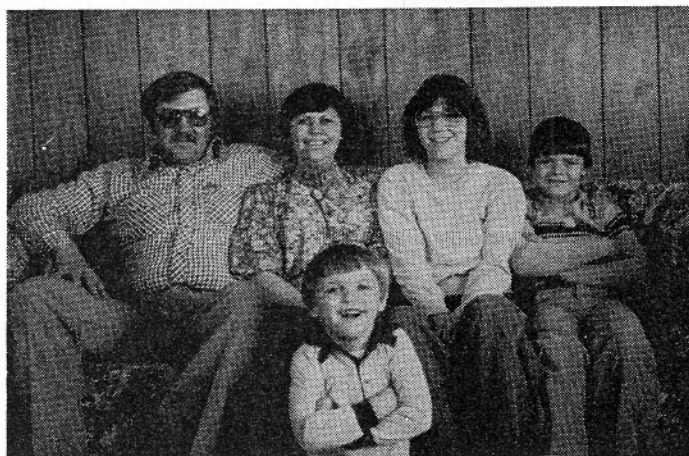

A month and a half later, (late December, 1852) the John Murray family appear in the "Report of the Bishops of the Church" in American Fork, Utah. This report was ordered by President Young to account for those who had or had not successfully negotiated the plains, and again, I have no way of knowing if this was at all permanent, for no other records appear for him in American Fork.

American Fork lies twenty-five miles south of Salt Lake City and is therefore a considerable distance from his first touchdown in Kaysville, but this does not end his migration, for his next domicile was Spanish Fork, twenty more miles south of American Fork.

It is generally accepted that Spanish Fork was the family home for it is here that he owned a farm, raised his children and died. It was here, no doubt, that he must have practiced the wheelwright's trade and since Spanish Fork is a relatively small town, I would speculate that it is possible that he may have been the only one in its service.

Six months after his settling in the valley of the Great Salt Lake he followed the counsel of the Brethren and took another wife to wed. Her name was Ann Denston, and she was followed in polygamy some time later by Mary Gale. It is not known what Church callings he held, but we do have the word of Pioneers and Prominent men of Utah that he was a Patriarch. Like so much of Eschom's data, it seems unlikely that he held this Church calling since he is not listed in the Church Historian's file of Patriarchs. I would speculate that his family, who submitted his biographical sketch for Eschom's volume, thought of him as the head of the Murray Clan in America and therefore regarded him as the patriarchal head of his extended family. He did ordain his second oldest son, Richard, an Elder in March of 1858 and his oldest son, John, an Elder in December of 1859. Besides these ordinations, he is also on record as having performed some baptisms and marriages as late as 1863. The Spanish Fork Ward does not contain membership records for John Murray so we cannot tell in what capacity he was functioning.

John's ties to Spanish Fork were not unbreakable, for in 1865 he accepted a call from President Young to be a "missionary to the Muddy." It was not a mission as we know it today, and therefore he was not a missionary in that same sense. The Muddy was an area to be colonized by Mormon families because it was thought by Church leaders to be in southwest Utah and thereby an asset to them. (It wasn't until after settlement that surveyors found the Muddy to lie within the boundaries of Nevada.) The

Muddy Valley, now Moapa Valley, lies on the lower tributaries of the Rio Virgin about forty-five miles to the northeast of present-day Las Vegas and about seventy miles southwest of St. George. John Murray and the other fifty families which first saw the Moapa country were greeted by a lonely barren desert, which was made still more forbidding by being occupied by marauding Indians, who were always ready to attack weak and defenseless travelers, and neglected no opportunity to prey upon the animals of the whites. The colony was lead by President Thomas A. Smith, and his assignment was to put a white foothold in the area which the authorities of the Church ascertained was even lower in altitude than St. George, where cotton and other semitropical products could be raised successfully. Another object which Brigham Young had in view was the possibility of shipping immigrants and freight from the east and Europe to the Saints in Utah via the Isthmus of Panama, and then ship by water up to the Gulf of California and from there up the Colorado River to the Muddy. President Smith and his company of pioneers arrived in the Muddy Valley early in 1865. These colonizers located St. Thomas and St. Joseph on May 28, 1865, at which time the Saints at St. Thomas were organized as a ward and St. Joseph as a dependent branch. John Murray with his family, John Murray, Jr. with his and Jeremiah Hatch Murray (my great-grandfather) with his were listed as being among those first settlers in St. Joseph. Its first years' record is herein quoted in its entirety:

"The settlement was organized, W. Foote was elected President May 28th, (organization completed after the 11th of June) about the first of June with Warren Foote Presiding Elder. The city was laid out and a water ditch finished within ten days and the brethren proceeded to plant Corn Sugar cane and some Cotton and garden produce. Considerable Corn, Molasses, Mellons and some Cotton was raised the first year, but the brethren who came without families, mostly returning, weakened the settlement so much that the indians took most of the Corn."

Elder Erastus Snow reported to the General Conference in April of 1868 that the Saints of the Muddy were generally doing well, but "that it must not be expected that everything will run smooth with them, or that they will realize all their expectations." He went on to say that the settlements of St. Thomas seemed to be holding their own, but that he "cannot say quite as much for those located at St. Joseph." He concluded by saying that "it requires stout hearts to develop a new country like that; but perseverance, time and patience will accomplish it." Although his meaning was somewhat veiled, his words bring home the truth of the matter — these settlements were struggling for survival and would probably not last. Jeremiah Hatch Murray's biography is replete with hair-raising stories of Indian raids and very close calls with death. And although he does not mention his father's experiences, I would not be extending probability too far by claiming that John could also relate similar stories. It seems clear from the records that John was not afraid of an Indian fight, and in fact was a veteran of two.

The first occurred during the first year of the colonization of the Muddy (1865) and took the form of scattered, yet systematic, raids carried out by various Utah Indians on the white settlers in the region. As recorded in *A Comprehensive History of the Church*, the Black Hawk War (named after a Ute Chieftain of that name) was a direct result of the refusal of several of the area Indian tribes to accept a congressional enactment requiring the Indians to remove themselves to the Uintah Valley in the eastern part of Utah, south of the Uintah range of Mountains. Although several of the tribal chiefs agreed to the treaty, Chief Black Hawk and a number of subchiefs were not present at any of these treaty and relocation meetings. Subsequently these abstaining chiefs came out in open hostility to the whites.

The war itself began with the ambushing of a white man in San Pete County followed by a massacre of a white family in the same area. Soon indiscriminate killings on both sides spread from as far north as Utah County to as far south as Washington County. Although we have no record of any killings in the Muddy Valley, we do have the personal accounts of Jeremiah Hatch Murray which attests to the numerous raids and constant harassment by the natives.

Since we know John was in St. Joseph during 1865 and probably 1866 as well, we can assume that his involvement in the war took one or more of the following forms: defensive settler, Home Guardsman, or mercenary. Judging from his spirit and his Scottish audaciousness, I would not feel it too bold to say that he earned the honor of being a "veteran" by engaging in one or both of the latter two activities. As to the second armed confrontation noted by Esshom, I do not have sufficient historical data on this Walker War to know where or when it took place. Without this information I could not accurately speculate on John's involvement.

Although we do not know how long John and his immediate family stayed in St. Joseph, some historical facts lend themselves to conjecture. We know he performed a few of the baptisms and one marriage in the St. Joseph Branch during 1865 and 1866 and was therefore in the colony during the latter year. We also know that he did not remain with the settlers until they disbanded in 1871 because he shows up in Salt Lake City to swear an oath to become an American citizen in the spring of 1869 (which, by the way, was never followed up with naturalization proceedings). I believe he returned with the group leader, Thomas S. Smith, and his son Jeremiah Hatch Murray in the fall of 1866 due to various reasons, of which I shall try to relate only two. After settlement, considerable prosperity followed the activities of families like the Murray's until the western part of Utah, including the settlements in the Muddy Valley, was transferred to Nevada. Being a new state, Nevada was in need of capital and one of the surest ways to raise needed revenues was to tax. The taxes levied by the new state against the struggling Mormon colonists in the Muddy became so oppressive that their inability to pay contributed in large measure to the disbandment of the settlement in 1871. I believe that John could sense the end nearing and,

knowing that the colony would never survive under its present conditions, left. No doubt the danger brought to his family by the ever-present hostile Indians was also a large contributing factor in the decision to desert the Muddy Mission.

Although the entire enterprise was abandoned early in 1871, and the towns lapsed into ruins, our story of the Muddy does not end here. Some years later the work of resettlement was begun and the little valley now has three towns: Moapa (formerly St. Joseph), St. Thomas, and Overton. These outposts of civilization exist today as grim reminders of our pioneer heritage.

John spent almost the last decade and one half of his life back in Spanish Fork, and although the records are silent as to his activities, I would speculate that he enjoyed the rest and retreat from the desert, the Indians, and the inconvenience of constant mobility. After years of hardship and sacrifice, he no doubt found much solitude and warmth in that small town and took advantage of it to the fullest. His sons and daughters together with their children remained in Spanish Fork until after John's death on November 15, 1880 and Sarah's in 1882. After these passings, the children diffused to areas in eastern and northern Utah where the descendants of John Murray are found in abundance today.

Jeremiah Hatch and Mary Ashby Murray

MARY ASHBY MURRAY
1851-1922

Mary Ashby was born in West Leicester, Leicestershire, England to Samuel Ashby and Hanna Ward on April 1, 1851. Due to the father's ailing health each member in the family did all they could to sustain and keep themselves together as a family. At the age of three years Mary accompanied her older brother, Thomas to the box factory where all day long she would pack the finished boxes that were small enough for her to handle, into the storage room and stacked them in piles according to size. When she got a little older she helped her mother with glove making. Her mother prided herself as being a very good seamstress and would sew the fingers of the gloves together and Mary would turn the fingers of the gloves so that the stitching would be on the inside. When the days allotment of gloves was finished they were wrapped in a bundle and Mary would return them to the factory and get

another bundle of gloves that were cut out to be sewn the next day. It was on these trips to and from the factory that Mary's brother Thomas taught her to read from the bill boards and from the signs in windows.

There was little time for play in Mary's life and on one occasion she took the only doll she ever had, which had been given to her by her brother to the wagon yard, a huge lot where the freight wagons were stored when not in use. She built a play house in one of the wagons. While getting out of the wagon she dropped the doll and broke its china head. When she went home her mother took the doll, scolded her sharply and she never saw the doll again.

Her older brother walked into the country each morning to work on a farm. Each night he would return carrying a bundle of sticks or straw which was used in the fireplace to take the chill out of the house in the early mornings, as they had to get up early to prepare for the day's work. Some of the neighbors being envious of the frugality of the Ashby family reported to the police that they thought Thomas was stealing the straw. Upon investigation they found out it was just a bonus from the farmer to Thomas for being such a hard worker. Mary and Thomas also worked in the colliery.

It was the custom at that time in England when anyone had committed a crime that called for the death sentence, they were hanged in public. It was also mandatory that all the people of the community were to witness it. On one such occasion Mary's uncle lifted her high up into the jail house window where she looked out over a sea of people and saw the body of a man dangling from a scaffold.

Her family received the missionaries of the Church of Jesus Christ of Latter-day Saints and accepted the gospel. When the call came from the General Authorities of the church for the Saints to gather in Utah, the Ashby family could not afford the passage for the entire family so they began to make preparations to send Mary to America. At this time she was fourteen years old. With their meager means they purchased the best leather shoes they could afford for the long walk across the plains of America with Hand Carts. The Sunday evening before leaving England for Utah, Mary walked with her family to church. Upon returning they found that someone had cut the screen in the bedroom window and stolen all her clothes. She had them all cleaned, pressed, mended and laid out on her bed ready to be packed into a bundle. Her new leather shoes were gone too. They called the police and the clothes were located, but in a pawn shop, the thief had pawned everything. The Ashbys did not have enough money to redeem them. Mary started to America barefooted and very meager bundle of clothes, which contained a pair of cloth slippers her mother had sewn for her to wear on Sundays.

The voyage across the ocean was on a sailing ship which took six weeks to make the trip. The passengers on board slept on straw ticks on the open deck. After arriving in America and starting across the plains, Mary's feet soon became calloused and sore. There was no dropping out or turning back. The only course was to daily press on. Occasionally the water man who drove a yolk of

oxen hitched to a wagon filled with barrels of water would let her climb on the wagon where she could rest her aching feet. That was if some of the barrels were empty and her weight would not retard the progress of the oxen.

When they came to the Platte River, they were told to wade across. The fathers carried the smaller children across upon their backs returning to double up and help each other with the hand carts. There was a large encampment of Indians along the river bank which caused a great deal of concern among the company leaders and much fear among the children. However no incident occurred and the company left the river as soon as possible.

Mary told the story of a young girl who was sick and ailing and had become very weary. She asked permission to sit down and rest promising she would catch the end of the company as it came by. That night at roll call this girl was missing. A search party was sent back to look for her. Although they searched the country over they could find not a trace of her. Some thought possibly she had fallen asleep and not heard the last carts go by and had been picked up by the Indians who frequently hunted and followed the trails of the pioneers.

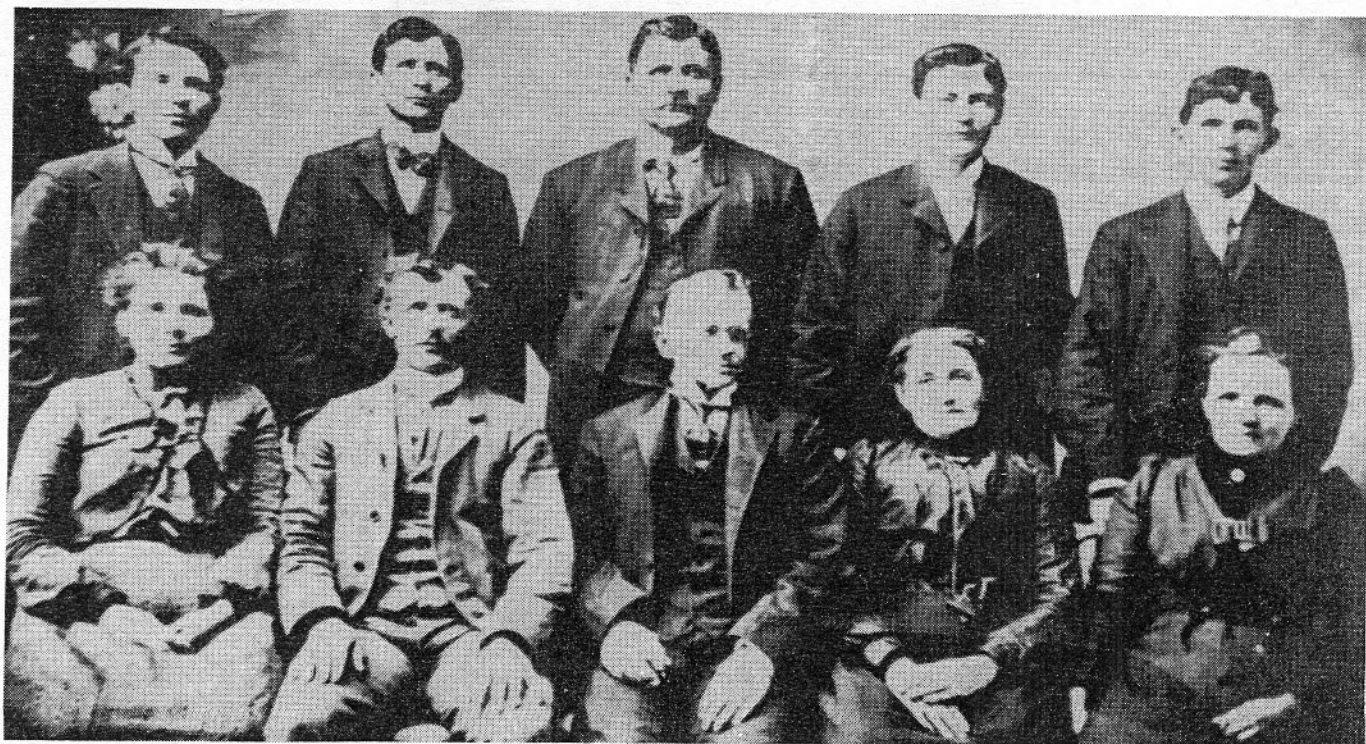

On arriving in the Salt Lake Valley, Mary was asked to help out at the home of Jeremiah Hatch Murray in Spanish Fork. Being still without shoes she went to Spanish Fork. The wife and mother was sick with "milk fever" and had a new baby to care for. Mary assumed the responsibility of nursing the sick mother back to health and caring for the baby. A bond of friendship and love developed between these two ladies. Mary and Karen Maria, the mother of the baby. They cherished each other as sisters.

This friendship grew and was extended to the future

even into the eternity. Because on the Fourth day of March nineteen hundred and sixty five, Jeremiah took Karen Maria and the baby to the endowment house according to their faith and had them sealed for all time and eternity and married Mary on the same day, thus fulfilling the commandment of plural marriage.

Mary bore six sons and three daughters for Jeremiah and resided on a small farm at Spanish Fork until Jeremiah sold the farm and moved her and the children to the Ashley Valley in November of 1886 where he built her a home on forty acres of land in the Mill Ward, now known as Maeser. A year later in the fall of 1887 he moved Karen Maria from Spanish Fork to a home on a tract of land near the mouth of Brush Creek on the west bank of the Green River.

Jeremiah divided his time between the two places. All through Mary's life she was a frugal person never wasting or spending unnecessarily. This virtue she learned from the hard lessons she learned as a child and a girl growing up in England and crossing the plains. Jeremiah eventually accumulated the means by which he sent for her family in England. Her brothers, Thomas, William, Sam and her mother. Mary not only raised her own family but many motherless grandchildren of her widowed sons. Her relationship with Maria was always cordial and an example of sisterly love. Maria passed away on June 12, 1897, and Jerry spent the remainder of those years on the farm in Maeser with Mary until he passed away on September 5, 1909. Mary continued to make a home and care for several motherless children until the time of her death January 16, 1922. Mary Ashby Murray had a posterity of 9 children and sixty-eight grandchildren all of whom are forever indebted to this courageous noble mother.

(Mamie) Mary Murray and Alma Preece

MARY (MAMIE) A. MURRAY PREECE

Mary (Mamie) A. Murray Preece was born on the Green River three miles north of Jensen Bridge, May 21, 1892, the first child of Thomas Ward and Maryetta Caldwell Murray.

I had two brothers and two sisters. A baby boy died at birth. Fontella when she was fifteen months old accidentally drank lye and died. Ward died at age three of Spinal Meningitis. Fern and Delia lived and we grew up on

Doris, Ralph, Alma, Mamie, Maryette, Venna Preece.

the Green River Brush Creek, and in Vernal.

I had a wonderful Mother, she was always doing special things for us girls. When I was ten mother gave birth to a premature baby. Mother and the baby both died leaving Dad with three little girls; three five and ten years old. We went to live with Grandmother Murray. She was very kind to us. When dad married Zinna Nickell, a widow with two children, Delia and I went home to live, but Fern stayed with Grandmother.

Our first school up on the hill had one room, Mr. Pack was our teacher. We wrote on a slate with slate pencils. We later rode horses three miles to the Jensen School. I also went to Central School in Vernal, and the Wilcox Academy. My teachers were Wallace Calder and Theodore Johnson.

As I grew up I worked out for two dollars and fifty cents a week for Mrs. William Neal. Also worked for Uncle Albert Snow. I helped with the Jensen Ferry Boat when he was gone. I moved to Vernal and worked at the Big 4 Store. It was run by Jews. Really got big wages there, five dollars a week. When they sold out I worked for Pard Dodds for two dollars and fifty cents a week. Lottie Preece and I got a job cooking for the men on the Sunshine Ditch. We got a dollar a day cooked for twenty to thirty men.

We had two places where we had lots of fun dancing; the Social Hall and Jake Workman's Opera House. I met Alma at a dance at the Workman Hall. He was a good dancer and so was I so we soon became good good friends. He had a pretty little horse and buggy. We were reckless like all the young ones and used to run races with other horses and buggies.

Alma and I were married Feb. 17, 1910 at the old Uintah Court house, by President Don B. Colton. We lived on the farm that summer and ran the farm for his mother. In the fall we rented a little two room house of Grandma Weise's. We bought a stove, table, chairs and some dishes. Our beds were ticks filled with nice clean straw. They made good beds if you kept them stirred up. We washed them and refilled them with straw time and again.

That fall we went to Brush Creek and on the ranch for my dad for forty-five dollars a month plus board and room and feed for our team. In Jan. 1911, we moved back to the Weise place where our first daughter was born, Feb. 10. We named her Maryetta, after my mother.

We again went to Brush Creek and worked until the fall of 1912 then moved back to Vernal. Our daughter Ora was born Oct. 26, 1912. We rented and ran Grandma Preece's. In 1915 we bought the farm and moved into the old house. On Jan. 28, 1916, our third child, another little girl, was born, we named her Vena. She had two teeth when she was born, she wasn't well and we made lots of trips to Salt Lake with her for surgical care. One winter I took my little girls and we lived in Salt Lake when Vena was operated on.

My dad died in 1914, and left a thousand dollars. We built a kitchen and pantry on the house, put a shingle roof on the house, bought a hand turning washing machine, and spent the rest on cattle.

In 1950 the Ashley Ward was organized off from the First Ward. I was chosen to be the first president of the

Primary in the ward with Mable Preece as first counselor. I worked in the Primary for about ten years. On Dec. 19, 1921, another little daughter was born. Little Phyliss only lived six and one half hours.

On Sunday, May 25, 1924, our little boy Ralph was born. He beat the doctor and nurse. He came in such a hurry with only Maryetta, then sixteen, to help me. Another daughter Doris was born May 29, 1926. This made our family complete.

Alma was put in the bishopric in 1924, and later sustained as bishop of Ashley Ward. He served as bishop for sixteen years, and in the bishopric for 21 years. When Alma was bishop and building the chapel, we had some pretty lean days, but it seemed like the Lord always blessed us. The ward really progressed under his leadership and when he was released, they were completely out of debt and had a surplus. The ward had built two chapels the first having been destroyed by fire.

We had some pretty hard times after we bought the farm. The depression came on, and I never bought things we could get along without. Hamburger cost two pounds for a quarter, milk was three quarts for a quarter, bread ten to fifteen cents a loaf. We never knew what it was to buy bread, and we always had meat, milk, and butter, and a good garden.

I was president of the Y.W.M.I.A. for twelve years and Relief Society teacher for forty years. I received a twenty year pin for Primary and was a Sunday School teacher for several years. I also took two classes in Red Cross nursing. Before we had hospitals, I went lots with the doctors to bring new babies night or day. Sometimes I helped with the babies before the doctor came, but the Lord was always with us. It was work I enjoyed.

Our daughter Ora died at age twenty five on Dec. 11, 1937, that was a very sad thing for us. Alma and I have had a long and happy life. We had six children, five girls and a boy, and they have been a pleasure. After they were raised, we have had lots of interesting things happen. We filled an Indian mission for two years, our call came Nov. 10, 1953, and worked in Whiterocks. It was an enjoyable two years, and we made lots of new friends.

P.S. Mamie died May 26, 1970 after a lingering illness, Alma missed her very much. He remained active in his family, church, and still lives in his own home at age ninety-one with the support and much love of his family. Mamie and Alma loved to dance, and Alma attended the Friday night dances in the Golden Age Center, until about two years ago.

BONNIE JUNE MILLER ANDERSON

Bonnie June Miller Anderson, daughter of Adelia Murray and Jock Miller, descendents of Thomas Ward Murray and Maryette Caldwell Murray married shortly after world War II to John G.E. Anderson who she met in Paris at a DAV Convention. They have one son, Michiel.

Beside her busy service record Bonnie is a graduate in Fine Arts from the University of Utah. In her later years she also worked at the office of Clyde Miller at the Capitol when he was secretary of state.

Bonnie Anderson is a gracious hostess, a collector of souvenir plates and teaspoons and commander of Utah's largest unit of Disabled American Veterans.

It is difficult to equate this imposing, tall, white-haired lady with war, but during World War II she served overseas with the Women's Army Corps. She was not wounded in action, but suffered injuries aboard a military craft in the Mediterranean Sea when it was caught in a hurricane.

"It was a strange, frightening experience," she recalls of the incident. "The force of the storm bent beds like hairpins. Even the ovens were bent. Our ship did a 63-degree roll, and we were sent below decks as human ballast."

One young lady suffered a broken pelvis when she was thrown against a railing. Mrs. Anderson said. "She was a Catholic, like myself, and wanted me to pray for her. I said all the prayers I knew, and went for the chaplain.

He said it was time we all prayed. He just talked with God, reminding him that we had served our country well and were ready to return home.

"I volunteered to go up above and brought back a blanket and two loaves of bread." We all had some, there was still some left — just like in the story of Christ and how he fed the multitude, she said.

Deep religious convictions have helped the Andersons not only through war times, but before and since, she said. Her own devotion has manifest itself in service to others, particularly to veterans like herself and her husband.

As local director of the National Catholic Community Service — an offshot of the USO — She assists in preparing religious services for veterans at the Salt Lake VA Medical Center.

To date, she has accumulated more than 5,000 hours in service at the facility, not only in a religious capacity, but in office assistance, as a receptionist and as a pharmacy aide.

It's beautiful to see a patient smile when you take a minute to talk with him. Many of these veterans are a long way from home and it's a fulfilling and beautiful thing to serve them" she said.

When Mrs. Anderson enlisted on the Army, it wasn't the usual thing for a woman to do.

"I was working at the old Remington Arms Plant out on 21st South and Redwood Road. There was this poster always pointing its finger at us, "Uncle Sam needs YOU." My friend and I decided. "Why not?" We were going to join up and get the war over in a hurry.

Neil and Adelia Soderberg

Don, Adelia, Wally and June Soderberg

ADELIA MURRAY

Adelia Murray, born Oct. 20, 1897 in Vernal, Uintah, Utah, to Maryette Caldwell and Thomas Ward Murray. Married Neil Soderberg Dec. 15, 1921. There were three children born in this union:

1. Wallace Soderberg; born Sept. 8, 1921.
2. Donald Soderberg; born Sept. 4, 1922.
3. June Soderberg; born May 30, 1917.

After enlisting at Fort Douglas, she went to Des Moines, Iowa for basic training, then was assigned to camps in Maryland and California.

She was in London, living at 44 Harley St. (Doctors Row) and engaged in communications work, when VE day brought an end to hostilities in the European theater. Only memories of the blitz bombings and other war hazards remain.

Sent with occupational forces to Weisbaden, Germany, she grieved for the destruction of a once beautiful city. "The opera house was one of the buildings still standing," she said.

She was in Paris when VJ Day signaled the end of the war in the Pacific as well. "The whole city went crazy," she said. "That's when everyone loved us Americans."

After the Mediterranean shipwreck experience, the survivors found refuge in the Azores Island for a short time before the USS Enterprise was sent to pick them up and return them to the United States.

That was in early January 1946. Before long, Mrs. Anderson, still single then, was back in service.

I re-enlisted because I wanted to see Japan," she said. She was assigned to the headquarters of Gen. Douglas MacArthur, seeing him come and go for at least twice a day."

A member of the Air Force Reserve after her tour in Japan, she was recalled for the Korean conflict, but in the meantime had married and was not anxious for overseas duty.

"The rules were that you could take your family along if you were in the first three grades of rank," she recalled. "but because I was a woman, they didn't apply to the rules in my case, so I didn't go to Korea.

At that point a staff sergeant, she outranked her husband, John G.E. Anderson, also a veteran, whom she had met at a DAV convention. She joined the organization because it was more liberal in accepting women veterans than other military groups.

She was elected commander of Chapter 6 and its 2,650 members in February. "There may be other women who hold offices in the national organization, but I don't know them," she said.

Mrs. Anderson is concerned with declining patriotism in America. The veterans' organizations are losing strength as the older members become senior citizens and the veterans of more recent conflicts fail to affiliate themselves she said.

"We have a wonderful country. There are many things we don't like, but still none other can compare. We have to engender new enthusiasm in the home and community and in the schools," she said.

"In World War II, we were fighting 'the war to end all wars,' and there was a spirit of pride, patriotism, esprit-de-corps whatever. The Vietnam didn't generate those kinds of feelings. Somewhere along the line, we've got to renew our pride in our country, get closer to God, and build up our pride in the flag."

He played the violin and loved music and enjoyed entertaining his friends. He owned a restaurant at one time but sold it before he died. He loved his horses, especially Old Nig, the one he used all the time.

It is said of Ward that he was the best man that ever lived and that his word was as good as his bond. He was a good neighbor. He died October 14, 1914. His obituary stated that heart trouble was believed to have been the cause of his death; however, the day before he died he and some friends were engaged in some horse racing. His horse fell and he was injured internally. Even though nothing was mentioned about this accident, the information came from a good source.

The missionary, Monty Phillip Hewett arrived home from his South Carolina Mission on April 7, 1977. We were married in the Salt Lake Temple on June 16, 1977. We continued to live in Salt Lake City until the end of September at which time Monty received

a transfer to the Safeway Store in Vernal, Utah. We moved to Jensen where we lived with my parents while we secured land and began building a home of our own.

On May 7, 1978, Tyler Auer Hewett was born to us. The carpenters began framing our new home the day he came home from the hospital. We were so excited. After the basic structure was completed, Monty and I and my father, Auer Warren completed the home. We moved in on November 8, 1978.

We have enjoyed our new home and Tyler very much. We have been busy putting in yards and building a garage. Our second child is expected in August of 1980 and we are very happy.

It was here I spent my childhood days. I attended school for two years on Brush Creek where eight grades were taught in a one-room school house. Our teacher was Jake Olsen.

I joined the Armed Forces June 24, 1941 and served in North Africa, Sicily, Italy, and China-India-Burma

Theater with the 1049th Signal Corp attached to the Air Force. I was honorably discharged July 18, 1945.

Dennis W. Murray, I am the oldest son of Charles "Chuck" and LaRue C. Murray. I was the second child of five, on a Wednesday, Oct. 27, 1948 at three minutes past midnight at Utah Valley Hospital in Provo, Utah. I weighed eight pounds and eleven ounces, twenty inches long.

I began talking at an earlier age than my sisters or brother. In Nov. 1951, at the age of three I was stricken with Spinal poliomyelitis. I was hospitalized for physical therapy treatments for about six weeks. I know I was greatly blessed, because I was not physically handicapped to any significant degree.

I received my schooling through elementary and high school in the Provo and Orem area and graduated May 27, 1966, also three year graduate from LDS seminaries May 20, 1966. I filled a mission for the church in the Western Canadian mission from March 5, 1968, to March 25, 1970.

I truly enjoyed serving and love and respect the Canadian people. In Aug. 1970, I attended College at Ricks, in Rexburg Idaho for one year. June 1971, I began working for U.S. Postal service and am presently at the Provo Post Office and attending BYU where I will graduate soon.

I lived with my parents in Provo, Utah when I was growing up in Edgemont Ward East Sharon Stake, now called Edgemont 11 Ward, Edgemont Stake. I was active in church and loved their camping and sports program.

Jeff and Diane Murray Croom

I attended Edgemont elementary and was bussed across town to Dixon Jr. High School and then I attended Provo High School and then to College. BYU rejected me, said my grades were too low.

After checking out Dixie Jr. college I decided on Ricks College in Rexburg, Idaho, my Mom's home town and where she was student body president. I attended Ricks, which was a hard act to follow. I never made student government, but did make the honor roll. BYU could not say no now, so the next step was BYU. I loved it and I still do.

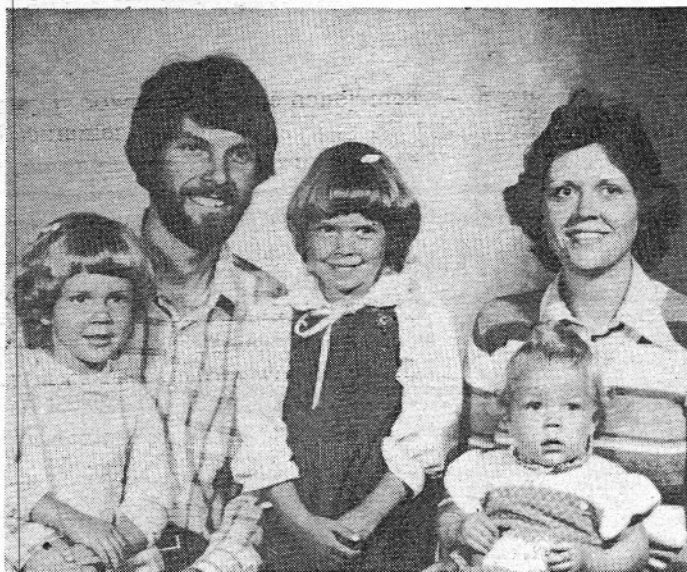

My first job as a car-hop at age sixteen, with A and W Root beer, gave me exposure to the public and interaction with people. I met a lot of people and started dating. My next job was at Ivans Drug Store in down town Provo as a Fountain Waitress from 1969 to 1973 which paid for most of my college education. Next I went into Radiology at Utah Valley Hospital while training to become a technician in X-ray. I decided to go into nursing, was accepted at Salt Lake City BYU Extension Center. I trained at the LDS Hospital, Primary Children's Hospital, Cottonwood Hospital and Utah State Mental Hospital.

After graduation I worked at Utah Valley Hospital as a registered nurse where I met Jeffrey Ray Croom, he was

working in the Respiratory care Department. While attending BYU he was converted to the LDS church, the only LDS member in his family. He served a mission in the Manitoba-Minnesota mission field. We were married July 31, 1976 in the Provo Temple. The Thomas family attended, James Thomas and Charles L. Murray were our witnesses. On our honeymoon I met part of Jeff's family for the first time.

We continued working at the hospital and going to BYU till July 1977, and moved to Port Townsend, Wash. Jeff worked for his father in construction. I worked part time at the Port Townsend clinic, and Kah Tai Care Center. Jeff was unemployed for seven months. Then he was employed by Crown Zellerbach, he worked four months and the Union went out on strike for seven months. He was placed (on call) and had very little work, but got a few odd jobs. We then decided to open up a business of our own so Jeff would have job security. Six months later Crown Zellerbach called Jeff back. I terminated my job and began working in our store full time.

We belong to Port Townsend Ward, Silverdale Stake. Jeff is ward mission leader and one of the seven presidents in the stake. I am home making teacher in Relief Society. We purchased a home in 1978 and enjoy raising rabbits, ducks, chickens, and turkeys. We grow a good garden every year and love the climate and landscape of this area.

My early childhood was spent in and around Lapoint and Tridell Utah. That is where I started school and there thru the fifth grade riding horseback as far as five miles each day.

The year I was a sixth grader Dad & Mom moved all of us, but two married sisters to Jensen, Utah, to the Elmer Snow ranch. There I finished the eighth grade. We were closer to the school, so we could walk the distance.

In the fall of 1933-34, I walked to Highway 40, there we caught the school bus, that took us to Vernal for the 9th thru 12th grades.

It was in the early fall of 1933 at a dance at the old Imperial Hall, I met Asael Oscar Walker, whom I later married. In April of 1935, after our marriage we moved 60

miles west of Vernal, to a town called Mtn. Home, Utah.

Our first four children, 3 boys and one girl were born in or around this town. We had to travel to Roosevelt, Duchesne or Vernal for medical help.

Lucille, our first born was hurt at birth. She has been in the American Fork School for the Handicapped most of her life. Oscar Lee was next, he is a professor at BYU Earl Willis (Bill) a navy air Electronics Engineer, 22 years at this time, then Charles All, a partner at Western Wholesale Flooring Co. in Salt Lake City.

When Charles was 9 months old, my husband found work in Kamas Ut. We lived there a total of 4 years. Their are second daughter Sharon was born.

Due to ill health on my part, in the Spring of 1945 we returned to Vernal. Buying us a home in the Naples Area, Asael worked for 35 years or more at Showalter Ford.

In March of 1945 our last and final child a boy, was born to us. We didn't get to keep him very long, only one week.

We now have 29 grandchildren, one and four-fifths great grandchildren. Mostly boys, only 6 girls. They are really all great kids.

I love the outdoors, we enjoy camping hunting, and fishing. Also rock and bottle hunting.

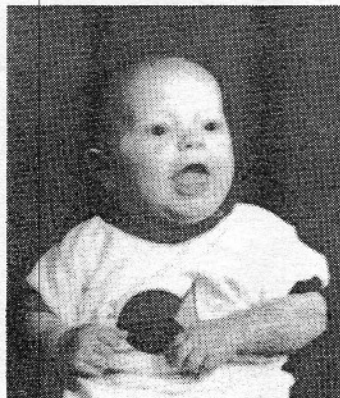

It's amazing how pretty the rocks are when they are cut and polished and made into jewelry, which we also do.

In other words, we just enjoy life and living.

SAMUAL ASHBY and MARY JANE HANSEN MURRAY

Samual Ashby was born Sept. 25, 1874, in Spanish Fork, Utah Co.. Utah, married Nov. 20, 1895, in Vernal Utah.

Mary Jane Hansen born May 10, 1876, to Hans Fredric and Anna Catherine Neilson Hansen.

When the oldest children were small they lived on a farm in Davis Ward, where Jane had a large garden, an orchard

and several hives of bees which she cared for and extracted the honey herself. Every year she canned hundred's of quarts of fruit, many were given to the needy.

About 1904 Sam and Ward bought a saloon (the little Chicago) from Harry Yarnell and the family moved into town on the corner of fifth north and Vernal Ave., and later moved over by the Imperial Dance Hall.

About 1906, he sold the business and moved back to the farm and went to work hauling freight by team for the Uintah Railway, between Vernal and Dragon. A year later he was made corral Boss and the family spent the summer in Dragon, living in a tent and using a freight wagon for a bedroom. That fall he came home and worked on the threshing machine (Jane was pregnant) with Viola. Sam, Ward, and Will ran the thresher together, later Ward sold his share and Sam and Will ran it together for some time. It is not known when it was sold or to whom. In the fall of 1910 they were threshing for Johnny Bennion in the south end of Davis Ward. A deaf man by the name of Jim Smith emptied the hot ashes from his pips in the chaff, starting a fire, destroyed the Separator and Bennion's grain.

Sam and Will went to Salt lake, bought a new Separator and finished the harvest. Of course they had no insurance and had to pay for Bennion's grain.

Sam worked at various jobs while running the farm at the shearing Corral and the Dipping Corral. He was a school trustee until the schools consolidated, was water commissioner for the Upper Canal, also ran cattle and sheep. He died Aug. 29, 1942.

Jane was an active worker in the church, in the Relief Society, Primary, Sunday School, taught Trail Builder class for years. She was on the original U.B.I.C. committee for several years. She was a Midwife, and brought well over a thousand babies into the world, in 1918 and 1919 flu epidemic she nursed one hundred and twenty-nine flu patients, and only lost one. The only pay she received was a Jersey calf, we called her Flusey and she grew up to be an exceptionally good milk cow.

She continued nursing after we moved into town and worked for Dr. Homer Rich, Dr. F.G.. Eskelson, and Dr. Hansen. She also ran the hospital for two years.

During World War II, she worked in a garment factory. She was Secretary of the Ladies Safety League.

Aunt Jane, as she was often called, died July 31, 1945.

MARGARET MURRAY HARRISON FAMILY

Margaret and Peter Harrison.

Peter and Margaret Murray Harrison.

MARGARET MURRAY HARRISON

Margaret Murray Harrison, daughter of Mary Ashby and Jeremiah Hatch Murray, was born in Spanish Fork, Utah, September 9, 1876. The family moved to Mill Ward (Vernal, Utah) when she was ten years old. Her father cleared the land for farming and planted an orchard of fruit trees. To get the young trees to grow, Margaret and her brother, Sam, helped in hauling water in large barrels to water them.

Mother attended school which was called, at that time, Mud Temple. She and her friend, Winnie Collett,

would sit on the ditch bank and eat their school lunch of bread and butter.

On November 2, 1892, she married Peter Harrison and they settled in Vernal, Utah. Mother planted flowers of Moss Roses and Flocks. Years later they were still there. Clara Murray Jenkins remembers picking a bouquet of these flowers when she was a little girl. Mother had two children born in Vernal at this time, my sister Mabel and my brother Jerry.

In 1895 they moved to Upper Deep Creek. Dad took up a homestead. Deep Creek is 25 miles from Vernal over the ridge from Dry Fork. He built a two room sawed-off log house and later added two more rooms and a back porch. My father was a successful farmer and stockman. After thrashing the wheat, he would take some of it to the mill and had their year supply of flour milled. The rest of the wheat was exchanged at the stores for winter clothing and supplies such as sugar, salt, etc. My grandfather John Harrison would peddle Mother's butter, cheese and eggs to the Indian Agency at Whiterocks and Ft. Duchesne to the soldier's wives.

As an example of my Mother's pride in her home and her ingenuity, she put building paper on the rough walls and ceilings and sewed carpet rages and had them weaved into carpets for her floors.

They made many Indian friends while living on Deep Creek. The Indians would come to their door and say, "Peter Harrison my friend," and Mother would give them bread and if she was short on bread, she would make them biscuits.

Mother had a very pleasant singing voice and she loved to sit at the organ and sing as she played the chords to accompany her. Later she developed a goiter and was unable to sing, and she would go about the house doing her work humming.

Seven children was born while living on Deep Creek, two twin girls, Zina and LaVina. LaVina died when she was two months old. Russell, Pearl, Bertha, Ruth and Frances. Bertha died at birth. It was during the time of Bertha's birth when Dad had to send Jerry at 10 years of age, on a horse 8 miles away to Whiterocks for the doctor. The mid-wife was having trouble with Mother pulling her through this birth.

In 1910, Father sold the ranch and moved the family to Glines Ward (Vernal). There he did a little farming and freighting. In 1911 Carl Red was born. Morgan and Margaret, twins, was born in 1916. Margaret died a year later.

Carl, Russell, Jerry, Morgan

In 1918 Dad was appointed Government ditch rider on the Indian Reservation for the Upper project. In 1920 he moved the family to the Reservation at LaPoint. He bought the Billie Preece homestead. They built a 5 room sawed-off log house. My Father was also a co-owner in the LaPoint Drug Store with my husband, Dan Anderson. Dad remained in charge of the Government Ditch project until the time of his death, February 16, 1929. Mother was left with two minor children when Dad died, Carl age 17 and Morgan age 12. Carl married at the age of 18, so Mother and Morgan were left to run the farm.

While Mother and Morgan were running the farm, she raised turkeys for the taxes and water. They milked cows for a cream check to survive on.

Dan and I took Mother to a turkey farm near Tooele to purchase a prize gobbler for her turkey flock. We drove all the way from Tooele to Lapoint, with my daughters Margaret and Betty, my brother Morgan and Mother (with the turkey's legs tied and at Mother's feet) Dan and I in the middle of February. Raising turkeys was a full-time job; getting up at day break to follow the hens to their nests. At Thanksgiving time the turkeys would be ready for market. As they were choice birds, most of the larger and better markets in Salt Lake City were anxious to purchase Mother's turkeys. I am sure one of her turkeys graced the Governor's Thanksgiving table.

When Morgan was of high school age, Mother sent him to Salt Lake City to complete his high school education, staying at my home.

In 1937 Mother sold the farm and moved to LaPoint town where she built a three room house with a back porch. On May 1, 1950 she broke her hip. In June of the same year she had a blood clot form in her foot and her leg was amputated. She lived with Dan and I in Vernal until April 1951 when she moved back home with only a 9 year old little girl, Ann Turner to stay with her to run errands and get water and wood, etc.

Mother had two boys go on missions for the LDS Church, Jerry and Russell. Five Grandsons and one

Ruth, Frances, Mable, Pearl, Zina.

Granddaughter filled missions. Dale, Clinton and Ramona Harrison, Arvin Harrison, Jack Jenkins and Wayne Harrison. She also had two sons in the Army at the time of War. Russell in World War I and Morgan in World War II. There were eleven grandchildren who served their country with Ferris Harrison giving his life in the line of duty in the South Pacific and Peter Harrison died at the Letterman Naval Hospital San Francisco, Ca. after a long illness.

Mother was an active member of the LaPoint Ward. She was affectionately called, Aunt Mag or Maggie by many who knew her. She never let a problem or obstacle get in her way. She would say, "I was here first" and face whatever the problem was and solved it. She never liked gossip. If she was around gossip, she would say, "Judge not, you be not Judged." She was always able to "set a table" at any time when unexpected visitors dropped in without going to a lot of preparation. It would look and taste as if she had spent hours preparing the food.

Mother's children, grandchildren and friends remember her as a woman of great ambition; self-educated and very informed on politics and science, a keen sense of humor and an inexhaustible will to face her obstacles square in the eye and fare for herself, not to depend on others to support her.

Mother died April 12, 1952 at the age of 75 at Roosevelt, Utah while visiting her son Carl. She died of a Cerebral Hemmorage.

I, Elzine Harrison Anderson am the only one left from a family of 12 children. I have just turned 84 at the writing of my Mother's History, June of 1980.

NANCY MABLE HARRISON JENKINS

Nancy Mable, known throughout her life as Mable, was the daughter of Margaret Murray Harrison and Peter Hayden Harrison, born in Maeser, Vernal. She was married to David Franklin (known as Frank) who was born in Vernal. They moved from Vernal to Lapoint in

Nancy, Mable Harrison Jenkins

1920 where Frank worked for the government clearing Indian lands of sagebrush for farming. Frank worked in coal mines, sawmills, and farmed most of his life. When the Lapoint Ward Chapel was to be built, the bishop assessed Frank to work 45 days on the building. Before it was finished, he had put in 59 days; mostly hauling lumber for the building from the Johnson Sawmill on Paradise Creek and freighting materials from Price. Mable taught the little children in Primary for 18 years, served as a teacher in the Mutual for four years working with the Beehives. She was a member of the Relief Society for 45 years, riding a horse to the meetings and visiting the sick when the roads were bad for other forms of travel. A total of 43 years was devoted to being a Relief Society visiting teacher. A great deal of pride was taken in being a member of the Utah Daughters of Pioneers all her married life.

Mable and Frank were the parents to ten children: David P., Lapoint; Lila Maude, dragged to death by a horse; Pearl Preece, Craig, Colorado; Earl H., Payson, Utah; Merl Horrocks, Lapoint, Utah; Reva Workman, Roosevelt, Utah; Jack E. Bellevue, Washington; Frank W., Craig Colorado; Rex T., Craig Colorado; and Frances Lou, Roosevelt, Utah.

Mable is remembered as being a kind generous mother, and friend to all, very proud of her Murray Heritage, and could recite her genealogy by memory.

Pearl and her daughter-in-laws help in the summer cooking, running errands and sometimes even helping in the fields and keeping the yard beautiful. They also had their home in Craig which was beautiful with shrubs and flowers all over.

Their three children all graduated from high school. Larry Dean, the machinist, helped his dad on the farm. Dennis attended college, graduating and teaching school in Vernal, Utah for 12 years, making a name for Vernal's wrestling team. His home is now in Salt Lake City, Utah. Linda attended two years college in Denver and her talents were teaching and bookeeping and riding.

Dean passed away April 2, 1970 and oldest son, Larry Dean, was killed in a car accident, May 5, 1978. There have been sad times but I have been blessed with good health and love my ten grandchildren and one great-grandson. Dennis and Linda show their love by being devoted to their mother in comforting her when she is sad or sick. I have a beautiful but old home, having lived in it for 33 years. The yard shows evidence of hard work and loving care and is beautiful all summer.

I have three wonderful sisters, Merl Horrock, Reva Workman, Francis Price, and brothers, David, twin Earl, Jack, Frank, and Rex Jenkins. We are one big happy

family and are very devoted to one another. My life is full and happy. I bowl, play golf, bridge, pinochle and play with and enjoy my children. I do crewel work, crocheting afghans. Ronald and Merl Horrocks Family

I attended grade school in Lapoint, Utah and graduated from Alterra High School May 26, 1938. I loved sports and all kinds and participated on the high school baseball, basketball team and track teams.

I have worked in Sunday School, Primary, Mutual, and a Visiting Teacher in the Relief Society. Ronald has worked in the Sunday School Superintendency, and a Home Teacher several years.

In March 13, 1976, we sold our farm to our son Glenn and moved in a trailer west of the highway. We lived on the farm for 43 years. We recently had our 40th wedding anniversary, with all our family attending. This was a very special occasion for Ronald and I.

At this writing we still have Bruce and Becky at home. Bruce is working on an oil rig, and Becky is a junior at Union High School.

We were married in the good old days, when the price of gas was 25 cents per gallon; sugar 78 cents per pound; canned milk, pork and beans, carrots, peas, corn were all 10 cents each. We hauled our water with the wagon and team from the river for three years. No electricity for the first six years of our marriage. We did everything the real hard way with team and horse. Ronald always had a good team and riding horse.

We enjoyed living the hard way and have survived very good. We would milk 20 cows by hand, then Ronald would go to Vernal, Utah to be there by 7:00 a.m., working for Deb Casada in Red Wash and Raggely, Colorado. He worked in Rangely for Staley Coal mines for \$8.00 per day with room and board. Golden Winn worked with him all one winter.

We bought our first car, a 1930 Model A Ford with a rumble seat, for \$75.00. We have a nice trailer and enjoy fishing and camping, and family reunions. If we are not at home, we have gone fishing.

FRANCES LOU PRICE

I, Frances Lou Price, was born last, but not least, of the children born to Franklin and Nancy Mable Harrison Jenkins. I was youngest of ten children, five boys and five girls. My oldest sister Maude was killed when eight years old so I never had the joy of knowing her upon this earth.

Being the youngest I never really had a chance to be any thing but a tom boy, especially with three brothers just ahead of me. The next oldest sister was Reva and she was eleven years older than me.

I loved to fish with my Dad up in the high mountains. I really love horses. I would have taken mine to bed with me but Mom wouldn't let me. I helped hay and if I could I would try to drive my oldest brothers team (David's).

I went to school in Lapoint for the first to eighth grades. My aunt Frances Horrocks was my teacher in two different grades. I really love her especially since I was named after her.

When in the ninth grade I attended Alterra High School at Alterra, Utah. I was very active in sports, the pitcher on the softball team and was a high scorer on the basketball team.

I married Junior Ritchie Stubbs December 15, 1951. We had seven children, four sons and three daughters. We are known as the "B" family. Why? Because we have Brent, Brion, Brenda, Beverly, Bart, Brigitte and Britt, as of this writing there are eight grandchildren, five grandsons and four granddaughters.

I divorced Junior in 1972. I had to go to work to support my children and I have worked as a waitress, hostess and nurse's aid.

I have been active in the City soft ball, Volleyball during these years and have coached volleyball, I have coached five teams at one time.

I married Ronald Lee Price in 1974. We own a new home on Roosevelt Circle in Roosevelt, Utah. At this writing we still have Bart, Brigitte and Britt at home.

I now manage the Maverik Country Store in Roosevelt and I love it, thanks to my Dad and Mom for giving me a chance to belong to this great Jeremiah Hatch Murray family.

I am very proud to be a part of it.

JEREMIAH HARRISON

Jeremiah Hatch Murray Harrison, born in Vernal, Uintah County, Utah, Oct. 23, 1894 to Peter and Margaret Murray Harrison. At six weeks old his parents moved to Deep Creek on the Thoroughbred Ranch. He learned to work early in life, with his brothers and sisters in a one room school house. When he was older the ranch was sold and they moved to Vernal and a high school. Jerry left on Jan. 12, 1917 to fill a mission to the North Western States Mission, and spent most of his time in British Columbia. He was a great Missionary.

Two years later he arrived home to Lapoint in the

fourteen children, I lived close to both grandmothers, walking north on an errand or to visit grandma Nyberg or south to practice on grandmother Harrison's piano.

I attended grade school in Lapoint, high school at Alterra, Jr. College at Carbon Jr. College at Price Utah and graduated from Brigham Young University.

The most exciting thing that happened when I was growing up was the day the electricity came to our town on Feb. 14, 1940. What a celebration we had that night.

I taught school in the following places; Cantua Creek, Calif., Kenilworth, Utah, Roosevelt Utah, Provo and Kearns, Utah. The challenge was Cantue in the cotton fields, twenty five to sixty five students and the people did live as the book, Grapes of Wrath, described them. What an education this was for me since I had never been out side of little Utah towns before.

I met my husband in Provo while teaching school, we were married in the Salt Lake Temple Dec. 28, 1955. A cousin Howard Murray and his wife Jeanne were sealed for time and all eternity that day, making the day even more special. We have five children; Monaquita Lynn, born in Provo, Utah. Karan Racael, Jeri Dawn, and Kenneth Ramon all born in Salt Lake City. Kenneth Ramon born with congenital heart condition only lived five days. Michelle Leanne was born in Seattle Wash. We have two grandchildren.

My father baptized me on the fourth of July leaving the celebration and it's activities we went to the canal west of town and he baptized me. I have been active in the Church organizations, President twice of Young Womans and Primary organizations, President of Relief Society and I filled a mission to Mexico, 1951 to 1953, I was promised that if I studied the Book of Mormon I would be able to sing and speak Spanish fluently, and the promise was fulfilled. I did communicate well with the Mexican people. I have a testimony of the Gospel and find it exciting to be involved in the work of the Lord.

JANEAL HARRISON HOLLADAY

I was born July 13, 1940 in Roosevelt, Utah to Jeremiah Murray and Elizabeth Nyberg Harrison. I attended elementary school in Lapoint, Utah and graduated from Union High School in Roosevelt in 1958.

In the fall of 1958 I went to Snow College in Ephraim, Utah. I only went for a year and a half. Then I left college and went to Kearns, Utah to help my sister, Roma. She had been in a car wreck with my mother and had broken both her legs. I cared for her two little girls, Monquita and Karen.

While there in Kearns, I met my husband; Gerald Ronald Holladay; the son of Afton Halling and Gerald Thomas Holladay. We were married two years later on February 14, 1962. Our marriage was later solemnized in the Los Angeles Temple.

Ron joined the Air Force and we traveled a great

deal. We went to Antonia Texas and then to Riverside, California. Our first child, Kara, was born in Riverside on November 10, 1962.

Then we moved to Tempe, Arizona where Ron attended Arizona State University for two years and then an Officers Training Course. Then he was commissioned into the Air Force. While at Tempe we welcomed our second daughter, Kimberly Ann on July 25, 1964.

Then on to Wichita Falls, Texas where we lived at the Sheppard Air Force Base. Here our third daughter, Kristy Lynn was born May 31, 1968.

Kristy was six weeks old when we left for Germany. There we made many friends. Then we traveled to England, France, Holland, Switerzerland, Italy, Greece, Turkey, Austria, and Denmark. My mother came to visit us and we took her to Sweden to the place of her grandfather's birth. Another highlight, was the church retreat at Berchesgaden, Germany where we met several of the

church authorities; Thomas Monson, Harold B. Lee, and Hartman Rector Jr.

I developed a heart problem and upon returning to the states I had open heart surgery in Salt Lake City, Utah and have had no more problems since my surgery.

Then we went three years in New Orleans, Louisiana. We made friends wherever we went and were active in church most every place we lived.

After thirteen years, we were finally living in Utah and how we did enjoy it. Ron was assigned at Thiokol Corporation. Our children were able to get to know the relatives of their fathers' family that lived in Brigham City, Utah and were able to spend more time with their grandparents.

So, it was hard for all to leave family and friends when we moved to Enon, Ohio in 1979 where we are now living.

Zina and Charles Daniel Anderson

ELZINA HARRISON ANDERSON

On June 17, 1896 in Vernal, Utah twin daughters were born to Margaret Murray and Peter Harrison at the home of Jeremiah Hatch Murray. We were named Elzina and Lavina. Lavina passed away two months later.

I attended grade school in a one room school house, with one teacher from grades one thru eight. Growing up on a farm was a busy and happy life. We kids did a lot of exploring in the near by hills looking for pine gum and gathering wild flowers. Another pastime was observing the real ancestors of this country, the Indians on their pilgrimage to Wyoming. It was a colorful sight, with the shawls and beads they were wearing the the beautiful horses they rode. Our family moved to the Glines Ward in Vernal in the year of 1910 when I was 14 years old. I completed my high school education in Vernal at the Uintah Stake Academy.

The summer of 1916 was most memorable. While I was visiting my cousin and her husband, Clara and John Hislop at Ft. Duchesne, I met Charles Daniel Anderson, who later was to become my husband.

I secured employment at Ft. Duchesne and I had not had any word from home for some time. One night I had a dream or premonition. I saw my mother very ill. This feeling of something wrong bothered me all morning, so I mentioned this to Mrs. Bonen, my employer. That same afternoon my brother Russell came after me and told me that mother was very ill and I was to go home. However,

she recovered from the illness.

July 4, 1917 was a double celebration as Dan and I were married in Salt Lake City, Utah at my cousin Maude Perry's home by Bishop Warren Colton who had grown-up with my mother. This marriage was later solemnized in the Salt Lake LDS Temple.

After our marriage Dan went to work for the United Grocery as a stock clerk and I worked as a cashier at Auërbach's. Later, Dan volunteered in the U.S. Armed Service and was placed in the Signal Corps as a Bugler. He served overseas in France for ten months. During the last days of the war, he was stricken with influenza and further complications necessitated remaining in France until June of the following year. This was after the armistice was signed in November, 1918. He returned home to the United States on a hospital ship, a very thin and frail person.

After a brief stay in Vernal we settled in Salt Lake City and Dan went back to work for United Grocery and I went to work at The Paris Company as a cashier in the infant and juvenile department.

March 1920 we moved back to Lapoint and on July 24th of that year we had another double celebration, we were blessed with our first daughter, Margaret in our little one room house. In 1922 we moved back to Salt Lake and Dan went back to his former employer. We remained another two years and then we again pulled up stakes and returned to Lapoint. This was 1924. Shortly before Thanksgiving Day of that year, November 23rd, we had our 2nd blessed event, another daughter was born which we named Mary Beth. Dad always called her Betty and she is known to this date by that name. Betty was born in my mother's home.

Dan and my father purchased the Lapoint Drug Store, the real estate building and several lots. Dan and I ran the drug store which was well stocked light lunch items, confections, soft drinks, tabacco, patented medicines and I made the ice cream. The drug store was a drawing attraction for the towns people as well as people living out in the area as they would all meet, especially on Cream Day. We were doing real well at the drug store until the untimely death of my father on Feburary 16, 1929.

In 1930, Dan received an appointment under civil service to the U.S. Postal Department in Salt Lake City. We sold the drug store and moved to Salt Lake City.

Our life was uneventful until October 1931. I again had a premonition. I saw an explosion and fire in my brother Jerry's house at Lapoint. I prepared for the trip home the next day as I knew we would be receiving "bad news". That afternoon we received a telegram that Elizabeth, Jerry's wife, had been severely burned and her little girl Barbara had died from the burns sustained in the fire. She was first treated and hospitalized at the LDS Hospital in Salt Lake. When Elizabeth was able to leave the hospital, Jerry had her moved to my home where I nursed her with tender loving care for period of about four months until she was well enough to return to her home in March of the following year.

Following this sorrow, life returned to normal.

However, this was short lived. In 1933, Dan became ill with perforated stomach ulcer for which he underwent surgery. He suffered the remainder of his life with this stomach disorder. Finally in 1939, due to health reasons, he transferred from the Salt Lake City Post Office as a postal clerk, to the Vernal Post Office as a Rural Mail Carrier. He held this position until his death. Dan died of Thrombosis on December 20, 1958. I chose to remain to live in Vernal, even though my two daughters were living out of State.

The marriage union of Margaret Murray Harrison and Peter Harrison brought forth 12 children, four boys and eight girls. I am the sole survivor of this family.

I was baptized August 7, 1904 in the Mill (Maeser) Ward by William Rudge and John W. Galloway confirmed me. I am a member of Vernal 3rd Ward and a member of Vernal 2nd and 3rd Wards for forty-one years. I was a Relief Society Teacher for thirty years. At the time of this writing, June 17, 1980, I am 84 years old; I manage my home; do my own baking and canning and tend to my garden. My daughter Betty lives with me. I have four grandchildren and 16 great-grandchildren.

Antonia P. and Margaret Minardi

MARGARET ANDERSON

Three score years ago on July 24, 1920, I was born at Lapoint, Utah a early a hot summer morning. My parents being Charles Daniel and Ziona Harrison Anderson.

My child hood in Lapoint are my fondest memories, spent on the farm at Grand Parents The days we lived at the Drug Store which my parents operated. The simple life, ridding "Old Nigger" attending elementary school with my Aunts Pearl and Frances, and Uncle Russell. Attending the Annual UBIC, with my two cousins, Merl Horrocks and Enid Hatch.

Growing up and a teen ager in Salt Lake City was fun, working as a "tray hop" at the A&W Root Beer stand.

After graduation from South High I entered LDS Business College.

Cocoanut Grove was a popular dancing spot, that is where I met my husband and after a whirlwind romance of 6 months we were married.

My husband Antonio P. Minardi had struggled through the early years, not having much of a job, during the time our two daughters were born.

Tony secured employment with the Union Pacific Railroad Company starting out as a section hand and gradually working his way up to official in the General Claims Dept. after returning from brief service with the US Marine Corps at the wars end.

His work took him to LaGrande, Oregon for two years, then to Cheyenne, Wyoming for 15 years, Here we had two new homes, had our own airplane which Tony piloted. Trips into Canada fishing and hunting.

Our two daughters were born in Salt Lake City. Jeannine July 12, 1938, Marilyn December 28, 1941 they are married and we have nine grandchildren.

Our first trip was to Italy to look up relatives of my husband, Our travels have taken us to such exotic places as Taj Mahal in India. The Pyramids in Egypt, to the Holy Lands several times to see our daughter, Russia, Siberia, African Continent, and South America. We have seen the wonderful and beautiful places but there is no place like the U.S. and home in Utah.

I feel fortunate and proud to be a descendant of the Murray Family Tree. I want to pay tribute to my wonderful mother and father for their guidance and teachings. The good times I have shared with them.

We live in Salt Lake City at the Trevi Towers Condominium Apartments, Tony has worked for the Union Pacific for 38 years. While our plans are not definate, we may return to finish our years in the land of my ancestors, in the Uintah Basin.

CHARLES DENNIS KEMPTION

I, Charles Dennis Kemion, son of Mary Beth (Betty) and Orval June Kempton, was born January 7, 1943 in Vernal, Utah. As a war baby, my early life was Mother and I living with my grandparents, Zina and Charles D. Anderson.

I was a happy little boy; given much love and attention by my grandparents. This should have made me unbearably spoiled, however, as they were very wise people, I was taught the value of respect for my elders and the high standard set before me by both my mother and grandparents.

My earliest memory was during the summer of Utah's Centennial Year, July 24, 1947, I was chosen to ride in the

Rene', Holly Joy, Cory, Alisa, Randall, Kristie, Charles Dennis Kempton.

Primary Parade as "Brigham Young". My mother and grandmother rented a "Brigham Young" costume for this occasion. I was a very proud four year old.

After the war my parents moved to Salt Lake City where I started school. I would return every summer to Vernal to spend the summer vacations with my grandparents. Grandpa and I would take fishing trips and I would play summer soft-ball. I made many friends in Vernal and we are still very good friends. I would attend the Murray Reunions with Grandpa and Grandma Anderson and Grandma would have me entertain the relatives on my accordion.

When I was 10 years old we moved to El Monte, California. My sister Melanie Kae was born in Pomona, Calif. in 1954. I graduated from El Monte High School. In high school I was active in Student Government and in my senior year was elected Student Body President. At graduation, I gave the commencement fairwell.

My life-long ambition was to attend Brigham Young University in Provo, Utah. This ambition was achieved and there I met my wife, Rene' Sybil Plehn. Rene' was from North El Monte, Calif. However, we didn't meet until we were both at BYU.

We were married in the Los Angeles LDS Temple, September 4, 1964 while starting our Junior Year at School. We graduated together in 1966. I received a BS Degree in Business Management and Rene's as an English CumLaude.

My first position in the business world was with Lincoln Pharmaceutical where I settled in Phoenix, Arizona. There our first son, Randall Scott was born. I felt selling medical supplies to doctors was not challenging enough, so I went to work for IBM as a sales representative. I was with IBM for three years in Albuquerque, New Mexico. It was there that our first daughter, Kristie Rene' was born and two years later our 2nd daughter Alisa Beth was born.

In 1970, Wang Laboratories offered me a position as Sales Representative, covering the areas of Phoenix, Arizona and Albuquerque, N.M. Wang's activities center around the sale of Wang's complete product line of small

computers and word processing systems. So back to Phoenix we moved. In 1972 I earned a promotion with Wang as District Manager of the St. Louis, Missouri District office. Our second son Cory Andrew was born in St. Louis and two years later our third daughter Holly Joy was born.

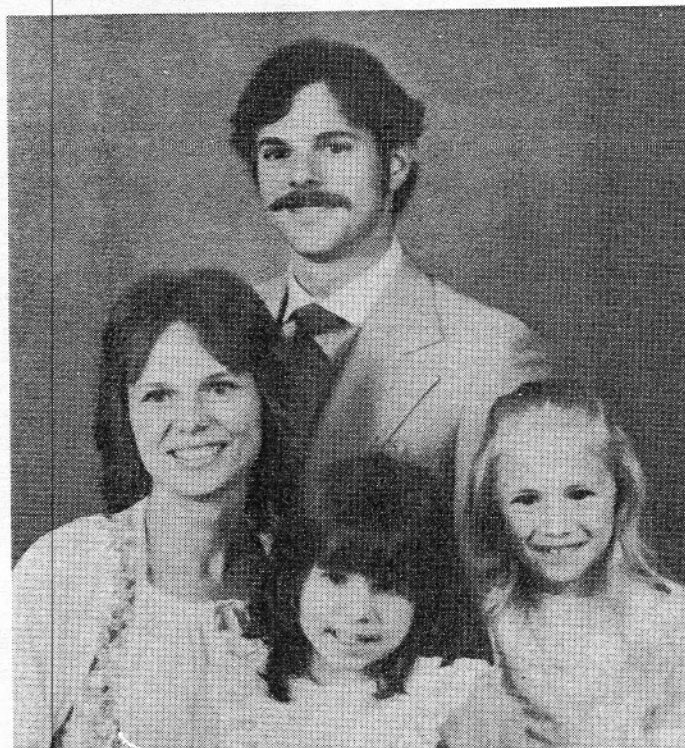

In 1975 the promotion came from Wang as Western Area Director of Sales with offices in the Los Angeles area and we settled our family in Palos Verdes, Calif. In 1977 I was appointed Vice President of Wang Laboratories, Inc.

My wife and help-mate, Rene', is a patient, devoted wife and mother. Her life with five children is filled with primary, music lessons, dance lessons, gymnastics and soccer; dentists and pediatricians, etc.

She has been Primary President and active in other Primary responsibilities. My calling to the Church is President of Sunday School and Elders Quorum President.

Randy, the eldest, is in the Palos Verdes Jazz Band playing piano. He also plays the drums. Kristie and Lisi play the piano. Cory Andrew is our author and organizer. Holly loves mama and dolls. My job takes me away from home the biggest part of the time, so Rene' carries on the parent duties without complaint. I have been blessed with a wonderful family.

I owe a great deal to wonderful Grandmother Anderson. Her wisdom and guidance, her unselfish love and help in getting me my formal education. For all this, I wish to pay tribute to her. I know that without her help, my life history could have read much different.

Melanie, Tena, Ami, and Jim Inderrieden.

MELANIE KAE KEMPTION INDERRIEDEN

Melanie Kae Kempton Inderrieden, daughter of Mary Beth (Betty) and Orval June Kempton was born June

21, 1954 in Pomona, California.

My early childhood life was of living in California. When I was five years old they had tryouts at El Monte High School for Varsity Cheerleaders Mascot. There were about 25 young boys and girls trying out for this position. I was lucky enough to be chosen. At the first big football game I was dressed in my plaid skirt and white sweater with a big E M on it. We ran out on the field to give our big cheer; I took one look at the crowd and became very shy. I turned my back on the crowd and I think the cheerleaders wondered if they had made the right choice. However, the next game I was over my shyness and I was cheering as hard as any of them.

When I was eight years old, my mother and father divorced. I moved with my mother and new step-father, John Eaton, to Roy, Utah. As my brother had before me, I spent most of the summer months with my Grandmother, Zina Anderson. My grandfather Anderson had passed away when I was three years old.

It was at this time with Grandmother Anderson that I learned to cook. This proved to be very helpful to me when I was older as my husband will readily testify to.

In 1964, Mother, John and I moved to Littleton, Colorado. There I took singing and guitar lessons. I attended Ames Elementary School and Cherry Creek High. While at Cherry Creek I tried out for Pom Pom Girls and here my early training as Cheerleader Mascot came in handy; I made the team.

In 1970 Mother and I moved to Vernal, Utah. I entered Uintah High for my Junior year. The summer before my senior year I visited my brother Charles and his family in Tempe Arizona. I decided to stay for my Senior year, graduating from McClintock High School in Tempe, Ariz. This was 1972.

The following year I entered Dixie College in St. George, Utah. At Christmas time, I went to Las Vegas, Nevada and married Kenneth Henderson. We have two beautiful little girls. Ami Marie was born in 1973 and Tina Marie was born in 1975. Kenneth and I divorced in 1979.

A few months later I met and married Richard James Inderrieden. Jim is a graduate from Utah State University and works for Schreiber Cheese Co. I am working for Boren, Inc. as a payroll clerk and computer operator in Logan, Utah.

We are happy congenial family. Jim is a good husband and a good father to my little girls. I feel proud and blessed for this turn of event in my life. We are looking forward to a wonderful life together.

We have a home in Hyrum, Utah.

DEE ANN SORESENSEN

Dee Ann Sorensen born while Bill was in the service at Camp Roberts, California. Yvonne Leah Rasmussen was her mother. I was born January 29, 1953.

I spent the first seventeen years of my life living in Las Vegas, Nevada. In active would best describe my status in the church until I was 10, then my mom died (1963). When my dad remarried in January 1964 to Marieann McVeigh, my life changed. The whole family became active L.D.S.

Some of the schools I attended were, Bonanza Elementary; Gibson Jr. High; Western High School, Provo High. I graduated in 1971. Some of the neatest experiences I had in school came as the result of band. I got to go on many trips to Southern Calif. for contests. The most memorable trip, was when our band was selected and sent to represent Nevada at Nixon's Inauguration Parade in Washington, D.C. 1969. What an experience.

I have enjoyed singing and have been asked at different times to solo in church. I hope to be good enough to sing with the Tabernacle Choir.

In church I have served times as an accompanist to the Relief Society, Jr. and Sr. Sunday Schools and Primary. I served as Sr. Primary music leader recently and just loved it. I also served as visiting teacher message leader, supervisor. I got to see our ward become the highest percentages from the lowest.

Now I have five children. Four of which are per-schoolers.

I was married to Jeffery Mark Semmens, June 9, 1970, Susan Marie born October 5, 1972, at St. George, Utah. Justin William, Dec. 22, 1974, Provo, Ut. Brian Scott August 24, 1976, Kennewick, Washington. We were divorced November 1977, after much unhappiness.

I had a fantastic testimony building experience, and have gained a burning testimony of Christ.

I met Richard Eric Blair while staying with my Aunt Margaret Anna in Carson City, Nevada. We wrote letters, phone calls, visits, we were married, January 19, 1978, at Granger, Utah, where we now live in a new home. Our daughter Orianna born December 11, 1978 Granger. Jonathan Richard Blair, March 8, 1980 at Granger also. MARY RUTH HARRISON

Mary Ruth Harrison, her name could have been spelled Merry Ruth, for she had a merry spirit all her life. She loved her family, her cousins, her heritage, family gatherings. She was one of the cousins to start the family reunion in 1950. Ruth was born 14 November 1902, at Deer Creek to Peter and Margaret Murray Harrison. She was blessed in Maeser, given the name of Mary after grandmother Murray. She started school in the log school in Deep Creek, finished grade school in Glines. One of her teachers was Uncle Joe Murray. She attended Uintah Academy. She worked for Dr. Homer Rich, later married Lorn Williams.

She raised four children - Enid Ruth; Lorn Edward (Ted), Ellen Rae, Boyd. They lived in rented houses in Vernal, Maeser, Glines, one school year in Lapoint with Deb and Frances. They built a home in the lower Naples-Davis area. In 1947, Ruth got a new home in Vernal.

Several summers she went with Lorn to Colorado, where he worked with the sheep companies. Here they rode horses, Pete in front and Ellen in back. She enjoyed gathering the wild flowers for Memorial Day. At canning season, she went everywhere to gather the fruit of the season, even the wild buffalo berries and wild currants.

Later she began fishing with Lorn, by herself, friends, and grandsons. She knew how to work and was active in many ways, always had a clean house and yard, taking care of all stray cats. A good cook, and no recipe was too much for her. Made quilts and home made soap.

Her two sons served in World War II, Ted in the Navy

in the Pacific on the ship Pennsylvania, Boyd in the Army went to the Philippines. She had 15 grandchildren at the time of her death. She died 13 April 1962, after surgery, at the age of 59. She was buried in the Vernal Memorial Park.

Everyone liked her and she liked everyone.

ENID RUTH WILLIAMS

I Enid Ruth Williams Hatch, feel I was the most lucky of all the Harrison granddaughters. For I have five mothers looking after me most of my life. Ruth, who gave me birth August 23, 1921. Aunts Pearl and Frances, who took care of me summer and winter, taking me to Salt Lake City for the first time in their Model A Ford when I was six. In Lapoint I went to the drug store day after day. I lived with Pearl and her family and went to school in Las Vegas, Nevada. When I returned to Utah it was Aunt Frances that met the train or bus. I worked in the summer keeping house for Aunt Frances. Aunt Zina helped me when young and after I was married, tended my children and helped me can fruit. When at Aunt Mable's house she doctored my cuts and bruises.

I started elementary school in Maeser, went to Cenral, Glines, and Lapoint. I went to high school in Las Vegas, Nevada for two years and two years at Uintah High in Vernal. I have taken college classes equivalent to one year of college.

I married Boyd Teeple Hatch April 3, 1940. I have eight children, Carol Glee, Douglas Boyd, Mary Ellen, Kenneth "W", Alva Jeremiah (Jerry), Kathleen Joy, David Lee, and Ruth Marie. On April 2, 1957 we took our seven children to the Salt Lake Temple where we were married and sealed for time and eternity. Ruth Marie came after that. As to date I have 20 grandchildren, and two on the way.

My work in the Church of Jesus Christ of Latter-day Saints has been Primary for 30 years, as teacher of boys classes, chorister, president. I served on the Stake Board

of the Primary and Sunday School, and Relief Society as chorister under four presidents and as a visiting teacher, and as Ward Meetinghouse Librarian. I have worked in the P.T.A. as room mother, membership chairman and worker, two terms as president and two years as Uintah Council President. I have worked in the Daughters of Utah Pioneers for 35 years, as secretary, president, registrar and chorister, 28 years as a county officer as Vice Captain and chorister. Now as the Vernal Regent (same as president) of the National Society Daughters of the American Revolution. Served as registrar and librarian.

Boyd has made a good living and I have never had to work out side of our home. The children could call any time of the day if they needed help.

Our family - Boyd and I, Jerry, Kathy, David, and Ruthie served an Indian Mission to Whiterocks from March 1966 to June 1968.

I have been very lucky to have some of my mother's good qualities- the love of family and heritage, love of people, and how to work with the public. I was lucky to have her natural curly hair.

Morgan Ward and Doris Harrison

Morgan's father died when he was just 12 years old, and as a result of this, it was up to him and his mother to run the farm in Lapoint. When he was very young, he contacted spinal-meningitis. This left him with a stuttering impeachment. However, he nearly out grew this infliction by the time he became a grown man.

During the depression years of the 30's, life was hard for Morgan and his mother on the farm. Money was short and work was hard to get. It became necessary for him to join the Civilian Conservation Corp (CCC). It was during this time in 1936 he met Doris Bowden and on July 30, 1942, they were married. The marriage was later solemnized in the Salt Lake Temple on October 15, 1962 accompanied by his sister, Zina.

Five children were born to this marriage, Morgan Wayne, Joan, Trent Charles, David Ward and Yvonne.

After Morgan returned from duty with the U.S. Army and World War II, he went to work for Kennecott Copper Mine Co. in the Bingham Canyon, Utah, where he was working at the time of his death in 1978.

While working in Bingham Canyon, in the year of 1950, he had both legs broken and was in the hospital for over 6 months and out of work for over a year. A large rock rolled down the hill in the open pit mine, hitting both legs.

Morgan was a quiet, gentle and sensitive man. Easy going and a very congenial person. He had a great sense of humor and loved life. He was very fond of the outdoors and loved to go fishing. A good provider, good husband and father. He would never let a bill go unpaid. He also never liked to argue. When an argument ensued, he would leave the house and when he returned he would throw his hat in and always said, "If it doesn't come out, it is safe to go back into the house."

Morgan was a volunteer fireman for the City of Kearns for 15 years. Active in the LDS church, served as a teacher in Junior Sunday School. His hobbies included playing the organ.

His sons, Wayne and Trent both served in the Vietnam War in the U.S. Army. Wayne is now a fireman

and Trent is a Doctor of Chiropractic medicine. Joan is married, as well as Yvonne, and David is following in his father's footsteps by working for Kennecott Copper in Bingham Canyon. Joan also served on a Stake Mission for the LDS Church.

In December of 1977, while eating, he choked on a peice of meat lodged in his throat. He was rushed to the hospital and while the doctors were removing the obstruction, they penetrated the lower part of the Esophagus and because of this, he contacted yellow jaundice and other complications and died of liver failure, January 29, 1978.

Uncle Nelson Merkley and wife Kate took baby Ellen and kept her. Grandma Murray moved in with them and cared for all of them. Loving care.

Nile was looking for a farm. When he heard about the Willemette Valley in Oregon he went to see it and moved his family up there. They lived in Lebanon Oregon.

Nile heard about the Black Canyon in Idaho, a good

Joseph Smith Murray, raised by good parents to be ambitious, honest, truthful, tolerant and humble. Joe Murray had all of these attributes, he grew up and studied to become a school teacher.

Joe and Lillie Murray 1952

He married Mildred Lillian Davis, a former student. They taught these same principles to their children and to all of the little children that were in his classes.

Joe and Lillie were generous. Their home was always open to anybody in need, and many people were sheltered under their roof. They both loved children, and had seventeen grandchildren and many great-grandchildren. Lillie lived to see five great-great-grandchildren.

As I write this, June 19, 1980, Joseph would be one hundred years old today. They were both active in church. Joe was ward clerk in Chandler, Ariz. He was always a ward teacher. He always was teaching a class in Sunday school and a class in priesthood meeting in Sacramento, California. He filled a stake mission among the Latin people. He was secretary in the Boy Scout committee for ten years or more, and was cited for accurate records and true. When they erected a new chapel, he put more hours on it than anybody else except the Foreman.

He taught school for almost forty years, mostly small children. Lillie was Relief Society secretary and visiting teacher in Maeser Ward and also taught Primary Classes in Maeser. In Chandler, Ariz. she was Relief Society president for several years also worked with the Red Cross committee during WWII. She spent days at a time doing welfare nursing, and at that time Joe made a small wooden casket, the Relief Society padded it and put a pretty lining in it, and arranged an LDS service and buried the little child, in a grave paid for by the Red Cross. This was a migrant farm worker's child.

After Joe retired from the teaching he worked at McClellan Air Force Base for awhile until he was seventy years old, and retired to one of the most beautiful yards in Sacramento. Joseph died May 7, 1958. Lilly followed him in death April 9, 1966.

FLORABELLE MURRAY

Florabelle Murray, born Dec. 27, 1903, in Maeser, Utah, to Joseph Smith Murray. Married Gerald Odell Sprouse July 25, 1922, in Elko, Nev., later divorced.

Walter Wallace and Flora Murray Hall.

Married Walter Wallace Hall, Jan. 14, 1945 in Reno, Nev.

I grew up and went to school in Maeser through eighth grade. I went to Chandler, Ariz., for my freshman year, lived with my Aunt Edith Sellers and her family. We lived in Dry Fork Canyon and it was hard to get to Vernal through the cold winters. Very few people drove cars in those days.

I lived with Annie Morrison the next winter. I finished my schooling at the Uintah Academy and spent two years in Roosevelt, Utah and studied nursing under Dr. E.J. Morton and his wife I have nursed a great deal in my life. I have worked at the California Women's State Prison when it was at Tehachapi, Calif., at the State Mental Hospital in Auburn Calif., for the Air Force at McClellan Air Force Base in Sacramento, Calif. I worked in Montgomery Ward in the basement selling leather harnesses for horses; cream separators, baby chickens, etc. Between these jobs I was always nursing.

I have served my church in Primary, as a teacher, president, and stake teacher. In MIA as beehive leader and as a counselor. In Relief Society as secretary, quilt chairman, and visiting teacher.

I had two very fine children and enjoyed them very much. Together we shot pollywogs with a BB gun, played ball, read to each other in bed, mostly the bible. We cooked, made dresses, picked berries, went fishing — Joe caught them, his sister cleaned them, and Joe usually ate them.

They both married fine people. Geraldine married Frank Partin, and Joe married Nadean Swindler and in no time at all I was the grandmother of fourteen grandchildren, almost forty great-grandchildren. Paul and his wife are expecting my first great-great-grandchild. I hope it is soon enough to be in this book.

Meantime, I retired eleven years ago and moved to Vernal, Utah where I was born. I'm almost finished remodeling the old house and hope to have it done in time to sell it this fall and move back to Sacramento, with my posterity. I have enjoyed working with this book. Through your histories I have come to know all of you. I am proud to be a member of Jeremiah Hatch Murray family. I love each and every one of you.

GERALDINE VALORA SPROUSE PARTIN

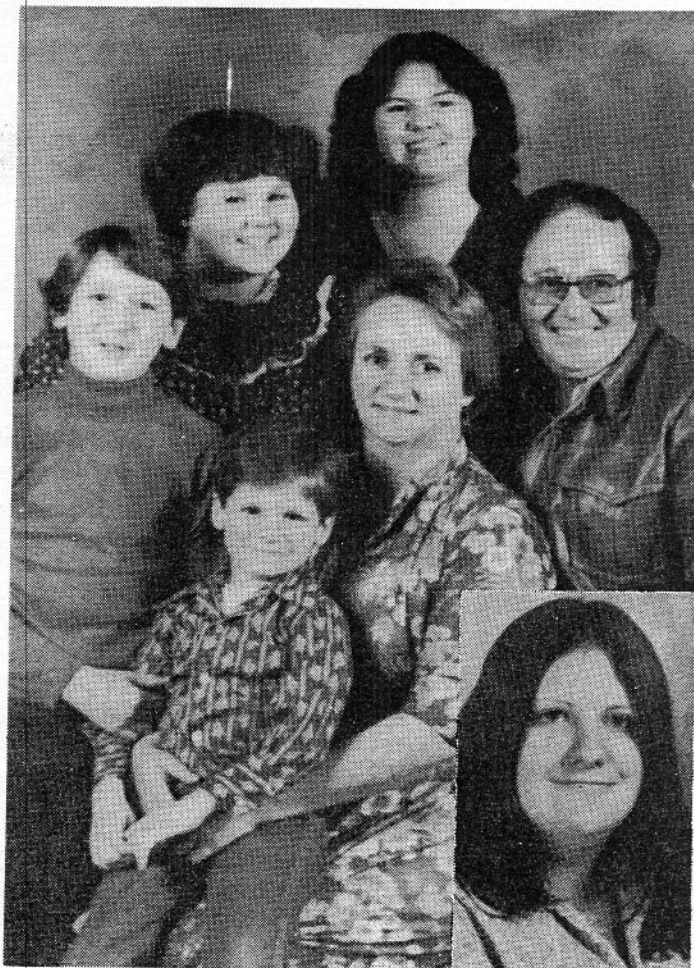

Geraldine Valora Sprouse Partin, oldest child of Florabelle Murray and Gerald Odell Sprouse, born in

Carlin, Nevada, and lived as a small child in Abraham, Utah, and grew up in Roseville, Calif.

In 1940, my mother and I moved to Tehachapi, Calif. In June the following year, after graduating from high school, I married my favorite classmate, Frank Partin. We were later sealed in the Oakland Temple. We have twelve children. Our youngest daughter, Teri is fifteen, and is still living at home. Our granddaughter Monette Ballenger also makes her home with us. We just welcomed our thirty-seventh grandchild, and are looking forward to being great-grandparents in June.

We have lived in Shingle Springs since 1951, and it has been a wonderful place to raise our family. My greatest joys in life have been children and music, and most of my church callings have been in these areas. I have worked in Primary most of my life, as chorister, secretary, teacher, and president. I have also enjoyed serving as ward chorister and choir director, Relief Society chorister and nursery leader, and as a Junior Sunday School teacher and coordinator.

Frank was baptized in 1950. He has worked with Boy Scouts, served a stake mission, and spent several years as a counselor in Sunday School and the elder's quorum. He is presently the ward librarian. He has been employed at Aerojet Corp. twenty eight years.

Duane, Yvonne, Brenda, Clifford, Francine and Jim McAdow (insert) Monette Ballenger

Robbie, Ricky, Janice, Dick, Ronda, Ronnie, Randy Hilliges.

I was married to Richard Atwood Hilligas in Placerville, Calif. July 1, 1963. We have five children: Richard Glenn, born April 3, 1963; Robert Allen, born June 9, 1966; Ronald Gene, born Aug. 1, 1970; Rhonda Jean, born Oct. 25, 1972; all born in Placerville, Calif. Randal Francis was born Oct. 18, 1975 in Lac La Biche, Alberta, Canada.

My first love in church service has always been Primary. I have taught several classes as well as being chorister and secretary. In 1975, we immigrated to Wandering River, Alberta, Canada. In 1979, the missionaries came into our area, and we now hold Sunday School in Lac La Biche, on the stage of one of the schools.

I really feel like a pioneer. We sit on hard wooden benches, and have no piano. Sometimes it is a challenge to teach a new song without music. I also teach the younger children. I am thankful we can travel the sixty miles to church by car instead of horse and buggy or on foot as my ancestors did.

Dick works for Bow Valley Exploration as a compressor operator. We have made many good friends here in Wandering River, and our family loves the open spaces and the way of life in Canada.

LILLIAN REVA MURRAY KINTZLEY

I, Lillian Reva Murray Kintzley, was the fifth of eight children born to the union of Joseph Smith Murray and Mildred Lillian Davis Murray. At the time of my birth they lived in Naples Ward, Vernal, Utah.

My parents were homesteading on the Indian Reservation at Roosevelt, Utah at the time, and moved to Naples Ward for the confinement of my mother. After my birth they returned to the homestead. They soon gave up this homestead and after living in several places they moved to Maeser Ward in Vernal.

My first memories are of this home in Maeser. At age four and half years, my family moved to a ranch at the mouth of Dry Creek up a canyon. We lived there until the

ninth of November, 1922. When we left there, we moved to Chandler Arizona. This was my home until I went to visit my sister Flora who lived in Roseville, California in November of 1932.

In the spring I was married to Walter R. Kintzley who resided in Citrus Heights where we made our home. Walter was born to Joseph A. Kintzley and Hatty Grace Smith Kintzley in Boone Iowa. At the age of nine, Walter moved with his family to Longbeach, California, and moved on to Citrus Heights in 1926.

Our family consists of our two daughters, Lillian Grace who is married to Christopher L. Davidson Jr., and Thelma Louise who is married to Martin R. Hume. Lillian's children are Rebecca Sue Roberson, Mark Alan Roberson, and Michael Warren Roberson. Thelma's children are Steven Ray Hume (Who is presently serving a mission in Washington D.C.) Janice Marie Hume, Roger Martin Hume, and Patrick Shawn Hume. My husband passed away July 1959 before the arrival of any of our grandchildren.

I am presently living in Citrus Heights. Lillian and her family live in Lincoln California, and Thelma and her family also live in Citrus Heights.

LILLIAN GRACE KINTZLEY

Lillian Grace Kintzley was born the 23rd of November, 1934 at Sacramento, Calif, the daughter of Walter Kintzley and Lillian Reva Murray. After graduating from high school in 1952, she went to work at McClellan AFB, Calif., where she worked until 1975. She married Willie Paul Roberson on the 17th of October, 1959 at McClellan AFB. Three children were born of this marriage: Rebecca Sue Roberson, Dec. 30, 1960 at North Sacramento, Calif.; Mark Alan Roberson, Oct. 31, 1962 at North Sacramento, Calif.; and Michael Warren Roberson, Feb. 25, 1964 at McClellan AFB.

This marriage ended in divorce and Lillian married Christopher L. Davidson, Jr., on June 7, 1969. The family lived in Carmichael, Calif., until October 1973 when they moved to the "country life" in Lincoln, Calif.

Rebecca (Becky), graduated from Lincoln High School in June of 1979. She is now attending Citrus Heights Beauty College to become a cosmetologist. She will be 20 years old this year.

John Richard Murray, (more frequently known as Jack) was born at Chandler Arizona on December 29, 1922, where he resided with his parents and siblings and attended the public schools. Upon graduation from high school he joined his parents in the Sacramento California area where they had moved a year prior. In November 1942 he enlisted in the U.S. Navy and served in the Pacific-South East Asia Theater of War during World War II. Upon his discharge from the Navy in February 1946, he attended an electronics school in San Francisco, California. He subsequently took employment in his field of training with radio broadcast stations in Mesa, Arizona; Chico, California, and Yuba City California as technician and transmitter operator.

While working in Chico and on a visit to Sacramento he met Virgie Maria Sjostrom and in February of 1948 they were married. This union was blessed with four sons, James, John Jr., William and Douglas. Jack left the broadcast business in June of 1948 and took employment with the Pacific Telephone Co. in Sacramento. This was done at the urging of his wife, Virgie, who had worked for the company for five years prior to their marriage. Jack found the change very satisfactory and made a career of the phone business. Due to various transfers within the company they resided in Sacramento, Chico, Galt and Grass Valley, California. In March of 1964 he transferred to the American Telephone and Telegraph Co. and worked throughout Southern Utah. They made homes in Delta, Holden, (where their sons attended Millard High School) and Moab, Utah.

All four of Jack's and Virgie's sons served on missions for the Church of Jesus Christ of Latter-day Saints. Missions that took James to Australia, John to Oregon, William to Texas and Douglas to Iowa and Missouri. James and John also served in the U.S. Army with James going to Germany and John to Vietnam.

Jack and Virgie are both active members of the LDS Church and both have held numerous responsible positions in their church throughout their lives. Jack also served a four year term on the Holden City Council. Though their accomplishments and possessions are very modest, they have always abided by the fact that life does not reward or punish any individual, neither is there any such thing as good luck or bad luck, but rather a law of consequence, that is, for every action there is a result or consequence, either favorable or unfavorable. Therefore, they are responsible for their own destiny.

WILLIAM ASHBY MURRAY FAMILY

WILLIAM ASHBY MURRAY

William Ashby Murray, named after his mother's brother William Ashby, was the ninth and last child of Jeremiah Hatch Murray and Mary Ashby. He was born June 21, 1882 on a small farm in Spanish Fork, Utah.

Because of the limited opportunities for stock raising and farming around the vicinity of Spanish Fork, Jeremiah was on the constant lookout for a settlement where he could engage in these and other related activities. He and Mary didn't want their boys to go to the mines to work; they were fearful of the rough element that was so prevalent in the mining towns at that time. Mary could remember the dark days when her father and brothers worked in the coal mines in England.

Jeremiah and Mary had already sampled life in the Mormon colony, down on the Muddy at St. Joseph in Nevada, due to the lack of moisture and year after year of crop failure they returned to Spanish Fork. It was the year that William was five years old that Jeremiah and Mary made their first trip to Ashley Valley, or Vernal, as it is called today. They were impressed with the beautiful little valley they found at the foot of the Uintah Mountains; and they purchased the homestead rights for forty acres from Billy Bradshaw. The deeds for the land was transferred to Mary Ashby Murray, July the twenty first, eighteen hundred and eighty seven; they paid a sum of six hundred dollars for the tract of land. Immediately they made preparations to move their family and belongings and make their home in Mill-Ward located in the north west part of the valley, today it is called Maeser. This became William's boyhood home and in nineteen hundred and two he purchased this farm from his parents and made a home for his family.

It was just dusk, November 5, 1897, and five inches of newly fallen snow on the ground, when the Murray family arrived at their new home. Huge patches of sage and sand dunes and a silent country side gave them their welcome. All hands soon became busy, searching for wood to make a fire, pitching a tent, securing the livestock and making ready for the night. One of the older boys untied the milk cow from the back of the wagon and asked William to hold her for a moment. The cow being both hungry and thirsty immediately took advantage of the five year old, who desperately hung on to the rope, letting the cow drag him several hundred feet to the edge of a steep gully. The cow made a lunge and landed in the bottom of the gulch. Being forced to let go of the rope, William ran along the

bank trying to get in head of her, trying to find a place where he could get down in the bottom to head her off. After tripping and falling several times he had to give up the chase, it was impossible for him to get ahead of her. The next day they all scoured the countryside trying to find her, because they needed the milk she gave. It was a main stay to their subsistence. However, she was not found until the next spring, where she had wintered out with a bunch of Sterling Colton's cattle over on Ashley Creek.

Immediately after arrival, preparations were made by Jeremiah and the older boys to go into the mountains to get logs to build a house before winter really set in. When the walls of the house were up to the square, and the roof was ready to go on, William went with his father and brothers over to Ashley Creek to cut cotton wood logs that served as rafters. The rafters were covered over with straw, which had been secured at the Caladonia Farm in Glines ward. Four to six inches of dirt was then thrown over the straw. This made a very good roof. Very little heat could escape through it. Although the winter was long and the floor of the house was bare dirt, the family was warm and comfortable that winter. When the weather became warm in the spring the buds on the cotton wood logs began to swell and soon long green shoots crept downward from the ceiling of the house transforming it into a beautiful green bowery.

That spring was a very busy one for the Murray family. William being large for his age, was given his tasks along with the older boys. The land had to be cleared, many hours were spent plowing around the sand dunes and scraping the dirt away with a scraper and a team of horses. William related that it took many years before the sand dunes were wore away and the land level enough to run the water through a straight furrow.

An orchard of about ten acres of fruit trees was planted and William with his ten pound lard buckets along with his bigger brother with bigger buckets carried water from the canal to water the young trees. William tells how hungry he got for apples as he watched these little trees grow and waited for them to bear. The Murrays had left a good orchard that was bearing fruit, behind when they left Spanish Fork.

On one occasion when William was twelve, he went with his father back on Diamond mountain to get a load of wool, as they were coming down the face of the mountain they met one of the older brothers who had come to tell them that Uncle John Murray who worked for the Indian

Department at White Rocks had died. William's father got off the load of wool, unhitched the horses from the wagon, mounted one and lead the other, telling William to stay on the wagon and watch the wool, that he would be back as soon as they got Uncle John buried, reminding him that there was plenty to eat in the grub box. Jeremiah came off the mountain, hitched his team to a buckboard and drove to White Rocks where he made a coffin and buried his brother. Before Jeremiah left to come back, Aunt Rache, Uncle John's wife, who had been ailing, died also, and he had to make another coffin and bury her. It was nearly a week before Jeremiah got back to where he had left William. William had eaten everything, and had even searched the grub box for crumbs.

When William was sixteen and the only child left at home, his father decided that he and William would remodel their big two story home. They jacked the roof up and went around and around the house taking it down a brick at a time until they took the top story off and lowered the ground floor ceilings from eleven down to nine feet. They also took out the old cobble rock fireplace, replacing it with a new modern heating stove that burned coal.

On October 19, 1901, when William was eighteen, he married Beatrice Howarth. They bought a tract of land about a mile west of the Davis Ward Chapel, which extended back to the north about a half a mile. Two children, Monellie Marie and Clarence James were born while they lived here. William later bought a farm in Maeser ward not far from his father's, it was here that Bessie and Beatrice were born.

When the Indian Reservation was opened for homesteading, William filed on a piece of land in Hancock Coul near Roosevelt. He went into the mountains for logs, built a cabin and made pens and sheds for his animals, and did all that was necessary to secure his claim. It was also part of the agreement with U.S. government that one must live on this land. William's wife Beatrice was in poor health and the nearer the time came for him to move the family to the reservation, the more William realized that his frail little wife would never be able to stand the stress and strain of pioneer life. So one night after dark he loaded all of his belongings on his wagon and went back to Vernal. He was glad that his neighbors could not see his heavy heart. The following March Beatrice died leaving him with four small children and the baby only six weeks old.

Nov. 9, 1909, he married Emma Estella Woodruff, they had two daughters, Virginia and Clara Margaret. The following three and a half years were exciting and challenging to William. He bought his father's farm, went into the cattle business with his brother Ward. They ran their cattle on Taylor Mountain. William led a very busy life, buying and trading for cattle and caring for his farm. While driving a herd of cattle from Lapoint, word came to him to come home that Estella was very ill. Two days later, March 5, 1913, she died. The doctor diagnosed her illness as spinal meningitis. William was left with two more motherless children.

On March 21, 1914, William married Emma Elizabeth

Hughs. To this union were born six children, Winona, William George Hughs, Beulah, Chester Reed, Leathmae, and LaRena. This period of William's life was very satisfying and fulfilling, yet very busy. He loved farming and raising livestock, he pruned and cared for the orchard, harvesting and marketing beautiful fruit. He sold his cattle and went into the sheep business, he proved upon grazing homesteads at Dripin Rock near Rangley Colorado, where his sheep wintered, and then he would trail them to the summer range at Paradise Park on Moseby Mountain.

A public service that brought great satisfaction to William was assisting during the construction of the Maeser Ward Chapel in 1929. He took a very active part in soliciting and serving on committees to raise funds for the building.

After retiring he took great pride in raising a garden every year, which he shared with his many friends. William died January 4, 1959, in the Uintah County hospital, after an illness. His wife Elizabeth preceded him, she died Aug. 19, 1943.

MANELLIE MARIE MURRAY

Manellie Marie Murray, born June 2, 1902, in Vernal, Uintah County, Utah, to William Ashby and Beatrine Manellie Howarth. Nellie became partially blind with a childhood illness. Grandmother Mary Murray took her to Salt Lake City doctors, trying every way to get help for her. Like the good Murray blood in her veins, this was no handicap for her at all. She learned all the house making skills, cooking, sewing, crocheting and became an asset to her family.

Nellie worked as a housekeeper, and at the hotels, and restaurants Nellie always had a job. She married Orin Reich, in Vernal, Utah, April 17, 1923, and lived there for several years.

Lawrence Eugene was born in Vernal, and Dorothy was also born in Vernal. They moved to American Fork, Clarence Ralph and Carol Ann were born there. They moved to Ely, Nevada where they spent several years.

Nellie sewed dresses for her little girls with the aid of a guide that fit onto her machine. Nellie was a good house keeper. Nellie lost her son Ralph in World War II.

On April 25, 1951, Nellie and Orin were divorced. Nellie took Carol Ann and worked as a house keeper for Frances Horrocks all one winter in Las Vegas, Nev. and made her home in Las Vegas. She organized an American Legion Auxiliary and the Gold Star Mother project. She was active in the blind center there also, and taught sewing and hand work.

Nellie learned of the death of her son Lawrence Eugene. In South America they lived on a plantation in the interior and she could not get any word to or from his family. He was buried the day after he died.

Nellie loved her family and the aunts and uncles. Especially the cousins, and was proud of her Murray heritage.

ROY ALLEN COOK GALYEAN

I was born in McGill, Nevada, to James Cook and Dorothy Reich, but was raised most of my childhood by my stepfather, Robert Galyean and mother in Wyoming. I had my named changed legally to Galyean. I spent my grade school years in Wyoming and junior high and high school years in Colorado where we moved after my stepfather died. Upon graduation I moved to Las Vegas, Nevada, where I now live, to attend the University of Nevada, Las Vegas. I received my degree in Business Administration and Accounting. During this time I had to put my college aside for a few years to serve in the army. I spent most of the time serving at Ft. Hood, Texas. I worked for a number of years with an accounting firm and then was invited to join the Union Plaza Hotel as their comptroller, at which time I became treasurer of the board. A year ago I became vice-president of finance to the Scoot Corporation, who is the owner of the Union Plaza.

I enjoy hunting and fishing but have little time to take an active part. I bought a cabin near Las Vegas and enjoy fixing it up in my free time. My favorite sport is basketball and I attend every game of UNLV Runner Rables. I enjoy them so much that my wife and I travel to various parts of the country to watch them play.

I met and married my wife, Nancy, while we both attended the University of Nevada, Las Vegas, where she received her degree in education. She taught school for a number of years before she had our three children. She is active in various clubs and has held many positions with each. She enjoys playing on a tennis team and just started this year to take up skiing.

We have three children who keep us busy with their games and bundle of energy. Gregory who is eight plays soccer and baseball. He has also tried skiing this winter and likes it. He was baptized this past week and likes Church and Cub Scouts. Jeffery also plays soccer and likes swimming and enjoys all active games. He is six years old and is in the first grade. He is a very loving and giving boy, also likes to express his feeling for others. Alanna is four and goes to pre-school. She likes to swim and she takes gymnastics classes. She likes to be dressed up pretty in dresses. She has a very positive outlook about herself and is very determined about her likes and dislikes. She should be a leader like her mother.

Michael, Toni, Courtney, Steven, Stephanie, Steve Allen.

TONI COOK ALLEN

I was born in Rupert, Idaho, to the parents, James Cook and Dorothy Reich. William Ashby Murray was my great-grandfather through my mother's side of the family. When I was small, my sister and brother and I were raised in Wyoming by our stepfather, Robert Galyean and mother. In 1956 my stepfather died and our mother moved us to Grand Junction, Colorado. We lived there five years during which time my sister married and my brother graduated from high school. My sister still lives in Colorado but we moved to Las Vegas so my brother could attend college. I was attending high school and I also received my license for the state of Nevada as a Hairdresser.

I met and married my husband while we were in high school. I have now lived in Las Vegas for twenty years and feel this is my hometown. I love the people and the opportunity this beautiful city has to offer. I enjoy skiing and tennis is my one love of sports. I play on a city league for the Tropicana Hotel with my sister-in-law. We now hold first and second place trophies for our playing the past two years. I also teach Primary and coach the senior girls basketball team. We came in first place this year and I feel that is a great achievement, mainly because I've never played the game. But I've had experience warming the bench while my three children and husband play on many teams.

My husband, Steve, having been born in Las Vegas, is a native of 35 years. Steve is a graduate of the University of Nevada, Las Vegas where he received his degree in Business Administration. He is self-employed and has his business in property development and property management. His main business is in small shopping centers of which he has developed about five or six. He also enjoys working with his friends putting together deals for investment or income projects. He is active in sports, coaching his sons in city league and playing in city and church league himself.

We have built our own home and enjoy it with our four children, who are a special blessing to us. Michael who is seventeen and a junior in high school, is active with

church and he enjoys tennis and skiing. He plans on going to BYU and would like to go on a mission for the church. Michael is also in the top of his class for grades. He is very smart and loves to learn.

Stephanie is fourteen and in the ninth grade. She enjoys school, sports and her many friends. She also enjoys Church of which she holds and does many jobs. Her sport is skiing but does like any other sport that is playing for the season.

Steven is twelve and is active in all sports. He plays on teams in football, basketball and baseball. He is the shy one of the family and has just joined the Church as of last week. He loves being with us, his family, and has a great compassion for his loved ones and friends. Courtney is the joy of all of us, being the baby in a family of older children is a position she takes great joy in having. They all tend to spoil and love her to a great degree. She is extremely smart and loveable and we hope she develops many interests as she grows.

We have a great love and respect for each other — fight a lot, but we have a special family and we are grateful for this. We also are glad to be a part of the Jeremiah Hatch Murray family and hope one day to meet others of his descendants.

Clarence James Murray was born December 28, 1903 at Vernal, Utah, the son of William Ashby and Beatrice Monellie Howarth Murray. He was the second child in a family of four having one sister older and two younger than himself. His mother died when he was three years old.

He and his sisters made their home with their grandparents for a few years until their father remarried. He suffered with rheumatic fever as a child which left him with a heart condition.

Clarence received his schooling at the Maeser School. Due to the man power shortage during World War I he went to herd sheep so his education was limited. Shortly after the war he and his father formed a partnership and bought a herd of sheep.

On September 1, 1928, he married Ruth Nyberg. In the spring of 1929 Clarence sold his part of the sheep business and bought a farm in LaPoint. The drought and depression of the early thirties made it necessary for them to leave the LaPoint area.

They then moved to Whiterocks in 1935 where they lived for 21 years. Clarence was a farmer and rancher and took great pride in his livestock. He enjoyed driving a good team and always had a saddle horse to be proud of. When the horse power days were over he was one of the first in our area to have mechanized farm machinery. He was a hard worker and always had the best crops in the area. He taught all his sons the value of good honest work. There was nothing he enjoyed more than getting a run down piece of ground and developing it into a productive acreage. He believed in purchasing the best seed available.

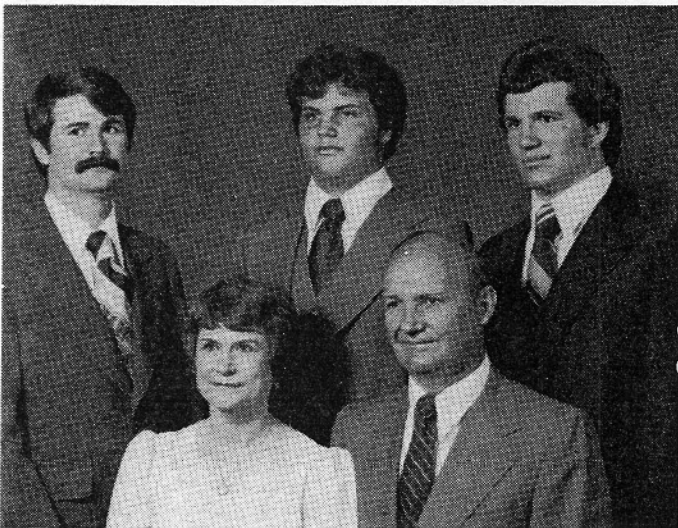

While living in Whiterocks the Whiterocks Ward was organized. There the Murray family became active in the church. Both Clarence and Ruth held leadership positions

in the Whiterocks Ward. Clarence being Sunday School president and Ruth, president of the YWMIA along with various teaching positions at the same time. The Ward was small and everyone worked hard to build the little Chapel, but it was a joyful and satisfying experience and there was a close bond of fellowship and brotherhood among the members.

On the 29th of July, 1952 Clarence and Ruth received their endowments in the Logan Temple and had three of their four sons sealed to them. Their second son David Howard was in the U.S. Navy at this time so he was sealed to his parents a year later just three weeks before his 21st birthday.

In the fall of 1955 they purchased a ranch in Myton. Moving there in April 1956. This was another challenge for Clarence this ranch was run down and required a lot of hard work. He filed on water and improved springs and improved his water supply and soon had crops to be proud of.

In the fall of 1964 Clarence began to have trouble with his heart. His doctor in Roosevelt referred him to a heart specialist in Salt Lake City. He was treated there for about a year then he was advised to have open heart surgery to repair the damage that had been done by the rheumatic fever he had suffered as a child. The surgery was not successful and he passed away March 12, 1966. Clarence was a kind and loving husband and father. He loved his home and his family. He was a good neighbor and all who knew him loved him.

Carole Lee Bennion, born June 6, 1942 in Vernal, Uintah, Utah. Baptized Aug. 5, 1950 and endowed June 5, 1962. Married June 5, 1962 to Francis Andrew Palmer.

Beatrice M. Bennion was born February 12, 1907 to William A. Murray and Beatrice Howarth Murray. My mother died March 22, 1907, leaving three other children, Nellie, Clarence and Bessie. Dad needing help with the family moved in with grandmother Murray. No milk available at this time agreed with me. My Aunt Lizzie Karren took me to her home so I could be breast fed along with her baby, Victor. When I was two years old, my Father married Aunt Stella, November 9, 1909. At this time they took me to their home so we children could be raised together. Aunt Stella was a wonderful mother, but unfortunately on March 5, 1913, she died suddenly with spinal meningitis. She left along with me, two little girls, Clara and Virginia. Grandmother Murray again moved in with Dad to assist with the family. The Karrens who had become attached to me, at this time wanted me back to live with them. Dad consented to this arrangement and this became my permanent home. My Uncle Dave and Aunt Lizzie were always kind to me and treated me as one of their own. I had a secure good home and a very happy childhood with the Karren family. Lula Karren, through two and one-half years younger than I was, we had a special relationship working and playing together. This close relationship has carried throughout our lives. I also experienced a closeness to all the family.

The summers while homesteading on Blue Mountain were both exciting and unique. We looked forward to going to the homestead and living in the cabin during the summers while proving up on the land. The first eight years of my schooling was in a four-room school in Ashley Ward. I graduated from Uintah High School in 1926. I received my teaching certificate from Brigham Young University in 1928. I taught the second grade at Central School in Vernal from 1928 to 1932.

On January 30, 1932, I married Enos Leland Bennion

at Price, Utah. We were parents of three children: Enos Leland, born April 1, 1933; David K. Bennion, born January 2, 1941, and Carol Lee Bennion, born June 6, 1942. Lee operated the Bennion' ranches which he was owner in an undivided interest with his brother and sister. He also kept books for Ashton Brothers Company. On March 11, 1962, he died suddenly of a heart attack. Out of necessity and loneliness, I worked at the Ute Trading Post. Then later I worked as a clerk at Hotel Vernal.

After David left for school I closed up my home and lived at Motel Utah where I was manager for six years. At this time I retired in a nice home where I presently live. I keep busy with my hobbies, sewing, handwork and gardening. I have nine grandchildren, four boys and five girls.

On October 18, 1956 he married Marilyn Robins, a daughter of Lila Lois Chivers and Stanton Leonard Robins. On Oct. 9, 1910, in the forenoon of a nice fall day, Dr. Martin delivered a baby girl to William Ashby and Estella Woodruff Murray. Such a disappointment. I should have been a boy.

The Murray family was an extremely happy family so naturally I was a happy child. When I was 21 months old my mother died very suddenly; my sister Clara was eight months old and physically not the strong baby that I had been. My dear grandmother (Mary Ashby) moved into our home, Clara became so dear to her heart but it didn't bother me any because I was Dad's girl.

Grandmother had so many responsibilities caring for us children. Nellie, our oldest sister, had lost her eyesight. Brother Clarence had leakage of the heart and rheumatism. He spent many days in bed and he cried a lot for his Aunt Estella. Bessie was a happy mischievous child, so lovable and jolly and quite pretty. Little Beatrice never caused any ripples but rough me was always in the way, so Dad took me with him. Most places he went I was perched on the wagon seat or holding on to his belt behind the saddle, at the age of two I was riding along side of Dad on my own horse, old Dutch. Old Poker, my Dad's small dog was much in my company when we were out driving livestock, he was valued as much as any hired man.

Dad remarried, Grandmother took Clara and moved back to her own home. I joined them before I started to school at Maeser. So often at evening time Grandmother would sit on the porch with us and enjoyed the twilight but in winter time a piece of wood was placed on the fire and we would sit around the stove and watch the glowing embers, and Grandmother would tell us stories about England and her early days in America. Clara and I never tired of these stories. It was a happy time in my life.

Grandmother died when I was eleven years old, Sister Nellie came and cared for us, and sent us to school. I finished grade school, I stayed in town and worked for my board and finished High School. I was quite on my own.

While staying with my sister Bessie in Craig Colorado, I met Elmer Trevenen. We were married November 19th, 1931 and began our lives together in Las Vegas where Elmer worked on the Boulder Dam. He was gassed in one of the partials. The doctor advised salt air so we moved to Maliban Park. When Elmer recovered we made our way north to Douglas County Oregon, even though the depression was well upon the country, we did well and even saved a few gold pieces. It was here that our twins were born. They were premature and so tiny the Doctor feared for their lives. I too was so very ill and weak. Elmer was so patient and took such good care of me and the

babies as well as caring for Bobby. At this time, my sister Bessie died and it was a great blow to me.

We were both homesick so we moved back to Utah and from there back to Craig. We arrived in Craig just in time to help organize a new branch of the Mormon Church and to help build a new chapel. As second counselor I was a member of the first Relief Society Presidency in Craig. Many of the first meetings of the church were held in our home.

We have a family of five children, Robert Ray Trevenen, a son by my first marriage and adopted by Elmer, Deborah, born July 12, 1932, Delores, born July 12, 1932, Flora Jean, June 7, 1939, and Thomas Elmer, born July 2, 1943.

Married Archie Dee Jenkins September 28, 1931. Our marriage was later solemnized in the Salt Lake Temple. We have four children, Estella (special education teacher), Karl Dee (engineer for Hughs Tool), Elaine (teacher - secondary and elementary), Cody (stockman farmer and school teacher).

We graduated in 1931, Dee and I had come up through the grades together. I am a member of the Church of Jesus Christ of Latter-day Saints and have been active in the auxiliaries serving in nearly every capacity.

In 1948 we purchased and made our home on the old Murray farmstead. I have enjoyed my life as a farmer's wife and the privilege of raising our family in the same lovely surroundings that my father grew up in, which had been hewn out of a wilderness by my grandparents.

I received an award for meritorious service as a 4-H leader. I served as a leader for fourteen years. I also served on the State 4-H Council for several years. At present I am a member of Uintah County Hospital Board.

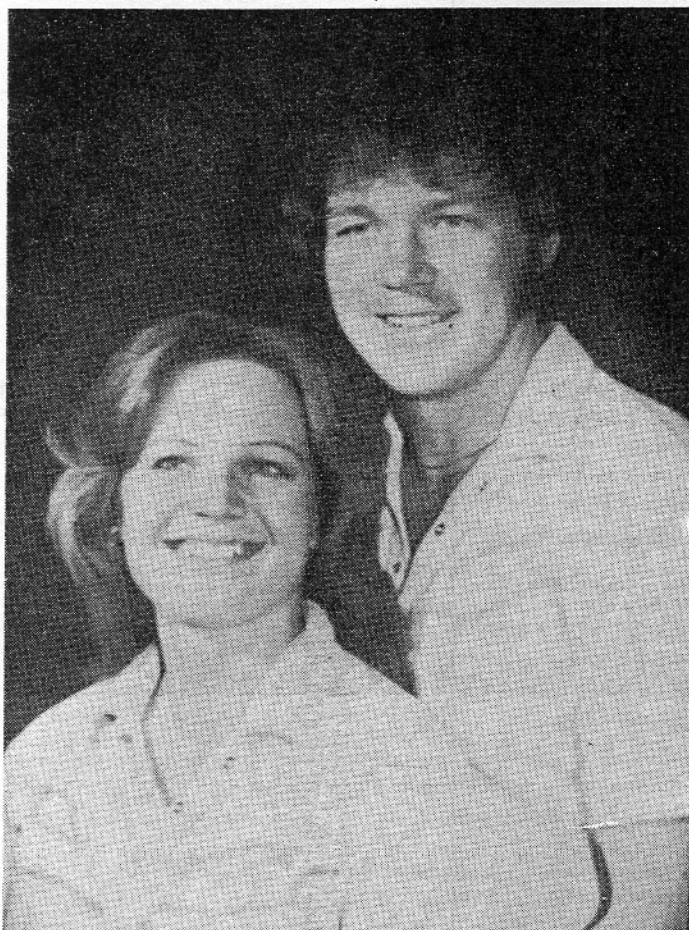

I have been blessed with many great pioneer ancestors and I will be forever grateful for their sacrifice and for the rich and noble heritage that they have passed on to their posterity.

Corena was also born in Vernal, December 27, 1934 and is the daughter of Winona Murray and Ben Mondragon.

These children are Susan Alana, born July 4, 1955 in Tooele, Utah and Paul John Smith, born January 31, 1962 at Ft. Leonardwood, Missouri. While they lived in Missouri Janet Lucille Stevenson was invited to live with them. She snuggled into the Smith family so well that she was adopted and sealed to this couple. Corena was a member of the Church of Jesus Christ of Latter-day Saints when she married. She was baptized May 1, 1943. Jack became a member of the same church with his baptism July 31, 1965. WILLIAM G. GRIMES

On March 10, 1972, William Gerald Grimes, Jr., and I, Janet Lucille Stevenson, took our wedding vows and were married for time and all eternity in the Salt Lake Temple. For us it was a very special day and we were able to share it with our family and a few very close friends. We celebrated with a small reception in my family's ward.

Janet Lucille Stevens and William G. Grimes Jr., Laurel Elizabeth, and William Smith Grimes.

Since Bill and I knew so few people, those attending were members of the ward and some very close family friends. Bill was just back from South Viet Nam and had not many friends in Utah as yet, except for one, his best man who was a resident of Ogden, Utah, and had been his best friend while in the army and stationed at Ft. Leonard Wood, Mo.

Our first home was a small apartment in the Holladay area of Salt Lake City. I worked at a local wig shop while Bill took classes at Utah Technical College. We became members of the Winder Eighth Ward in the Winder Stake, a very old stake in the valley. We were quickly given positions in the ward and began friendships which we still enjoy today, eight years later, as we are still members of the same ward.

On May 31, 1973, our first child was born. She was a bundle of pink except for a head of dark hair. She was given her grandmother's name and a name that I had loved for years, Laurel Elizabeth Grimes, now 6½ years old and is in first grade at William Penn Elementary School.

As our family was beginning to grow we decided to buy a home and take up permanent residence. We bought our home in Feb. 1975 and the move was only two blocks south of our first apartment.

On Nov. 27, 1976, our second child, a boy, was born. He was a Bicentennial baby. He was given his father's first

name and carries the last name of his grandfather, whom he knew in heaven. He is called William Smith Grimes and is now three years old. One of his very favorite people is his uncle, Paul John Smith, who still calls Billy by his nickname — Boo.

We continue to work in the Church and receive many blessings through our callings. Bill is the stake athletic director and I was recently called as a counselor in the Relief Society. Our life here in the Salt Lake Valley is a very happy one, even though we continue to dream of moving back to Missouri where Bill and I were born and spent many years growing up.

The love and companionship we share with my mother, Corena, and my brother, Paul, knows no limits. And the visits we make to Vernal, Utah to see my sister, Susan, and her family are always a loving and enjoyable experience.

At this time Bill is working for a small independent chemical company and I continue to hold the position of wife and mother, staying in the home.

The Douglas Lynn Murray family began when Doug returned from his mission to the Southern States in September 1970. His sister, Susan, was attending college and brought her roommate, Lin Nolt of Tacoma, Washington, home with her the weekend after Doug returned. Doug and Lin hit it off immediately and soon began dating off and on.

Soon after Doug's return he received an Army induction notice and immediately enlisted in the U.S. Air Force. While he was stationed in Denver he and Lin agreed to marry and were sealed in the Idaho Falls Temple in June of 1971. They set up house in Denver and lived there until December 1971. For the next year they lived in Albuquerque, New Mexico where Doug was stationed. In March of 1971 Alisha was born.

In December 1971 they moved to England and lived near Cambridge in East Anglia. The next 3½ years were the most enjoyable they had ever experienced. They were active in ward and stake jobs but found time to tour most of England and Scotland. During one of their trips to Scotland they spent a lot of time around Melrose, Roxburghshire, the birthplace of Jeremiah's father, John Murray. They also discovered Crosslee Farm in Stow where David Murray, John's grandfather, lived before he moved to Melrose. The rest of Scotland was toured that and succeeding summers.

It was the glory of Scotland that inspired Doug to write the biography of John Murray. John's history was the beginning of the Murray's in America and copies are available through the Jeremiah Hatch Murray Family Organization.

During their time in England Alexander Ian was born. This was in February 1975. He was given Scottish forenames to match his Scottish last name to always remind him of his roots and the great heritage he bears.

They came back to America in the spring of 1976 and lived in Denver until the summer of 1978. Their second daughter, Vanessa, was born there in December 1977. While in Denver Doug finished his Bachelor's degree in Psychology and was commissioned an officer in the U.S. Air Force.

Their next assignment, and current one, was to Tucson, Arizona. Here Doug earned his Master's degree in Psychology, Counseling and Guidance and is on his way to a promising career as an Air Force officer. Lin is a home maker who also teaches private clarinet and guitar lessons. Alisha is in second grade and in the top of her class in reading and arithmetic. Alex and Vanessa are both anxiously awaiting school. All of the family members are active members of the Tucson Ninth Ward, Tucson Arizona East Stake.

In 1973 Pam and Paul bought an acre of land in Riverton, Utah, and built their first home. They moved into it on January 1, 1974.

Pam and Paul had their first child, a boy, on April 25,

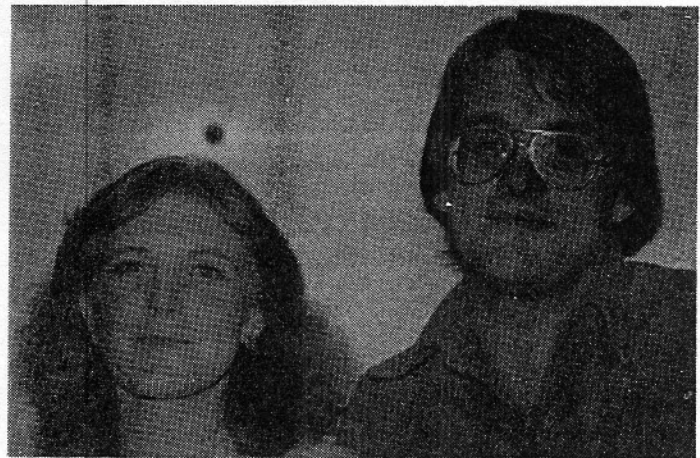

1975. His name is Casey McCarrel Bennion. He is a light-haired, handsome boy who is interested in model cars, boats, and sports. He enjoys fishing and camping with his parents and wants to learn to water ski.

On June 8, 1977, another boy was born to Pam and Paul. They named him Kelly Paul Bennion. He was born on his father's birthday. Kelly is an intelligent, loving boy who likes fishing, riding horses and playing football.

Paul has worked in Salt Lake City for most of his life, and is presently employed at Great Basin GMC. Pam has worked most of her life in Salt Lake also, and since 1971, has been employed at Blue Shield of Utah, working part-time. She enjoys her position there as a national claims adjudicator.

Pam and Paul enjoy their hobbies of fishing, trap and skeep shooting and boating. They spend their summers fishing in the Uintah Mountains, at Strawberry Reservoir and Lake Powell. Pam and Paul are enjoying their lives with each other and their children as each year they are able to travel more with the children and show them new places of interest and new things to learn and do. This family loves the outdoors and plans on always being interested in all that is around them.

(In addition to the portrait of the Bennion family, Pam did the photography for the families of William Grimes, Thomas Stanely and Corinne and Paul Smith.)
